## CEO's Corner

There is something very satisfying about cleaning up around the house and yard in preparation for the summer fire season. The crisp mornings and warm days are perfect for raking, mowing, mulching, burning and composting.

A reminder that the green waste tip is for branches, leaves, clippings and cuttings only. You can help to reduce the volume of your green waste through composting, mulching or recycling on site. Soil, bricks, building rubble, timber, plastic and pallets are to be taken to the Waste Transfer Station NOT the green waste tip.

There are plenty of gardeners keen for free or cheap supplies of animal manure, old hay or straw, shredded paper or other compostable material so please ask around or try local community pages instead of the green waste tip.

### **Blaze Aid**

Thank you to Bronny, Ron and the Blaze Aid volunteers who finished up in Corrigin on 5 May 2023.

The team started on 11 April and cleared 31.4km of burnt fencing and erected 8.7km of new fences across 9 properties.

### **CREC Roof Update**

The first part of the roof repairs over the change rooms has been completed and workers are expected back on site in mid June 2023 to complete the main roof repairs.

The water damage to light fittings and wiring has caused some failures of circuits lately but is expected to be fixed in the coming month.

### **It is a Busy Time**

The Shire team have been busy finishing off many projects as the end of the financial year comes to a close. Almost \$4million of capital works have been completed since July 2022 and there is more to come in 2023-24.

The timeframes for some projects have been extended due to the availability of materials and contractors. Many of our planned vehicle changeovers have been delayed due to extended supply timelines

The large road construction program has been completed and the outside crew have moved on to the maintenance of our road network.

The works team reconstructed approximately 5.55km on Rabbit Proof Fence Road and 2km on the Corrigin Quairading Road as well as widened the shoulders on 3km of the Bilbarin Quairading Road. The Old Kulin Road and Pontifex Road were gravel sheeted and 25km of bitumen roads were resealed.

The inside staff have been finalising accounts for the end of the financial year and working on the budget for 2022/23.

## GOODBYE AND WELCOME BREAKFAST

An enjoyable, but chilly, breakfast morning was had on Friday 12 May at Miss B's Park. Thank you to Gerry for organising a scrumptious breakfast spread for both the inside and outside crews, catered by the Corrigin Roadhouse and Mallee Tree.

This was to welcome new staff into the team, and to wish our departing staff goodbye and goodluck on their next adventure.

## HEAL CLASS

The wonderful ladies from HEAL (Healthy Eating and Living) returned to Corrigin for an added session with our community. This time they brought along a dietitian to further educate us on the importance of healthy, balanced eating.

Thank you to the HEAL ladies who provided such a brilliant service to the members of our Corrigin community.

## ROTARY PARK UPDATE

Rotary Park is still underway, with many developments to the park including the installation of the enormous blue slide. We can see all the great fun that the Corrigin community children will have on that piece of equipment.

Contractors will be back on site soon to finish the reticulation and kickstart the landscaping. The plants for the park have been ordered and ready to be delivered.

The park will finally come together through the winter period, so make sure to keep an eye out.

## WORKS CREW UPDATE

The Works Crew have been busy on the roads last month, and have done some minor repairs on the Tipton Road floodway, Lohoar Road culvert and replaced the box culvert on 68 Gate Road. Some gravel repairs have been done on both Branson Road and Willis Road. The crew has also been patching the roads, which has been an ongoing project for the past four weeks in May, both in town and out.

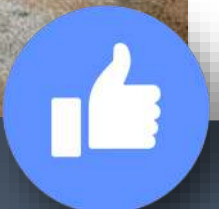

The crew has spent some time going around town fixing the gravel verges, and adding new plants to many different gardens.

If you have any requests for road or town maintenance issues, you are welcome to fill out a works request form at our Admin Office.

# HOME HEATING IS A MAJOR CAUSE OF HOUSE FIRES

## Stay warm safely this winter:

- ✓ Make sure everything is at least a metre from the heater.
- ✓ Never leave children unsupervised near heaters.
- ✓ Only use heaters that meet approved Australian standards.
- ✓ Never leave heaters unattended or on overnight.
- ✓ Check your heaters once a year. Worn out electrical cords or plugs should be replaced immediately.
- ✓ Always plug heaters directly into permanent power points and never overload power points and power boards.
- ✓ Turn off electric blankets before going to bed.
