Location:	Shire of Corrigin
Date:	16 August 2016
Reporting Officer:	Catherine Ospina Godoy, Manager of Finance
Disclosure of Interest:	No interest to disclose
File Number:	FM 0036
Attachment Reference:	Attachment 8.1.3

#### **SUMMARY**

This report provides Council with a list of all financial dealings relating the use of credit card payments for the period 28 May to 28 June 2016.

#### **BACKGROUND**

This information is provided to Council on a monthly basis in accordance with provisions of the Local Government Act 1995 and Local Government (Financial Management) Regulations 1996. A Local Government is to develop procedures for the authorisation of, and payment of, accounts to ensure that there is effective security for, which money or other benefits may be obtained.

Council is presented with the monthly accounts for payment at each Council meeting, providing information of payments made for the reporting period. This report includes the monthly payment of the credit card debit to the National Australia Bank.

#### **COMMENT**

Accountability in local government can be multifaceted, as councils seek to achieve diverse social, political and financial goals for the community benefit. The accountability principles of local government are based on strong financial probity, financial propriety, adherence to conflict of interest principles and expectations that local government is fully accountable for community resources.

This report provides Council with detailed information of purchases paid for using the Shire of Corrigin Corporate Credit Cards.

A monthly review of credit card use is independently assessed by the Finance Manager, to confirm that all expenditure has been occurred, is for the Shire of Corrigin and has been made in accordance with Council policy, procedures and the Local Government Act 1995 and associated regulations. The review by the Finance Manager also ensures that misuse of any corporate credit card can be readily detected.

This review has been conducted and no issues are evident and all areas of compliance have been met.

#### **8.1.5. AGE FRIENDLY COMMUNITY PLAN FOR ADOPTION**

Applicant:	Shire of Corrigin
Location:	Shire of Corrigin
Date:	16 August 2016
Reporting Officer:	Rob Paull, Chief Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	CS0051
Attachment Reference:	Attachment 8.1.5

#### **SUMMARY**

This report addresses the draft *Age Friendly Community Plan (AFC Plan)* and recommends Council adopt the *AFCP* and the recommendations therein.

#### **BACKGROUND**

The 2015/16 *Age Friendly Communities Regional Local Government Strategic Planning Grants Program*, run by the Department of Local Government and Communities, seeks to optimise opportunities for health, participation, and security by establishing policies, services and structures that improve the quality of life of community members as they age.

As a group, RoerOC (which consists of the Shires of Kulin, Kondinin, Narembene and Corrigin) have worked collectively on a number of joint projects and initiatives. RoerOC identified that this is a key project to continue to work collectively together, which will enable RoerOC to identify common findings and work together finding solutions for our region.

The *Wheatbelt Development Commission's Wheatbelt Integrated Aged Care Plan* clearly identified the need for RoerOC Shire's to gain a better understanding of WA State approach to Age-Friendly Communities, and identified the following actions for moving to a solution for Age Friendly Communities within RoerOC

- Gain understanding of WA State approach to AFC
- Consult and research priority needs among community using available WA tools
- Audit of for all elements of age friendly communities
- Develop plans or refine existing plans
- Investigate operation of key shared facilities, equipment or services
- Implement Plans

RoerOC agreed to support this joint venture and contribute funds towards the project and each RoerOC Council committed \$5,000 to the project. On this basis and through Taryn Dayman, Deputy Chief Executive Officer on behalf of the Shire, Verso Consulting was appointed to undertake the *AFC Plan* for the RoerOC Shires.

Verso are well known in the local government industry for providing specialist management services to community, disability and aged care providers with a focus on preparation of competitive applications for government funding.

Verso undertook a range of activities to inform this plan that included:

- accessing demographic research from earlier Verso Shire level Needs Studies;
- service provider research;
- relevant Shire document review;
- community consultations; and
- recording and assessment of consultation feedback

## **COMMENT**

The 2011 census reported a Shire population of 1,063 persons, down from 1,146 in 2006. The next 15 years are expected to see the loss of another 100 people from the Shire of Corrigin if current trends persist.

The median age of persons in the Shire is 47 years of age, which is higher than the Wheatbelt region, at 41 years of age. The Shire has seen a significant shift in the number of young people in the area since 2001 with those aged 5-14 dropping from 205 to 115 persons by 2011, but still comprising 11% of the population. Those aged 65 years and over comprise 21% of the population and it is expected that the 2016 Census will show an increase in this percentage. Australian Bureau of Statistics 2013 estimates show that the median population age for Corrigin is 49.3 years compared to the median Australian age of 37.3 years.

The draft *AFC Plan* (**Attachment 8.1.5**) identifies the priorities and actions discovered in the resulting process. It identifies the age friendly barriers and suggestions for improvements that have been acknowledged by the survey respondents, focus group participants and the Shire.

A very well attended community forum (60 -70 attendees) was held in Corrigin on the morning of Thursday 21<sup>st</sup> April 2016. This was followed by an afternoon meeting of stakeholders and service providers (approx. 8 attendees). After some introductory explanation both forums considered the designated 'Domains' of age friendly communities, which, for the purpose of this project were identified as:

- Outdoor spaces and buildings
- Transportation
- Housing
- Respect and inclusion
- Social and civic participation (combining "Social participation" and "Civic participation and employment")
- Communication and information
- Community support and health services (formal services)

The *AFC Plan* sits under the Strategic Community Plan and the Corporate Business Plan and will be used as an informing strategy, providing direction and a framework for accessing expenditure proposals in future strategic and corporate planning. The *AFC Plan* is not intended to directly reallocate resources in a significant manner.

## **STATUTORY ENVIRONMENT**

There are no statutory obligations.

## **POLICY IMPLICATIONS**

There are no known policies relevant to this matter. Should Council adopt the *AFC Plan*, it is recommended that Council use the document as a basis to guide the way seniors activities, interests and concerns are considered and implemented by the Shire.

## **FINANCIAL IMPLICATIONS**

There are no known budget or financial implications relating to this report or the officer's recommendation.

## **COMMUNITY & STRATEGIC OBJECTIVES**

The matter before Council generally accords with the following Shire desired outcome as expressed in the revised Shire of Corrigin Strategic Community Plan 2013-2023:

## 6.2 Focus area two: Developing Leadership

### Goal Five: We want to strengthen our community's position for the future

Strategy	Outcome
Maintain a resilient and independent Shire, with a clear vision for the future	A sustainable and progressive local government

#### **SUMMARY**

As part of the grant process for Department of Sport and Recreation (DSR), Council is required to endorse the current round of applications to the Community Sporting and Recreation Facilities Fund (CSRFF) small grants program.

#### **BACKGROUND**

In 2014 the Corrigin Bowling Club wrote to Council informing Council of their intention to seek funding of \$250,000 from the Shire of Corrigin to go towards the cost of a new synthetic playing surface. The club has since written in December 2015 and consequently met with Council and the Recreation Planning Committee with the intention of moving the club to the newly constructed Corrigin Recreation and Events Centre.

At the April 2016 Ordinary meeting of Council it was agreed to seek to include funds in the 2016-17 budget on a 50/50 (or if CSRFF funds available, one third each) to adequately develop a 'business case' and concept plan for the Corrigin Bowling Club to either:

- re-develop the Club's site in Walton Street with an appropriate artificial playing surface and improved facilities; or
- relocate to the Corrigin sporting precinct with an appropriate artificial playing surface comprising single (large) green with 8 rinks and area of approximately 45m x 45m with use of CREC; or
- alternate site with appropriate facilities, artificial surface comprising single (large) green with 8 rinks and area of approximately 45m x 45m.

#### **COMMENT**

A grant application has been completed on the basis of one third for the Bowling Club, Shire of Corrigin and DSR.

Council is required to endorse all CSRFF applications and prioritise applications if more than one. No other applications were received from the community.

## OFFICER'S RECOMMENDATION

*That Council:*

- 1. Supports the application by the Shire, as its first priority, to the Department of Sport and Recreation Community Sporting and Recreation Facilities Fund to conduct a Needs and Feasibility Study including a business case for the redevelopment of the Corrigin Bowling Club.*
- 2. Allocates sufficient funds in the 2016-17 budget for the completion of the Needs and Feasibility Study based on a third from each of the Shire of Corrigin, Corrigin Bowling Club and Department of Sport and Recreation.*

### **8.2.3. SHIRE OF CORRIGIN ANIMAL, ENVIRONMENTAL AND NUISANCE LOCAL LAW 2016**

Applicant:	Shire of Corrigin
Location:	Shire of Corrigin
Date:	16 August 2016
Reporting Officer:	Heather Talbot, Governance and Projects Officer; Lauren Pitman, Environmental Health officer
Disclosure of Interest:	No interest to disclose
File Number:	LE 0002
Attachment Reference:	Attachments 8.2.3A, 8.2.3B and 8.2.3C

#### **SUMMARY**

For Council to receive the submissions following the close of the public consultation period and to adopt the *Shire of Corrigin Animal, Environment and Nuisance Local Law 2016* in accordance with the *Local Government Act 1995*.

#### **BACKGROUND**

As a result of the 17 May 2016 Council meeting, staff were directed to proceed with the adoption of the Shire of Corrigin Animal, Environment and Nuisance Local Law 2015 and complete the requirements for public consultation.

Advertising of the Local Law took place from 15 June 2016 to 5 August 2016, which resulted in submissions received from the Department of Local Government and Communities, Health Department. A late submission from a member of the public was also received.

A Schedule of Submissions and recommendations is provided for Council's consideration as per **Attachment 8.2.3A** and the late submission as **Attachment 8.2.3B**.

#### **COMMENT**

The process for adopting local laws is set out in Section 3.12 of the Local Government Act 1995 and includes:-

1. At the council meeting the person presiding is to give notice to the council meeting of the purpose and effect of the proposed local law;
2. State-wide and local public notice is to be given stating that the Shire intends to make a local law. Advertising is to remain open for at least 6 weeks;
3. As soon as the notice is given, a copy of the proposed local law, together with the public notice and National Competition Policy form are to be provided to the Minister for Local Government and any other relevant ministers;
4. A copy of the proposed local law is to be provided to any person requesting it;
5. After the last day of submissions, the local government is to consider any submissions and may by absolute majority proceed with the local laws as proposed or make alterations which are not significantly different from what was first proposed;
6. The adopted local law is published in the Government Gazette and a copy is provided to the appropriate ministers;
7. Another public notice is given stating the title of the local law, its intent and date the local law will come into effect;
8. Forwarding all documentation to Parliaments Joint Standing Committee on Delegated Legislation.

The intended Purpose and Effect of the *Shire of Corrigin Animal, Environment and Nuisance Local Law 2016* is as follows:

**Purpose:**

To provide for the regulation, control and management of animals and the prevention of environmental damage and nuisances within the District.

**Effect:**

To establish the requirements with which any person keeping animals, or undertaking activities that have the potential to impact the environment or create nuisance must comply.

In order to ensure the draft local law includes all changes as per the schedule of submissions it is recommended that Council adopts the:

- schedule of submissions as prepared as per **Attachment 8.2.3A**; and
- revised version of the local law (**Attachment 8.2.3C**) for final approval with the intention of proceeding to the publishing in the Government Gazette.

**STATUTORY ENVIRONMENT**

**8.2.4. PROPOSED AMENDMENT TO SHIRE OF CORRIGIN LOCAL PLANNING SCHEME NO. 2 –  
DENSITY CHANGES IN THE CORRIGIN TOWNSITE AND RECODING OF RESIDENTIAL LAND  
FROM R12.5 TO R20**

Applicant:	Shire of Corrigin
Location:	Residential Zoned Land in the Corrigin Townsite
Date:	16 August 2016
Reporting Officer:	Rob Paull Chief, Executive Officer
Disclosure of Interest:	No interest to disclose
File Number:	DBC0012
Attachment Reference:	N/A

**SUMMARY**

This report recommends that Council resolve to initiate an amendment to the Shire of Corrigin Town Planning Scheme No. 2 (TPS 2) to provide the opportunity for increased residential density within the Corrigin townsite.

**BACKGROUND**

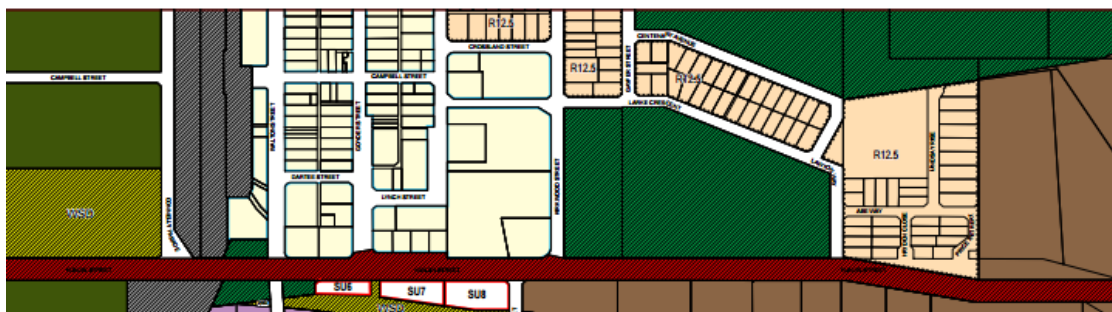

As with most local planning schemes in Western Australia, the Residential Design Codes (R Codes) are incorporated by reference requiring all residential use and development to be in accordance with the R Codes. The R Codes are a State Planning Policy and apply statewide to the majority of the local government local planning schemes. When TPS 2 was originally prepared in the late 1990's residential lots / areas were designated R Codes according to the most appropriate density based on existing character and values to be retained in the future. Clause 5 of TPS 2 empowers the R-Codes as the principal policy for which all residential development must be assessed against. The maps associated with TPS 2 clearly identify all residential lots with an R Code, the number of which identifies the maximum density on a per hectare basis. For example, a lot with an R Code of R12.5 has a general low urban density of 12.5 dwellings per hectare. On a square metre basis this equates to a minimum of 700m<sup>2</sup> site/lot area per dwelling and average of 800m<sup>2</sup>.

As the following shows, the Residential Design Code density which applies to land zoned for residential use in Corrigin is R12.5.

TPS2 showing Residential land in the 'north' of the Corrigan townsite with an R Code density of R12.5

TPS2 showing Residential land in the 'south' of the Corrigin townsite with an R Code density of R12.5

It should be noted that Clause 5.2.1 of TPS 2 contains a provision which enables lots in the townsite where sewer is available to be developed for two grouped dwellings (at a density of R20). Where no sewerage is available, the R12.5 density Code applies to any grouped dwelling development. However, it is important to note that Clause 5.2.1 only applies to development and not to subdivision. In this regard, the density provisions of R12.5 (minimum of 700m<sup>2</sup> per lot and average of 800m<sup>2</sup>) apply to any proposal to subdivide land. As the majority of lots in the Corrigin townsite are in the vicinity of 1,000m<sup>2</sup> in area, subdivision is not an option for most landowners.

#### COMMENT

It is noted that a matter observed in the *Age Friendly Community Plan* (Item 8.1.5 to the August Council Agenda) included a 'strategy' that the Shire should: *'Establish capacity for subdivision of town blocks to enable easier "downsizing"'*.

It is suggested that Council resolve to initiate an amendment to TPS 2 to 'recode' all lots currently R12.5 to R20 (minimum lot area of 350m<sup>2</sup> and an average of 450m<sup>2</sup>) which will allow for the majority of residential lots to have subdivisional potential.

In addition, it is suggested that a new clause be included in TPS 2 that would allow for land in the Corrigin townsite zoned Residential R20 and where reticulated water and sewer are available to be developed for grouped dwelling purposes at a maximum density of R40 (minimum lot area of 220m<sup>2</sup>) on lots greater than 1500m<sup>2</sup> subject to public advertising. This would potentially allow for a lot (or combination of lots) with an area greater than 1,499m<sup>2</sup> to seek development of up to 6 units.

The suggested amendment to TPS2 is as follows:

*"5.2.1 The Residential Design Code density which applies to land zoned for residential use within the Scheme Area is R20. However, notwithstanding any other provisions of the Scheme, where reticulated sewerage and water is available to a lot in the Corrigin townsite and where that lot is zoned 'Residential':*

- (a) subject to Sub-Clause (b), the local government may for the purposes of urban consolidation, consent to the development of a lot for the purposes of grouped dwellings at a maximum density of R40 on a lot/s greater than 1,500m<sup>2</sup> within any area coded R20 on the Scheme Map, subject to advertising of the required development application pursuant to Clause 6.3; and*
- (b) in determining any development application lodged pursuant to Sub-Clauses (a) above the local government shall consider, in addition to those matters listed in Clause 6.5, the objectives for all land classified Residential zone, any relevant Local Planning Policy and the likely impacts of the proposed development on the amenity of the immediate locality in which the proposed development is to be situated."*

Note to Council:

1. Reference to clause 6.3 relates to the public advertising process under the TPS 2; and
2. Reference to clause 6.5 relates to the matters the Council must address when considering an application.

As Council is aware TPS 2 is currently being consolidated to bring it into line with the (new) *Planning and Development (Local Planning Schemes) Regulations 2015*. It should be noted if this proposed amendment is finally approved the numbering of clauses may need to be altered to reflect the new consolidated version of TPS 2.

## **STATUTORY ENVIRONMENT**

*Planning and Development Act 2005*

*Planning and Development (Local Planning Schemes) Regulations 2015*

Local Planning Scheme amendments are processed in accordance with the Planning and Development Act (2005) and associated Regulations. The decision on whether to adopt an amendment is solely that of Council (this is where this proposed Amendment currently sits in the process). Upon adoption by Council the amendment is referred to the Environmental Protection Authority (EPA) after which public advertising of the proposal occurs.

After public advertising, Council must consider whether to adopt the amendment for final approval with or without modifications. The final decision on whether to grant final approval to an amendment rests with the Minister for Planning acting upon recommendation from the Western Australian Planning Commission.

When making a resolution to amend TPS 2 Council must specify whether the amendment is a complex amendment, a standard amendment or a basic amendment and include an explanation of the reason for the local government forming that opinion. In this case it is recommended that Council determine that the amendment is a “standard amendment” for the following reasons:

- The amendment will have minimal impact on land in the scheme area that is not the subject of the amendment; and
- The amendment will not result in any significant environmental, social, economic or governance impacts in the scheme area.

*Shire of Corrigin Town Planning Scheme No. 2*

*Environmental Protection Act 1986*

*State Planning Policy 3 - Urban Growth and Settlement (SPP 3)* - includes the following objectives:

- To promote a sustainable and well planned pattern of settlement across the State, with sufficient and suitable land to provide for a wide variety of housing, employment, recreation facilities and open space.
- To build on existing communities with established local and regional economies, concentrate investment in the improvement of services and infrastructure and enhance the quality of life in those communities.
- To manage the growth and development of urban areas in response to the social and economic needs of the community and in recognition of relevant climatic, environmental, heritage and community values and constraints.
- To promote the development of a sustainable and liveable neighbourhood form which reduces energy, water and travel demand while ensuring safe and convenient access to employment and services by all modes, provides choice and affordability of housing and creates an identifiable sense of place for each community.

- To coordinate new development with the efficient, economic and timely provision of infrastructure and services.

Council should note the Shire is required to have due regard to State Planning Policies in the preparation of amendments to its Scheme. This proposed amendment is considered to be consistent with the objectives of SPP 3.

#### **POLICY IMPLICATIONS**

There are no known policy implications in relation to this item.

#### **FINANCIAL IMPLICATIONS**

There are no known significant financial implications in relation to this item. Preparation of amendment documentation and processing the amendment through the statutory process will require no special allocation of funds and will be actioned through the normal function of the Shire staff as required.

#### **OFFICERS' RECOMMENDATION**

1. *That the local government, in pursuance of Section 75 of the Planning and Development Act 2005 (as amended), resolve to amend the Shire of Corrigin Local Planning Scheme No.2 by:*
  - a) *Recoding all lots zoned 'Residential' and classified R12.5 in the Corrigin townsite to be re-classified R20;*
  - b) *Amending the Scheme Maps accordingly;*
  - c) *Delete the current wording in Clause 5.2.1 of the Scheme Text and insert the following new wording:*

*“5.2.1 The Residential Design Code density which applies to land zoned for residential use within the Scheme Area is R20. However, notwithstanding any other provisions of the Scheme, where reticulated sewerage and water is available to a lot in the Corrigin townsite and where that lot is zoned ‘Residential’:*

- (a) subject to Sub-Clause (b), the local government may for the purposes of urban consolidation, consent to the development of a lot for the purposes of grouped dwellings at a maximum density of R40 on a lot/s greater than 1,500m<sup>2</sup> within any area coded R20 on the Scheme Map, subject to advertising of the required development application pursuant to Clause 6.3; and*
- (b) in determining any development application lodged pursuant to Sub-Clauses (a) above the local government shall consider, in addition to those matters listed in Clause 6.5, the objectives for all land classified Residential zone, any relevant Local Planning Policy and the likely impacts of the proposed development on the amenity of the immediate locality in which the proposed development is to be situated.”*

*2. That the local government determine that this proposed amendment to the Shire of Corrigin Local Planning Scheme No.2 is a “Standard Amendment” under Regulation 35 of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reasons:*

- a) the amendment will have minimal impact on land in the scheme area that is not the subject of the amendment; and*
- b) the amendment will not result in any significant environmental, social, economic or governance impacts in the scheme area.*

#### **8.2.5. SHIRE OF CORRIGIN WASTE REPORT 2015-2016**

Applicant:	Shire of Corrigin
Location:	Shire of Corrigin
Date:	16 August 2016
Reporting Officer:	Lauren Pitman, Environmental Health Officer
Disclosure of Interest:	No interest to disclose
File Number:	WM 0005
Attachment Reference:	Attachment 8.2.5

#### **SUMMARY**

This Report seeks to inform Council on the quantities of waste and recyclable material collected by contractor Avon Waste during the financial year 1 July 2015 – 30 June 2016.

#### **BACKGROUND**

Avon Waste provides the Shire with a waste report annually, based on the weights of waste and recyclables that their rubbish trucks pick up within the Shire of Corrigin. The general rubbish data is relatively accurate, however the recycling data is largely estimated (note **Attachment 8.2.5**).

#### **COMMENT**

##### *Kerbside Waste:*

The data provided shows a total of 365.82 tonnes of rubbish was collected in kerbside bins within the Shire over the 2015-2016 year, which is almost exactly the amount collected in the 2014-2015 year which was 365.7 tonnes. This shows that the amount of rubbish disposed of in the general waste wheelie bins has remained consistent over the 2 year period.

##### *Kerbside Recycling and Bulk Recycling:*

The data provided shows that the total recycling waste collected in the Shire in the 2015-2016 year was 172.46 tonnes, which is more than the previous year, being 146.66 tonnes. This is a good result as it shows that there has been an increase in waste disposed of within the Shire, however it has been material that has been diverted from the waste stream into the recycle bins.

The report breaks down the recycled waste into material categories, however these categories are based on percentages found in waste audits done by WALGA, which are done on recycled waste which is not necessarily the Shire of Corrigin's. It therefore provides only a very general estimate of what the quantities in each material category are.

The data may not accurately reflect the recycling initiatives that the Shire of Corrigin has undertaken, for example glass recycling should have dropped over the past 2 years due to the introduction of glass only bins used to collect glass for the glass crusher and which divert glass from the recycling bins which Avon Waste collect. However this data shows that there has been an increase in glass in the recycling bins from 22 tonnes in 2014-2015 to 52 tonnes in 2015-2016. Regardless the Shire should still recommence advertising and remind the businesses collecting glass and the school in particular, to collect as much glass as possible for the glass crusher.

The report is available to be viewed in the attachments section.
