Applicant:	Shire of Corrigin
Location:	Shire of Corrigin
Date:	21 March 2017
Reporting Officer:	Taryn Dayman, Deputy Chief Executive Officer
Disclosure of Interest:	No interest to disclose

SUMMARY

Council is requested to approve the unbudgeted expenditure for the engagement of a consultant to provide a building assets data collection and condition assessment.

BACKGROUND

All local governments are required to plan for the future of their district under s 5.56(1) of the *Local Government Act* (Act).

Sections 5.56(1) and (2) of the *Act* outlines the minimum requirements to achieve this. The minimum requirement of the plan for the future is the development of:

- A Strategic Community Plan; and
- A Corporate Business Plan.

The Shire has engaged Moore Stephens for the assistance in the review of the Strategic Community Plan and Corporate Business Plan, as well as informing strategies Long Term Financial Plan, Asset Management Plan and Workforce Plan.

The Asset Management Plan (AMP) requires a great deal of improvements, to ensure the plan is detailed and linked to all other plans.

In order to develop a detailed and workable AMP, it has been recommended that a building assets data collection and condition assessment be completed. This assessment will allow staff to understand the current asset condition, providing current service levels and the asset maintenance and improvements required to retain the asset and the current level to meet future needs. This will assist in the development of future maintenance and capital programs, which will be linked to other plans, especially the Long Term Financial Plan.

COMMENT

Quotes have been sourced from suitably qualified consultants to provide the building assets data collection and condition assessment data for approximately 100 building assets. Quotations received ranged in price however two (2) quotations were within an acceptable amount from suitably qualified consultants at a price of approximately \$15,000.

Funds for the Integrated Planning and Reporting (IPR) consultant were included within the 2016/2017 annual budget. However those funds have been allocated towards the consultation work provided by Moore Stephens. No budget allocation was provided for the building assets data collection and condition assessment.

STATUTORY ENVIRONMENT

Local Government Act 1995 s6.8

6.8 - Expenditure from municipal fund not included in annual budget

- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —
- (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
 - (b) is authorised in advance by resolution*; or
 - (c) is authorised in advance by the mayor or president in an emergency.

* Absolute majority required.

POLICY IMPLICATIONS

There are no direct policy implications in relation to this item.

FINANCIAL IMPLICATIONS

An additional expenditure of approximately \$15,000 under COA 04118 – Member consultancy fees. Amount to be included in the budget review with an offset by other identified budget under expenditure, ensuring that the budget review surplus/deficit remains at \$0

It is noted that this process is not definitive as each month additional items and/or actions may be identified and are then added to the monthly checklist workload. Some items may not always be completed each month and will be suitably notated.

There are no identified matters of non-compliance to report for the month of February 2017

8.2.3. TENDER FOR SALE OF LAND – LOTS 1-16 AND 18-33 GRANITE RISE ESTATE, CORRIGIN

Applicant:	Shire of Corrigin
Location:	Corrigin Townsite
Date:	21 March 2017
Reporting Officer:	Rob Paull, Chief Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	RFT 01/2017
Attachment Reference:	Nil

SUMMARY

This item relates to the outcome of disposing of 32 lots at the Granite Rise Estate Corrigin under public tender in accordance with s3.58 of the *Local Government Act 1995*.

BACKGROUND

As part of its long term development program for Corrigin, the Shire developed a 32 residential lots subdivision known as Granite Rise Estate. Council has made allowance in the 2015/16 Budget for the sale of the Granite Rise Estate based on the reserve price for the lots as determined by Council in August 2014. When disposing of property, a local government is required to comply with the provisions of s3.58 of the *Local Government Act 1995* whereby local government property is to be sold by public auction or tender.

The *Local Government (Functions and General) Regulations* (Reg. 30) allows for the sale of property other than by tender or public auction provided it is undertaken within six months of Council putting the sale of land out for public tender. At the Ordinary meeting of 21 February 2016, Council resolved as follows:

“That Council:

- 1. Authorises the Chief Executive Officer to offer for sale by Public Tender, Lots 1-16 (inclusive) and 18-33 (inclusive) Granite Rise Estate, Corrigin as required by Section 3.58 of the Local Government Act 1995.*
- 2. Requests the Chief Executive Officer to refer the matter back to Council at the conclusion of the Public Tender.”*

COMMENT

The Shire has pursued the sale of lots under a public Tender (01/2017) through State wide advertising in the *West Australian* and *Narrogin Observer* newspapers and on Shire notice boards. However, no tenders were received. Council would also be aware that demand for residential land at Granite Rise has not been strong and for the foreseeable future, demand will continue to be weak until a new economic driver within the locality is established.

It is considered appropriate to follow a similar arrangement for pricing of lots as provided for in the Tender 01/2017.

It is noted that Tender process has again not had an outcome where any tender bids have been received. Council may wish to consider other means to encourage land sales and in this regard, it may be appropriate to refer the sale of land at Granite Rise to the Working Group and consultant associated with the Economic and Tourism Strategy for advice and consideration.

8.2.4. SUBDIVISION APPLICATION WAPC NO: 154863 - LOT NO'S 202, 203 AND 3 DRY WELL ROAD CORRIGIN

Applicant:	Peter Gow on behalf of Strathmore Pty Ltd
Location:	Lot No's 202, 203, 3 Dry Well Road Corrigin
Date:	12 March 2016
Reporting Officer:	Rob Paull, Chief Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	A215
Attachment Reference:	N/A

SUMMARY

Council is requested to provide comment of support to the Western Australian Planning Commission (WAPC) in respect of the subdivision Lot No's 202, 203 and 3 Dry Well Road Corrigin.

BACKGROUND

Subdivision Application Process

Application to the WAPC for subdivision approval is initiated by a landowner and/or applicant. Application forms, any explanatory documents and plan(s) are lodged with the WAPC and assessed on its behalf by the Department of Planning. If the WAPC is of the opinion that the subdivision may affect the functions of a local government, utility provider or public agency, it may (under s142 of the *Planning and Development Act 2005*) refer the application for objections and recommendations. In reality, almost all subdivision applications are referred.

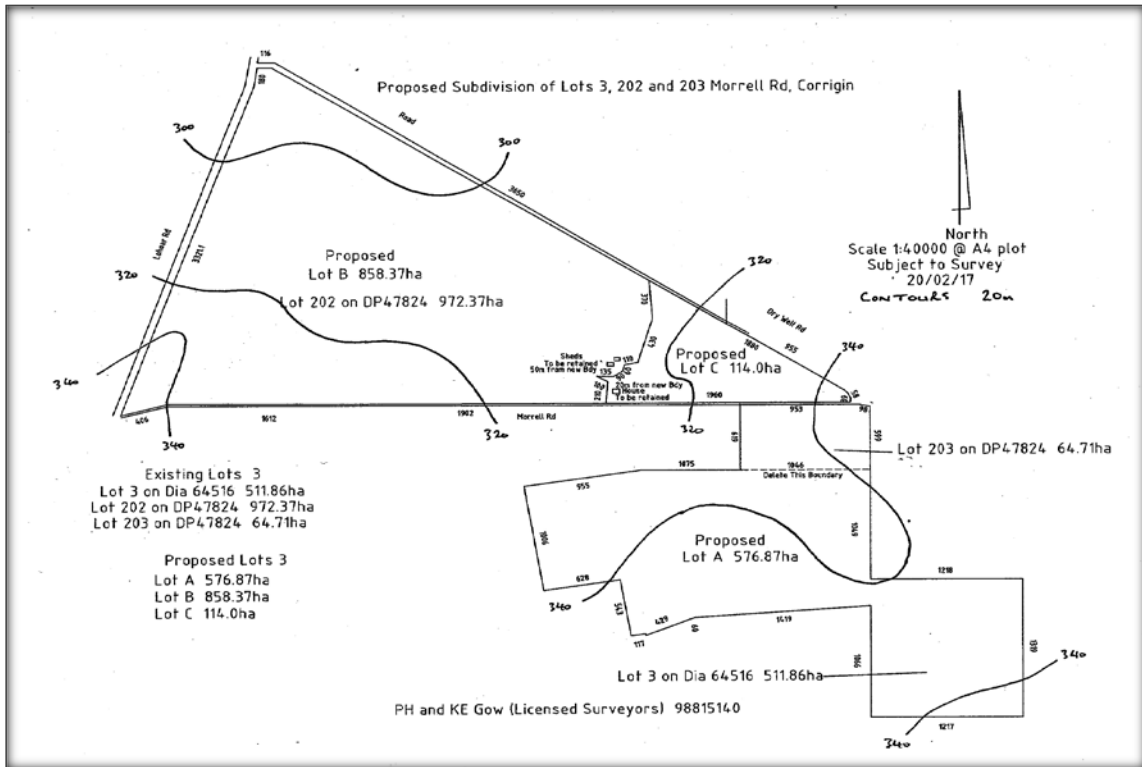

The Act provides referral agencies with 42 days to respond, unless otherwise agreed, and if referral advice is not received in this timeframe there is deemed to be no objection and no requested conditions. The WAPC may consider some referral agencies' advice to be critical to the assessment of an application, and on that basis can provide referral agencies with additional time to provide a recommendation. The Department assesses the application, recommending to the WAPC that the application be refused or approved with or without conditions (using the Model Subdivisions Schedule as a basis for the condition setting). In accordance with s 145 of the *Planning and Development Act 2005* an approval may be granted for a 'prescribed period', which is defined as four years for applications involving more than five lots (excluding common property) and three years in any other case. The subdivision can be constructed in accordance with the approval conditions.

The landowner and/or applicant is responsible for obtaining the 'clearance' from the agency prescribed with the responsibility for 'clearing' the relevant condition. Additionally, they are responsible for advising the WAPC that the requirements of the condition have been fulfilled so that the WAPC are able to endorse the diagram or plan of survey of subdivision. Subdivision conditions are to be drafted to include a clearance agency and when no clearance agency is nominated the WAPC is the nominated clearing agency. As all subdivision conditions are to the satisfaction of the WAPC, the WAPC will arbitrate if there is a dispute as to the clearance requirements.

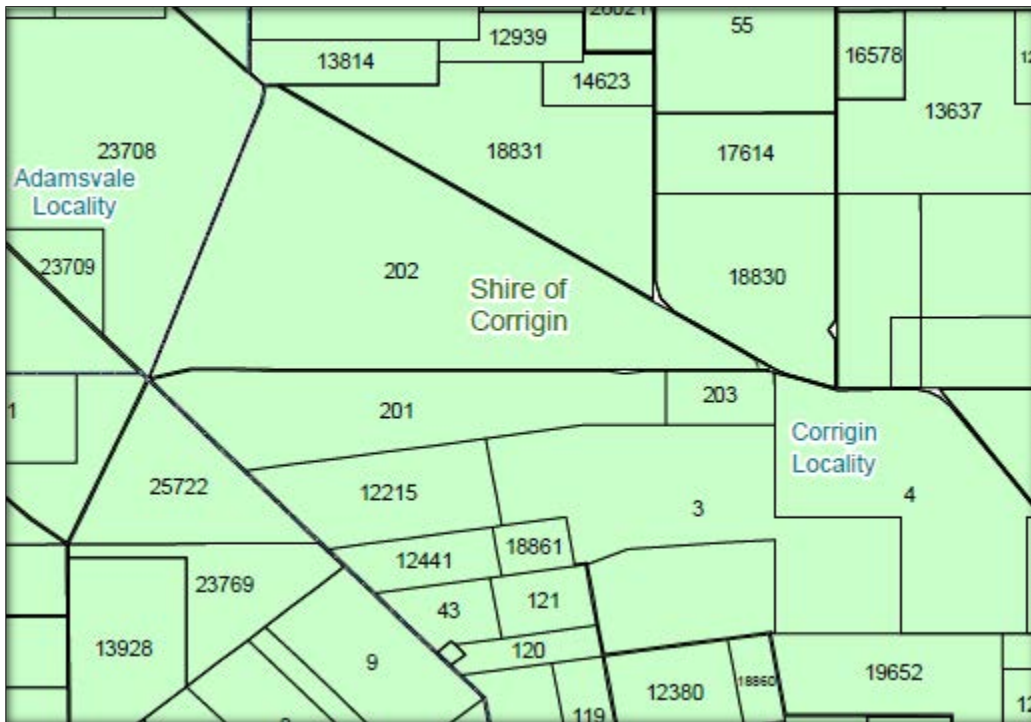

COMMENT

Subdivision Application WAPC 154863

Subdivision Application WAPC 154863 seeks a boundary realignment of the land (classified as 'subdivision') to enable the house on Lot 202 to be retained on a smaller title (proposed Lot C) with the existing sheds on a separate title (proposed Lot B). The proposed subdivision will not create any new or additional building entitlements.

The land is zoned 'Rural' zone under the Shire of Corrigin's current operative Town Planning Scheme No.2 (TPS No. 2).

TPS No. 2 has the following Objectives and provisions relevant to the application:

“3.5.4 Rural Zone

The use of land in any Rural Zone shall be consistent with the following objectives:-

- a) *To ensure that a right of vehicular access unfettered as to time place and circumstance exists to any land which is the subject of any application for planning approval.*

- b) *To ensure the preservation of the rural character and rural appearance of land within the zone.*
- c) *To protect the economic viability of rural zoned land via support only for subdivision or re-subdivision which enables the retention or promotion of lot or location sizes, which relate to the general farming activity in any particular locality of the Shire.*

7.4.4 General Local Rural Policy

In considering any support for the subdivision and/or development of Rural Zoned Land, within the Shire, Council shall in addition to the provisions of the Scheme, have regard to:-

- a) *The objectives for the Rural Zone laid down in Clause 3.5.4.*
- b) *Possible conflict between incompatible land uses as a result of subdivision and/or development within the Rural Zone.*
- c) *The fact that the existence of more than one dwelling house on a Rural Zoned Lot location should not be construed as a basis for Council support to the subdivision of the lot/location.*
- d) *Inappropriate subdivision and/or development generating problems relating to land drainage, water supply, bush fire safety and inadequate road access, which could result in additional cost to the community at large."*

It is noted that lots are located within *State Planning Policy SPP3.7 Planning in Bushfire Prone Areas*. This provides the foundation for land use planning to address bushfire risk management in Western Australia. As the subdivision does not create any additional lots, it is suggested that the Council recommend to the WAPC that it not apply a Bushfire Attack Level Assessment in this instance as any future approvals for dwellings etc will still be applicable. The application is in keeping with the provisions of TPS No. 2. In this regard, it is considered appropriate that Council not oppose the application and advise the WAPC that the Shire does not seek to impose any conditions.

- 2. Suggest to the WAPC that it not apply a Bushfire Attack Level Assessment to Subdivision No. 154863 in this instance as the subdivision does not create any additional lots and a Bushfire Attack Level Assessment will still be applicable in any future approvals for dwellings etc.*

8.2.5. PLANNING APPLICATION – PROPOSED PARKING AND (ONE WAY) ACCESS WITHIN BOTH LOT 377 AND PORTION OF WALTON STREET ROAD RESERVE, CORRIGIN

Applicant:	Corrigin Engineering Pty Ltd
Location:	Lot 377 and portion of Walton Street, Corrigin
Date:	15 March 2017
Reporting Officer:	Rob Paull, Chief Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	A1026
Attachment Reference:	N/A

SUMMARY

Council is requested to approve parking within Lot 377 and (one way) access within portion of Walton Street Road Reserve, Corrigin.

BACKGROUND

Lot 377 Walton Street Corrigin is occupied by Corrigin Engineering Pty Ltd. Walton Street is a conditional Restricted Access Vehicle (RAV) 7 route under MRWA's RAV Network. With Council approval, the company erected its administration office on Lot 377 with a 5 metre setback from the Walton Street boundary.

Although the setback is acceptable in both building and town planning provisions, it does not provide adequate allowance for workable onsite parking. The company is requesting Council consent to allow for a portion of the Walton Street Road Reserve to be used for 'one way' access to 45⁰ parking for the company and its clients. The arrangement sought would require entry from an existing crossover and a new (one way) exit to Walton Street. The applicant is to provide a steel barrier between the parking and the bitumen seal of Walton Street (which is not clearly shown on the submitted plan) to ensure that access can only be obtained from the crossover.

COMMENT

The land is zoned 'Industry' zone under the Shire of Corrigin's current operative Town Planning Scheme No.2 (TPS No. 2). TPS No. 2 has the following Objectives and provisions relevant to the application:

"3.5.3 Industrial Zone

In controlling development within the Industrial Zone, Councils objectives are to:-

- (a) Encourage the consolidation and improvement of industrial development into an area which has been appropriately located and serviced for that purpose.
- (b) Protect the amenity of zones abutting the industrial zone via the establishment of landscaped buffers and the imposition of landscape and setback land use conditions on any planning approval issued for industrial development, in conformity with the provisions of Schedule No. 7.
- (c) Ensure that no person erects a building in this zone, unless the facade of the building is constructed of and/or clad in a building material, to a design and specification approved by Council.”

The minimum car parking layout specifications are provided in Schedule No. 6 of TPS 2as follows:

Whilst the parking arrangements as sought are not ideal as land users should ensure that all parking is provided on site, the proposal is considered to be a reasonable and workable compromise of ensuring all parking is available away from Walton Street.

It is considered that a conditional approval be issued addressing matters such as access, signage and implementation of a barrier to Walton Street before the parking can be accessed.

8.3.1. SECONDARY FREIGHT ROUTE PROJECT

Applicant:	Shire of Corrigin
Location:	N/A
Date:	7 March 2017
Reporting Officer:	Rob Paull, Chief Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	TT 0001
Attachment Reference:	Attachment 8.3.1 - Letter to RRG from Regional Development Australia

SUMMARY

Council is requested to support co-contributions for the *Secondary Freight Route Project ('Project')* to originate from MRWA allocations to the Wheatbelt South and Wheatbelt North Regional Road Groups or any other funding source. Should the allocation referred to in 2. above not be forthcoming, Council is requested to consider an allocation in the Shire of Corrigin's 2017/18 Annual Budget for up to \$20,000,

BACKGROUND

At the 21 June 2016 Ordinary Meeting, Council considered the important collector roads/routes within the Shire of Corrigin and authorised the Shire President and the Chief Executive Officer to submit and negotiate with the road sub-group generally based on the important collector roads/routes plan. In this regard Council resolved as follow (154/2016):

That Council:

1. *Note the request from Main Roads WA's (Attachment 8.3.1A) that Council confirms which routes to be regarded as important collector roads/routes.*
2. *Endorse the important collector roads/routes within the Shire of Corrigin as provide for in Attachment 8.3.1B.*

Since the 21 June 2016 Ordinary Meeting, Regional Development Australia (Wheatbelt) has offered to take a coordinating role in seeking funding through the Federal Government's '*Building Better Regions Fund*' estimated to be about \$2,000,000 so as to prepare a business case and cost benefit analysis to complete planning up to Phase 5 of the *Project* (note Attachment 8.3.1).

COMMENT

It is understood that support for the funding arrangement was confirmed by the Wheatbelt North Regional Road Group at a meeting last week and where the Group resolved that in the event other monetary sources are unsuccessful, each Local Government be requested to make a 2017/18 Annual Budget allocation of up to \$20,000 towards the co-contribution. This same arrangement is expected to be considered by the Wheatbelt South Regional Road Group at its meeting on 4 April 2017.

STATUTORY ENVIRONMENT

Local Government Act 1995

Road Traffic Act 1972

Road Traffic (Vehicles) Act 2012

Road Traffic (Vehicle Standards) Regulations 2002

POLICY IMPLICATIONS

Whilst there are no known policy implications in relation to this item, identification of collector roads/routes in the Shire will enable Council to progress to the preparation of a policy along with a roads hierarchy.

FINANCIAL IMPLICATIONS

Should Council support the Project it is possible that funding may need to be sourced directly from local government. In this regard, it would be appropriate for Council to consider inclusion of up to \$20,000 in the 2017/2018 Annual Budget as a contribution towards the preparation of a business case and cost benefit analysis for the Secondary Freight Route Project.

COMMUNITY & STRATEGIC OBJECTIVES

The matter before Council generally accords with the following Shire desired outcome as expressed in the revised Shire of Corrigin Strategic Community Plan 2013-2023:

6.2 Focus area two: Developing Leadership

Goal Five: We want to strengthen our community’s position for the future

Strategy	Outcome
Maintain a resilient and independent Shire, with a clear vision for the future	A sustainable and progressive local government

Goal Six: We need good services to support our development as a Shire

2. *Support the required co-contributions for the Project to originate from MRWA allocations to the Wheatbelt South and Wheatbelt North Regional Road Groups or any other funding source.*

3. *Should the allocation referred to in 2. above not be forthcoming, Council consider an allocation in the Shire of Corrigin's 2017/18 Annual Budget for up to \$20,000, with the final amount dependent upon the required co-contribution and assuming that no other sources of funding are identified (i.e. worst case scenario).*
