8 MATTERS REQUIRING A COUNCIL DECISION

8.1 CORPORATE AND COMMUNITY SERVICES

8.1.1 ACCOUNTS FOR PAYMENT

Applicant:	Shire of Corrigin
Date:	08/06/2026
Reporting Officer:	Tanya Ludlow, Finance / Human Resources Officer
Disclosure of Interest:	NIL
File Ref:	FM.0036
Attachment Ref:	Attachment 8.1.1 – Accounts for Payment – May 2026

SUMMARY

Council is requested to note the payments from the Municipal and Trust funds as presented in the Schedule of Accounts Paid for the month of May 2026.

BACKGROUND

This information is provided to Council monthly in accordance with provisions of the *Local Government Act 1995* Section 6.8 (2)(b) and *Local Government (Financial Management) Regulations 1996* Clause 13.

Accountability in local government can be multifaceted, as councils seek to achieve diverse social, political, and financial goals for the community benefit. The accountability principles of local government are based on strong financial probity, financial propriety, adherence to conflict of interest principles and expectations that local government is fully accountable for community resources.

All payments are independently assessed by the Deputy Chief Executive Officer, to confirm that all expenditure that has been incurred, is for the Shire of Corrigin and has been made in accordance with Council policy, procedures, the *Local Government Act 1995* and associated regulations. The review by the Deputy Chief Executive Officer also ensures that there has been no misuse of any corporate credit or fuel purchase cards.

COMMENT

Council has delegated authority to the Chief Executive Officer to make payments from the Shire's Municipal and Trust funds as required. A list of all payments is to be presented to Council each month and be recorded in the minutes of the meeting at which the list was presented.

STATUTORY ENVIRONMENT

S6.4 Local Government Act 1995, Part 6 – Financial Management

8.1.2 MONTHLY FINANCIAL REPORT

Applicant:	Shire of Corrigin
Date:	10/06/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Number:	FM.0037
Attachment Ref:	Attachment 8.1.2 – Monthly Financial Report for the period ending 31 May 2026

SUMMARY

This report provides Council with the monthly financial report for the month ending 31 May 2026.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996*, regulation 34 states that a local government must prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget.

Variances between budgeted and actual expenditure including the required material variances (10% with a minimum value of \$10,000) are included in the variance report.

COMMENT

The Shire is required to prepare the Statement of Financial Activity as per *Local Government (Financial Management) Regulation 34* but can resolve to have supplementary information included as required. All mandatory information is provided, and the closing surplus balances to the net current assets at 31 May 2026.

Key Points

- The May result continues to show a strong year to date surplus position above budget.
- Cash balances remain steady, supporting operational and capital requirements.
- Capital expenditure is progressing toward year end, with most projects nearing completion.
- Rates collection remains high with minimal outstanding debt.
- Receivables are largely current, with no concerns around recovery.

Detailed Explanation

Item	Reference
Cash at Bank The total cash as at 31 May 2026 was \$7,989,740. This is made up of \$113,905 in municipal funds (Municipal Bank Account and various till floats), \$3,608,380 in short term investments, and \$4,267,455 in reserve funds. This is down from \$8,629,693 in April, mainly due to the timing of operational payments and capital expenditure. The Shire's cash position remains stable, with sufficient funds available to meet operational and capital commitments.	Page 10 – Cash and Financial Assets Page 11 – Reserve Accounts

Item	Reference
Capital Acquisitions The capital budget is about 60.5% spent at 31 May 2026, which mainly comes down to timing. A number of projects are still being finalised, and spending will continue to come through as works are completed and invoices received. Some projects, including works at CREC and a couple of plant purchases, are likely to carry over into the 2026/27 budget, however the majority of road projects are expected to be completed by 30 June.	Page 12 – Capital Acquisitions Page 13 – Capital Acquisitions Continued Page 14 – Disposal of Assets
Receivables Rates outstanding are \$26,117, with 99% collected for the year, which is around the same as this time last year and reflects a very strong collection rate. Current receivables are \$33,630. Only a small amount (around \$1,803) is outstanding over 90 days, and at this time there are no concerns around collecting these amounts.	Page 15 – Receivables
Closing Funding Surplus/(Deficit) Year to date (YTD) actual closing balance is \$3,761,972, which is composed of \$8,293,321 current assets less \$547,388 current liabilities less \$3,983,961 adjustments to net current assets. This is above budget at this point in time, mainly reflecting the timing of capital expenditure and lower operating costs.	Page 5 – Note 2(a) Net current assets used in the Statement of Financial Activity.

The May financial position continues to reflect a strong result, with the year-to-date surplus remaining above budget. As the financial year nears completion, the main variances continue to relate to the timing of capital works and lower operating costs. Operating expenses remain below budget, largely due to vacancies and timing of materials and contract works, while revenue continues to track favourably.

Capital projects are progressing toward completion, with the majority of works expected to be finalised by 30 June, although some items will carry forward into the 2026/27 financial year. Overall, the Shire remains in a sound financial position with stable cash reserves and strong rates collection.

Further information on the May 2026 financial position is in the explanation of material variances included in each of the monthly financial reports, please refer to page 6.

8.2 GOVERNANCE AND COMPLIANCE

8.2.1 2025/2026 BUDGET AMENDMENTS

Applicant:	Shire of Corrigin
Date:	09/06/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	FM.0399
Attachment Ref:	Attachment 8.2.1 – 2025/2026 Budget Amendments

SUMMARY

Council is requested to approve amendments to the 2025/2026 Annual Budget. These amendments relate to updated revenue from the sale of land inventory at Granite Rise, associated operating expenditure increases, and revised transfers to the Land Subdivision Reserve.

The amendments ensure that the budget accurately reflects actual financial activity and aligns with Council's intention to allocate proceeds from land sales toward future subdivision developments.

BACKGROUND

In accordance with Regulation 33A of the *Local Government (Financial Management) Regulations 1996*, local governments must undertake a budget review between 1 January and 28 February each year. The Shire of Corrigin completed and endorsed its 2025/2026 Mid-Year Budget Review at the March 2026 Ordinary Council Meeting.

COUNCIL RESOLUTION

13/2026 Moved: Cr. Smith

Seconded: Cr. Leach

That Council:

- 1. Adopt the 2025/2026 midyear budget review as provided in Attachment 8.2.3.1 and make amendments as per Note 1 of the informing documents.*
- 2. Forward the adopted 2025/2026 midyear budget review to the Department of Local Government, Sport and Cultural Industries in accordance with the Local Government (Financial Management) Regulations 1996.*

Carried by Absolute Majority 7/0

For: Cr. Jacobs, Cr. Leach, Cr. Hickey, Cr. Dickinson, Cr. Smith, Cr. Dyer & Cr. Talbot

Against: Nil

Following the mid-year review, the Shire has continued to monitor financial performance through to the end of the financial year.

The review identified a number of variances and included increased transfers to the Land Subdivision Reserve due to higher than expected lot sales at Granite Rise. Since that time, additional sales have occurred, resulting in further increases to revenue, associated operating expenditure, and transfers to reserve.

As Council approaches the end of the financial year, it is important these variances are formally incorporated into the budget to ensure accuracy and compliance.

COMMENT

The primary purpose of these amendments is to ensure that revenue from Granite Rise land sales, associated operating expenditure, and transfers to the Land Subdivision Reserve accurately reflect actual activity and Council's adopted intent.

The key amendments include:

- An increase in revenue from the sale of land inventory at Granite Rise due to stronger than anticipated sales activity
- An increase in operating expenditure for Granite Rise to account for additional costs associated with extra land sales, including extra settlement agent fees and related expenses to the extra sales
- An increase in transfers to the Land Subdivision Reserve to reflect Council's intention that profits from land sales be set aside for future land development once the Granite Rise subdivision is fully sold

Transfers to and from reserves must align with the adopted budget or subsequent budget amendments. These amendments ensure that reserve movements are formally authorised and accurately reflect Council's intent, avoiding potential audit findings.

This approach ensures that funds generated from the Granite Rise development are preserved for future land development opportunities, in line with Council's long-term financial planning.

All other budget variations are considered minor and will form part of the end of year surplus carried forward.

Administration will continue to monitor the budget and will bring forward any further adjustments, if required, as part of the 2026/2027 budget process, particularly in relation to reserve transfers.

STATUTORY ENVIRONMENT

Local Government Act 1995

Section 6.8(1)(b)

Regulation 33A of the Local Government (Financial Management) Regulations 1996 requires:

- (1) Between 1 January and the last day of February in each financial year a local government is to carry out a review of its annual budget for that year.*

POLICY IMPLICATIONS

3.7 Annual Budget Preparation

FINANCIAL IMPLICATIONS

The proposed amendments adjust revenue, expenditure, and reserve transfers to align with actual activity relating to the Granite Rise subdivision.

These changes ensure that proceeds from land sales are appropriately allocated and that associated costs are recognised within the current financial year.

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Governance and Leadership Strong Governance and Leadership

Council Plan

8.2.2 DELEGATION REGISTER REVIEW

Applicant:	Shire of Corrigin
Date:	22/05/2026
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Number:	GOV.0001
Attachment Ref:	Attachment 8.2.2 – Delegations Register Review

SUMMARY

Council is requested to review and endorse the Delegation Register as required under s5.46 (2) of the *Local Government Act 1995*.

BACKGROUND

Under s5.46 (2) of the *Local Government Act 1995* Council is required to, at least once every financial year review its delegations to the Chief Executive Officer (CEO) and employees.

Council can delegate certain powers and duties to the CEO and the CEO, in turn, can on-delegate those powers and functions to other employees.

Section 5.46 of the Act requires the CEO to keep a register of, and records relevant to, delegations to the CEO and any delegations on-delegated to employees. This section also requires the delegations to be reviewed at least once every financial year. The current delegation register was last reviewed by Council at the Ordinary Council Meeting on 17 June 2025 and passed by resolution 60/2025.

COMMENT

The Delegation Register is consistent with the WA Local Government Association (WALGA) model template.

As part of the annual review process, one delegation relating to the Audit and Risk Committee has been removed from the Register. The relevant provisions under s.7.12A of the *Local Government Act 1995* are now considered to operate as an “acting through” process of the Audit and Risk Committee, not requiring a formal delegation from Council.

In addition, an existing delegation relating to leases, licences and rental agreements of land or property has been expanded to include authority for the Chief Executive Officer to initiate lease extensions or renewals within the terms of the existing delegation. The delegation continues to apply to agreements of two years or less, including the exercise of renewal or extension options previously approved by Council, and remains subject to established financial and reporting limitations to ensure appropriate governance oversight is maintained.

No other substantial changes have been made to the Delegation Register following the review.

STATUTORY ENVIRONMENT

S5.18 Local Government Act 1995 Register of delegations to committees

*S5.42 (1) Local Government Act 1995 Delegation of some powers and duties to CEO **

S5.46 (2) of the Local Government Act 1995 Register of, and records relevant to, delegations to CEO and employees.

POLICY IMPLICATIONS

The following Council Policies are referenced in the Delegations Register:

Policy 3.1 – Purchasing Policy
Policy 3.3 – Regional Price Preference Policy
Policy 3.6 – Charitable Organisations
Policy 3.10 - Investment of Funds
Policy 3.11 – Rates Procedure for Unpaid Rates
Policy 3.12 – Financial Hardship Policy
Policy 3.13 - Debt Collection
Policy 9.1 – Roadside Burning and Spraying
Policy 9.2 - Bushfire Control
Policy 12.1 – Food Safety Compliance and Enforcement

FINANCIAL IMPLICATIONS

The cost of administering the functions outlined in the Delegations Register is included in the 2026/27 Annual Budget.

COMMUNITY AND STRATEGIC OBJECTIVES

8.2.3 POLICY REVIEWS

Applicant:	Shire of Corrigin
Date:	15/05/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	CM.0059
Attachment Ref:	Attachment 8.2.3 – Combined Policies: Policy 1.6 Privacy and Information Sharing, Policy [NEW] Financial Assistance Programs, Policy 3.7 Annual Budget Preparation, Policy 3.8 Asset Accounting – Capitalisation and Depreciation Thresholds, Policy 3.9 Community Assistance Programs, Policy 3.18 Portable and Attractive Assets; and Policy 3.19 Asset Disposal

SUMMARY

This report seeks Council's endorsement of a new policy and the review and amendment of existing policies as part of the ongoing review of the Shire's Policy Register.

BACKGROUND

The Register of Policies "the Register" is reviewed annually in October and presented to Council for consideration and adoption to ensure policies remain current, compliant and reflective of operational practices.

The objectives of the Register are to:

- provide Council with a formal written record of all policy decisions;
- provide staff with clear operational guidance;
- enable timely and consistent decision-making;
- assist Councillors in responding to community enquiries;
- ensure alignment with legislative requirements, audit expectations and best practice; and
- provide transparency to the community.

All policies are reviewed annually, however update dates may vary. The dates listed reflect the most recent amendments to each policy.

- Policy 1.6 Information Privacy Policy – last major change 2018
- Policy 3.18 Portable and Attractive Assets – last major change 2021
- Policy 3.8 Asset Accounting – Capitalisation and Depreciation Thresholds – last change 2025

In light of recent legislative changes, updated audit expectations and the release of new guidance, a comprehensive review of relevant policies has been undertaken.

The *Privacy and Responsible Information Sharing Act 2024* (PRIS Act) was enacted in 2024, with key provisions applying to local governments from 1 July 2026.

In preparation for these changes, the Shire has undertaken a review of its existing Information Privacy Policy to ensure it is compliant and operationally ready for implementation of the new legislative framework.

In addition, the Department of Local Government, Industry Regulation and Safety (DLGIRS) released the Non-Financial Assets Valuation Guidelines in March 2026.

These guidelines set out strengthened expectations for asset recognition, valuation, revaluation, record keeping and internal controls.

Accordingly, the Shire has reviewed and updated its asset-related policies to ensure alignment with these guidelines and current audit expectations.

COMMENT

The following policies have been reviewed and updated:

Policy 1.6 Privacy and Information Sharing (formerly Information Privacy Policy)

The policy has been reviewed, renamed and significantly updated to align with the *Privacy and Responsible Information Sharing Act 2024 (PRIS Act)*.

The updated policy strengthens requirements relating to the collection, use, disclosure and protection of personal information, and introduces provisions for lawful information sharing and management of information breaches.

Policy #TBD (new) Financial Assistance Programs

This is a new policy developed to reflect current financial assistance and grant funding arrangements available to the Shire, ensuring appropriate governance, transparency and application of new and existing funding programs.

Policy 3.7 Annual Budget Preparation Policy

Reviewed and updated to ensure consistency with current practices, legislative requirements and alignment across the Shire.

Policy 3.8 Asset Accounting Capitalisation and Depreciation Thresholds

Reviewed and updated to align with current Australian Accounting Standards, audit recommendations and the DLGIRS Non-Financial Assets Valuation Guidelines (released March 2026), including strengthened requirements for asset recognition, revaluation, review and record keeping.

Policy 3.9 Community Assistance Programs Policy

Reviewed and updated to reflect current arrangements available to the Shire, ensuring appropriate governance, transparency and application of new and existing funding programs and to ensure the policy is relevant and aligned with current guidelines and operational practices.

Policy 3.18 Portable and Attractive Assets

Updated to strengthen internal controls, asset recording requirements and stocktake processes, ensuring alignment with audit expectations and integration with the Shire's broader asset management framework and the DLGIRS Non-Financial Assets Valuation Guidelines (released March 2026)

Policy 3.19 Asset Disposal

Reviewed and enhanced to clarify disposal processes, strengthen internal controls, and ensure consistency with asset accounting practices and legislative requirements, including alignment with the DLGIRS Non-Financial Assets Valuation Guidelines (March 2026).

Overall, these updates ensure and improve consistency across the Shire's policy framework by:

- aligning with current legislative obligations;
- reflecting audit expectations and governance standards;
- incorporating contemporary asset management practices;
- supporting consistent and transparent decision-making; and
- demonstrating a proactive approach to legislative compliance and governance.

STATUTORY ENVIRONMENT

Local Government Act, Section 2.7(2) (b):

Local Government Act 1995 – Section 2.7 Role of council

- (1) *The council —*
 - (a) *governs the local government's affairs; and*
 - (b) *is responsible for the performance of the local government's functions.*
- (2) *Without limiting subsection (1), the council is to —*
 - (a) *oversee the allocation of the local government's finances and resources; and*
 - (b) *determine the local government's policies.*

POLICY IMPLICATIONS

Policy 1.6 – Privacy and Information Sharing

Policy [NEW] – Financial Assistance Programs

Policy 3.7 – Annual Budget Preparation Policy

Policy 3.8 – Asset Accounting – Capitalisation and Depreciation Thresholds

Policy 3.9 – Community Assistance Programs Policy

Policy 3.18 – Portable and Attractive Assets

Policy 3.19 – Asset Disposal

8.2.4 AUDIT, RISK AND IMPROVEMENT COMMITTEE RECOMMENDATION - COUNCIL PLAN 2025-2035 REVIEW

Applicant:	Shire of Corrigin
Date:	27/05/2026
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	CM.0049
Attachment Ref:	Attachment 8.2.4 – Council Plan 2025-2035 Review

SUMMARY

This item presents a review of the Shire of Corrigin Council Plan including Strategic Community Plan and Corporate Business Plan for Council review.

BACKGROUND

The Shire of Corrigin Council Plan 2025–2035 was developed following an extensive period of community consultation undertaken in 2025 and was formally adopted by Council on 19 August 2025.

The Council Plan combines the Strategic Community Plan and Corporate Business Plan into a single integrated document. It outlines the community's long-term vision and aspirations, together with the Shire's priorities, actions, and resourcing commitments required to achieve those outcomes.

The Council Plan is required to be reviewed at least annually in accordance with the *Local Government (Administration) Regulations 1996* and the Shire's Integrated Planning and Reporting Framework to ensure it remains relevant and reflects current priorities and capacity.

COMMENT

The Council Plan includes a schedule of actions and commitments to be delivered over the life of the Plan. This report provides an update on progress against those actions, including achievements to date and actions that are ongoing or yet to commence.

In addition to the statutory annual review, management will provide periodic updates on progress against Council Plan actions to support monitoring of implementation and inform internal oversight of delivery.

The review process supports transparency, accountability, and continuous improvement in service delivery.

The Audit, Risk and Improvement Committee reviewed the Council Plan at the meeting on 13 April 2026.

8.2.5 REVIEW AND CONTINUATION OF BUILDING SERVICES – CITY OF KALAMUNDA

Applicant:	Shire of Corrigin
Date:	9/06/2026
Reporting Officer:	Regan Chester, Administration Officer
Disclosure of Interest:	NIL
File Number:	DBC.0011
Attachment Reference:	Attachment 8.2.5.1 - City of Kalamunda Memorandum of Understanding and Shared Services Agreement Attachment 8.2.5.2 – Shire of Narrogin Memorandum of Understanding

SUMMARY

Council is requested to endorse the continuation of the existing agreement with the City of Kalamunda for the provision of building surveying services for further period of three years.

BACKGROUND

The Shire of Corrigin has had an agreement with the City of Kalamunda since 2012 to provide the following building surveying services including:

- Process applications for building licences;
- Prepare building approvals for issue;
- Undertake required site inspections;
- Advise on appropriate action following site inspection;
- Assess against Residential Design Codes requirements;
- Demolition Licences;
- Prepare reports in relation to any applications for building dispensations; and
- Provide a telephone enquiry service for local residents.

At the Ordinary Council Meeting held in August 2023 the following resolution was passed.

Resolution (109/2023)

That Council:

1. *Endorse the extension of the existing agreement with the City of Kalamunda for the provision of building services as outlined in the proposed Memorandum of Understanding and Shared Services Agreement for a further period of three years to 30 June 2026.*
2. *Delegates the formation of the Contract with the City of Kalamunda to the Chief Executive Officer, subject to any variations (of a minor nature) prior to entry into the Contract.*

COMMENT

The existing agreement with the City of Kalamunda enables the Shire of Corrigin to provide a comprehensive building service to local residents and is working well. The current agreement commenced in 2023 as per Councils resolution.

The staff at the City of Kalamunda are familiar with building and planning matters in the Shire of Corrigin and provide a telephone and email enquiry service for prospective building approval applicants as well as advice to Shire of Corrigin staff on the approvals process.

The annual cost of the service is dependent on the number of building applications assessed and the level of services utilised.

Building fee income collected by the Shire of Corrigin between the 2023/2024 and 2025/2026 financial years, in accordance with the *Building Act 2011* and *Building Regulations 2012*, has

ranged from \$4,185 to \$9,382 per annum. This level of income is not sufficient to support the employment of a part-time staff member to carry out these duties.

The Shire received an proposal from the Shire of Narrogin to provide similar services at a comparable cost. However, it is noted that the City of Kalamunda offers greater reliability due to its larger team, which provides stronger support and back up.

Given the effectiveness of the current arrangement and level of service provided, it is recommended Council endorse the continuation of the existing agreement with the City of Kalamunda for Building Services.

STATUTORY ENVIRONMENT

Building Act 2011

Building Regulations 2012

POLICY IMPLICATIONS

3.1 Purchasing Policy

FINANCIAL IMPLICATIONS

The average annual cost of the Building Services between the 2023/2024 and 2025/2026 financial years was approximately \$3,700 with provision included during the annual budget process.

8.2.6 ROE TOURISM ASSOCIATION – MEMORANDUM OF UNDERSTANDING

Applicant:	Shire of Corrigin
Date:	10/06/2026
Reporting Officer:	Regan Chester, Administration Officer
Disclosure of Interest:	NIL
File Ref:	ED.0016
Attachment Ref:	Attachment 8.2.6 – Roe Tourism Memorandum of Understanding

SUMMARY

Council is requested to consider and endorse the Memorandum of Understanding (MOU) between the Shire of Corrigin and Roe Tourism Association.

BACKGROUND

Roe Tourism Association is a collaborative, not-for-profit organisation that was formed in 1998 to promote tourism across the region. The members include the Shires of Beverley, Bruce Rock, Corrigin, Kondinin, Kulin, Lake Grace, Narembreen and Quairading. The main focus of the association is promoting the 'Pathways to Wave Rock' self-drive trail, which links the included member Shires and highlights their regional attractions.

Through participation, the Shire of Corrigin has contributed to:

- Joint regional tourism marketing and promotion,
- Maintaining strong network links with neighbouring Local Governments and tourism operations,
- Sharing of knowledge, resources, and promotional opportunities,
- Contribute to coordinated tourism messaging, particularly in the key visitor routes,
- Development of visitor experiences across the Wheatbelt, and;
- Production of promotional materials.

The association works closely with each Local Government, community groups and local businesses to encourage visitation and economic activity within the region.

COMMENT

The Shire of Corrigin are formally recognised as a Member Council in the association's constitution. A Memorandum of Understanding between all Member Councils was developed in 2020 to formalise the financial contribution arrangements.

Endorsing this MoU will represent the third successive agreement entered into as part of a long-standing regional, which support broader economic development objectives by encouraging visitation and improving the regions tourism profile. There have been no significant changes to the MoU proposed; the only difference being that the Shire of Beverley have since joined the association.

The continued support this MOU will deliver the following benefits:

- Consistent promotion and tourism messaging across the eight shires.
- Increased reach of advertising.
- Coordinated approach to journey planning.
- Stronger regional collaboration.
- Increased tourism numbers and economic benefit.
- Support for local businesses and community.
- Improved data collection of visitation in the region.

The MOU would come into effect 1 July 2026 and stays in effect until 30 June 2029.

STATUTORY ENVIRONMENT

Local Government Act 1995

Local Government (Financial Management) Regulations 1996

POLICY IMPLICATIONS

3.7 Annual Budget Preparation

FINANCIAL IMPLICATIONS

Since 2023, the Shire has contributed \$6,000 per annum for the membership fee, inclusive of our contribution towards the Executive Officer.

The member fees are discussed at the Roe Tourism Annual General Meeting (AGM) each year, and the annual fee is determined by the committee then.

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Economy

A strong, diverse local economy

Council Plan			
Outcome	Strategies	Action No.	Actions
2.3	Promote the visitor experience, particularly nature based tourism	2.3.2	Active participation in Roe Tourism Association to promote our attractions

VOTING REQUIREMENT

8.2.7 DEPARTMENT OF TRANSPORT LICENSING AGREEMENT

Applicant:	Shire of Corrigin
Date:	3/06/2026
Reporting Officer:	Regan Chester, Administration Officer
Disclosure of Interest:	NIL
File Ref:	CS.0007
Attachment Ref:	Attachment 8.2.7.1 – Department of Transport Licensing Services Agreement (Confidential) Attachment 8.2.7.2 – Department of Transport Non-Road Law Functions Agreement (Confidential)

SUMMARY

Council is asked to endorse the agreement with the Department of Transport for licensing services.

BACKGROUND

The agreement between the Shire of Corrigin and the Department of Transport for the provision of licensing services under Section 11 of the *Road Traffic (Administration) Act 2008* expires on 30 June 2026.

The new term for both the Agreement for the Provision of Licensing Services and Agreement for the Provision of Non Road Law Functions expires on 30 June 2031

The agreement outlines the Department of Transport and the Shire of Corrigin responsibilities and obligations in relation to the provision of licensing services.

The Agreement for the Provision of Licensing Services includes:

- Transaction services
- Timeliness and quality of service
- Auditing of services
- Schedule of fees
- Confidential information declaration
- Business rules
- Equipment maintenance
- Performance measures

The Agreement for the Provision of Non Road Law Functions includes:

- Driving Instructor fees
- Off Road Vehicle registrations
- Proof of Age Cards
- License and boat licence renewals
- Schedule of Fees

COMMENT

The provision of licensing services at the Shire of Corrigin is delivered as a service to the community. The cost of providing the service is partially offset by a commission fee received from the Department of Transport for undertaking the services on their behalf.

The commission payment rate included in the 2026 agreement has increased by approximately 20% per transaction type compared to the commission rates in the previous agreement.

The fees paid to the Shire of Corrigin are outlined in the agreement from the Department of Transport with no scope for negotiation.

STATUTORY ENVIRONMENT

Local Government Act 1995

Road Traffic (Administration) Act 2008

POLICY IMPLICATIONS

1.9 Common Seal Usage Policy

FINANCIAL IMPLICATIONS

The Department of Transport have increased commission rates by approximately 20% on average.

The Shire of Corrigin received commission fees from the Department of Transport licensing services in 2025/2026 of \$30,657.06.

CEO N Manton declared a financial interest in the item.*

Cr. H Talbot declared an indirect financial interest in the item.

Cr. W Dyer declared an impartiality interest in the item

Cr. Dickinson assumed the chair of the meeting as the President and Deputy President declared an interest and left the room.

The Chief Executive Officer, N Manton received advice from the Executive Director, Local Government Management and Coordination of the Department of Local Government, Industry Regulation and Safety, Laura Hunter that in accordance with the authority delegated by the Minister for Local Government, the application, under section 5.69(3) of the Local Government Act 1995 (the Act) is approved.

Approval has been granted under section 5.69(3)(a) of the Act to allow disclosing member Councillor Heather Talbot to participate and vote on the following items, subject to conditions, at the Shire’s Ordinary Council Meeting on 16 June 2026 in order to maintain a quorum.

SUMMARY

This report recommends that Council grant conditional approval to a development application submitted by Ellett Construction Services on behalf of Cooperative Bulk Handling Limited (Landowner) for the construction and use of a proposed new solar array on Lot 20 on Deposited Plan 41206 Corrigin South Road, Corrigin.

BACKGROUND

Ellett Construction Services have submitted a development application on behalf of Cooperative Bulk Handling Limited (Landowner) for the construction and use of a proposed new solar array on Lot 20 on Deposited Plan 41206 Corrigin South Road, Corrigin.

The proposed development will be undertaken in the south-eastern corner of Lot 20 and include:

- minor earthworks on land previously developed for bulk grain handling and storage purposes;
- the installation of concrete piers for solar terraces;
- trenching for all associated electrical and stormwater drainage works; and
- the installation of chain link fencing and associated access gates around its perimeter for security purposes.

The proposed development will comprise a total area of approximately 1,398m² and be used to generate electricity at a lower cost to support the continued use of the land for grain handling and storage purposes.

A copy of the development application including various supporting information and plans is provided in Attachments 8.2.8.1 – 8.2.8.3.

COMMENT

Lot 20 is classified 'Rural' zone in the Shire of Corrigin Local Planning No.2 (LPS2) and located in Special Control Area 1 entitled 'Wastewater Treatment Plant Buffer'.

Council has previously determined that the current development and use of Lot 20 for grain handling and storage purposes, including all incidental activities, falls under the use class 'warehouse/storage' which is consistent with the objectives of the land's current 'Rural' zoning classification in LPS2 and is therefore permitted.

Assessment of the application in the context of the specific objectives and standards of the Shire's local planning framework including Local Planning Scheme No.2 (LPS2), the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*, and all relevant State Planning Policies has confirmed the proposal is compliant or capable of compliance with the following relevant requirements:

- The general aims and objectives of LPS2 including those specific to all land classified 'Rural' zone;
- Land capability and suitability;
- Land use compatibility including the continued operation of the Water Corporation's wastewater treatment plant and buffer separation distances to sensitive land uses;
- Lot boundary setbacks;
- Amenity of the locality including potential environmental, visual and social impacts;
- Protection of the natural environment and cultural heritage significance;
- Vehicle access and parking including traffic management and safety; and
- Flood, stormwater drainage and bushfire risk management.

When considering and final determining the application Council should also note the following key points:

- a) The proposed development is only minor in scale and is not therefore expected to have any negative impacts on the general amenity, character, functionality and safety of the immediate locality subject to compliance with a number of conditions;
- b) The proposed solar panels have low reflectivity as evidenced by the Daylight Reflectance Test Report submitted in support of the application. As such the proposed development is unlikely to have any negative visual impacts on the immediate locality;
- c) There will be no material change to the volume of stormwater generated in this part of the property by the proposed development. There is however a need to carefully plan for its integration into the existing stormwater drainage system on the land which is currently the subject of a major review by CBH in consultation with the Shire to address a number of issues that have arisen as a result of the recent development of the land for its current approved purpose;
- d) The Water Corporation has not raised any issues or concerns with the proposed development in terms of the continued operation of its existing wastewater treatment plant located approximately 450 metres north;
- e) One (1) formal written objection was received during public advertising which was signed by seven (7) other local business owners/representatives. The primary concerns raised include

the risk of increased fluctuations to electricity supply to local businesses and the potential for damage to key operational infrastructure which is expensive and disruptive, the lack of detail regarding power quality investigations and proposed mitigation measures to protect local business operations, and the failure to include a dust management plan to ensure the proposed development operates efficiently and effectively at all times (see Attachment 8.2.8.2); and

- f) Written correspondence has been received from CBH's electrical engineering consultant and Western Power which respond to and satisfactorily address all of the concerns raised in the objection received during public advertising (see Attachment 8.2.8.3).

In light of all of the above it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the proposed development proceeds in a proper and orderly manner.

An alternative to the recommendation for conditional development approval provided below is not considered necessary for the following reasons:

- i) The proposal is well founded, permissible and has scope to be lawfully approved;
- ii) The proposal is capable of being implemented in a proper and orderly manner without any negative impacts subject to compliance with a number of conditions; and
- iii) Ellett Construction Services and Cooperative Bulk Handling Limited are legally obliged to address/satisfy all other statutory and regulatory requirements applicable to the proposal.

STATUTORY ENVIRONMENT

Planning and Development Act 2005 (as amended)

Planning and Development (Local Planning Schemes) Regulations 2015

Shire of Corrigin Local Planning Scheme No.2

POLICY IMPLICATIONS

State Planning Policy 4.1 – *State Industrial Buffer*

PUBLIC CONSULTATION

Public consultation was undertaken for the minimum required period of 28 days in accordance with the specific requirements of the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*. At the conclusion of public advertising one (1) submission had been received which was signed by seven (7) other local business owners. In accordance with the procedural requirements of LPS2 the application was also referred to the Water Corporation for review and comment with no concerns or objections raised by this agency in response.

FINANCIAL IMPLICATIONS

All administrative costs associated with processing the application are provided for in Council's annual budget and have been offset in full by the development application fee paid by the applicant.

All costs associated with the proposed development will be met by the landowner.

It is significant to note should the applicant and/or landowner be aggrieved by Council's final decision in this matter they have the right seek a formal review of that decision by the State Administrative Tribunal. Should this occur for whatever reason the Shire would need to respond. The cost to respond to an appeal cannot be determined at this preliminary stage but could be expected, based on the recent experience of other local government authorities in Western Australia, to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

COUNCIL RESOLUTION

54/2026 Moved: Cr. Dyer

Seconded: Cr. Smith

*That Council **APPROVE** the development application submitted by Ellett Construction Services on behalf of Cooperative Bulk Handling Limited (Landowner) for the construction and use of a proposed new solar array on Lot 20 on Deposited Plan 41206 Corrigin South Road, Corrigin subject to the following conditions and advice notes:*

Conditions

- 1. The proposed development shall be undertaken strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by the local government.*
- 2. Any additional development which is not in accordance with the application the subject of this approval or any condition of approval will require the further approval of the local government.*
- 3. The proposed development shall be substantially commenced within a period of two (2) years from the date of this approval. If the development is not substantially commenced within this period it shall not be carried out without the further approval of the local government having first being sought and obtained.*
- 4. A plan or plans providing details of all proposed stormwater drainage management arrangements, including timeframes for completion of all associated works, must be prepared and submitted to the local government for consideration of approval prior to the commencement of development.*
- 5. If the proposed solar panels give rise to any reflectivity issues for any unforeseen reason/s during the life of the proposed development the landowner shall remedy the issues within 28 days of receipt of written notification from the local government of the requirement to do so unless a longer remediation period is approved by the local government.*
- 6. All non-recyclable waste generated through the construction process as well as any excess soil/gravel shall be removed from the land and disposed at a licensed landfill facility. The stockpiling of any waste and/or soil on the land is not permitted unless otherwise approved by the local government.*

Advice Notes

- 1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement or restrictive covenant. It is the responsibility of the applicant/landowner and not the local government to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the*

local government's attention.

2. *This is a development approval of the Shire of Corrigin under its Local Planning Scheme No.2. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents, permits and licenses required under any other law, and to commence and carry out development in accordance with all relevant laws.*
3. *The proponent is responsible for ensuring the correct siting of all improvements on the land the subject of this approval. An identification survey demonstrating correct siting and setbacks of the proposed improvements may be requested of the applicant/landowner by the local government to ensure compliance with this determination notice and all applicable provisions.*
4. *Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the Planning and Development Act 2005 and the Shire of Corrigin Local Planning Scheme No.2 and may result in legal action being initiated by the local government.*
5. *If the applicant/landowner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be submitted directly to the State Administrative Tribunal within 28 days of the local government's determination.*

8.2.9 CENTRAL AGCARE INC– 48 KIRKWOOD STREET

Applicant:	Shire of Corrigin
Date:	10/06/2026
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	A871
Attachment Ref:	Attachment 8.2.9 - Historical Correspondence & Minutes

SUMMARY

This item seeks Council endorsement of a recommendation to transfer the title of 48 Kirkwood Street Corrigin to Central Agcare Inc following repayment of loan funds in full.

BACKGROUND

A review of land titles identified the property at 48 Kirkwood Street (lot 228) on Deposit Plan 147137 CT1897/812 as being owned by the Shire of Corrigin. A search of Landgate records confirms the Shire of Corrigin as the registered owner having purchased the property in 1992 for \$48,000.

The property has been recorded in the Shire of Corrigin rates system as being owned by Central Agcare Inc and the rates have been paid by the organisation for many years.

In February 2002, Council considered a request from Central Agcare Inc for a self-supporting loan to acquire the property for use as offices and consulting rooms for community service functions. The Council minutes record that the Shire of Corrigin resolved to advertise its intention to raise a self-supporting loan of \$13,500 over 15 years on behalf of Central Agcare Inc, on the condition that the land be vested in Council until the loan had been repaid in full.

Available Shire and Central Agcare Inc records, including the updated repayment schedule and historical correspondence, indicate that the self-supporting loan was repaid in full in 2010 as shown in Attachment 8.2.9. Despite repayment of the loan, the transfer of title to Central Agcare Inc was not completed and the land remains registered in the name of the Shire of Corrigin.

COMMENT

The available evidence supports the conclusion that the property was held in the name of the Shire of Corrigin as security while the self-supporting loan raised on behalf of Central Agcare Inc remained outstanding.

It is likely that a change of staff and accounting systems around the time the loan was repaid meant that the transfer of land was not finalised.

It is recommended that Council authorise the Chief Executive Officer to arrange for the property to be transferred to Central Agcare Inc.

The transfer of title to Central Agcare is considered an exempt disposition of property as per *Local government (Functions and General) Regulations 1996 s.30 (2) (b)* as Central Agcare Inc is a charitable organisation.

STATUTORY ENVIRONMENT

Local Government Act 1995

s. 3.58 Disposing of property

s. 6.2(4) (d) Local government to prepare annual budget

s. 6.15 (1) (a) (iv) Local government's ability to receive revenue and income

s. 6.20 Power to borrow

*Local government (Functions and General) Regulations 1996
s.30 Dispositions of property excluded from Act s.3.58 (2) (b)*

POLICY IMPLICATIONS

Policy 3.7 Annual Budget Preparation

FINANCIAL IMPLICATIONS

No loan income remains outstanding based on available records.

The land and building shown on the Central Agcare balance sheet are not included on the Shire of Corrigin asset register.

Costs associated with title transfer, settlement, title searches and Landgate registration fees are estimated at 1,500. If the transfer proceeds, any associated costs should be met from the 2026/27 budget.

8.2.10 DISABILITY ACCESS AND INCLUSION PLAN – ANNUAL REPORT AND IMPLEMENTATION PLAN

Applicant:	Shire of Corrigin
Date:	10/06/2026
Reporting Officer:	Caris Negri, CRC Coordinator, Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	CP.0001
Attachment Ref:	Attachment 8.2.10.1 – DAIP 2025–2026 Implementation Plan Progress Report Attachment 8.2.10.2 – Draft DAIP 2026–2027 Implementation Plan

SUMMARY

This item presents the Disability Access and Inclusion Plan (DAIP) 2025–2026 Implementation Plan Progress Report and seeks Council endorsement of the DAIP 2026–2027 Implementation Plan.

BACKGROUND

The Disability Services Act 1993 requires public authorities to develop and implement a Disability Access and Inclusion Plan (DAIP) and report on progress annually.

Council endorsed the Shire of Corrigin Disability Access and Inclusion Plan 2025–2030 in June 2025. The DAIP outlines strategies to improve access and inclusion across seven outcome areas and is supported by annual Implementation Plans which detail specific actions, timelines and responsibilities.

In accordance with the DAIP, progress is reviewed annually and reported to management and Council. The Implementation Plan is updated each year to support the ongoing delivery of the five-year plan.

The DAIP addresses the following outcomes:

- Outcome 1: People with disability have the same opportunities as other people to access the services of, and any events organised by, a public authority.
- Outcome 2: People with disability have the same opportunities as other people to access the buildings and other facilities of a public authority.
- Outcome 3: People with disability receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it.
- Outcome 4: People with disability receive the same level and quality of service from the employees of a public authority as other people receive.
- Outcome 5: People with disability have the same opportunities as other people to make complaints.
- Outcome 6: People with disability have the same opportunities as other people to participate in public consultation.
- Outcome 7: People with disability have the same opportunities as other people to obtain and maintain employment.

COMMENT

The DAIP 2025–2026 Progress Report summarises actions undertaken during the year, including progress against each strategy and items carried forward.

The Draft 2026–2027 Implementation Plan outlines proposed actions for the coming year, including new and ongoing items, and identifies responsible officers and timeframes.

The Progress Report has informed the new Plan, with outstanding actions carried forward and additional actions included where required.

Key focus areas include improving access to information, delivering disability awareness training, progressing accessibility improvements, and strengthening inclusive employment practices.

Overall, good progress has been made, with some actions continuing into 2026–2027.

Providing the report and plan to Council supports compliance and transparent reporting, and subject to endorsement, the Plan will guide 2026–2027 activities and inform reporting to the Department of Communities.

STATUTORY ENVIRONMENT

Disability Services Act 1993 Part 5 — Disability access and inclusion plans by public authorities
Local Government Act 1995
Disability Services Act 1993
Disability Services Regulations 2004
Disability Discrimination Act 1992
Equal Opportunity Act 1984

POLICY IMPLICATIONS

Policy 6.1 – Community Engagement Policy

FINANCIAL IMPLICATIONS

Implementation of DAIP actions is incorporated within the Shire’s annual budget and long-term financial planning.

Actions may include:

- Improvements to access to buildings and facilities
- Delivery of inclusive community programs and events
- Staff training and awareness initiatives

The annual budget will include provision for DAIP strategies over the life of the plan.

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Community

Desired Outcome: Inclusive, healthy and resilient community

Council Plan			
Outcome	Strategies	Action No.	Actions
1.2	Safe, accessible and inviting public places and facilities	1.2.3	Review and demonstrate progress of the Shire’s Disability Access and Inclusion Plan (DAIP)

8.2.11 CHIEF EXECUTIVE OFFICER – ANNUAL REVIEW OF PERFORMANCE

Applicant:	Shire of Corrigin
Date:	8/06/2026
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	CEO declared financial interest as item related to CEO salary
File Ref:	PER - MANT
Attachment Ref:	Confidential Attachment under separate cover

REASON FOR CONFIDENTIALITY

The Chief Executive Officer's Report is confidential in accordance with section 5.23(2)(b) (ii) of the *Local Government Act 1995* because it deals with a matter relating to the recruitment or employment of the CEO or a senior employee, including a review of performance under section 5.38.

COUNCIL RESOLUTION

57/2026 Moved: Cr. Hickey

Seconded: Cr. Talbot

That the committee in accordance with Clause 15.10 of the Standing Orders meet behind closed doors.

Carried 7/0

For: Cr. Jacobs, Cr. Leach, Cr. Hickey, Cr. Dickinson, Cr. Smith, Cr. Dyer & Cr. Talbot
Against: Nil

Two members of the public left the room at 4:30pm

SUMMARY

The CEO Performance Review Occasional Committee recommend that Council endorse the resolutions from the meeting held on 9 June 2026 regarding the CEO's performance.

BACKGROUND

Sections 5.38 and 5.39 (3) (b) of the *Local Government Act 1995* require that the performance of the CEO is to be reviewed at least once each year. The review is also to be undertaken consistently with the model standards in Schedule 2 to the *Local Government (Administration) Regulations 1996*.

Any variation to the CEO Total Remuneration Package must be consistent with the remuneration determined by the Salaries and Allowances Tribunal under section 5.39(7) of the *Local Government Act 1995*.

A review of delegations and Key Performance Indicators forms part of the review process as per s5.41. Role of CEO under the *Local Government Act 1995*.

COMMENT

To assist Council in the process of review, the CEO prepared a confidential report outlining evidence of achievements measured against the performance criteria (under separate cover).

Incredible People were engaged to conduct a survey of Councillors and prepare a confidential report which is included in (under separate cover).

STATUTORY ENVIRONMENT

Local Government Act 1995

8 MATTERS REQUIRING A COUNCIL DECISION

8.1 CORPORATE AND COMMUNITY SERVICES

8.1.1 ACCOUNTS FOR PAYMENT

Applicant:	Shire of Corrigin
Date:	12/05/2026
Reporting Officer:	Tanya Ludlow, Finance / Human Resources Officer
Disclosure of Interest:	NIL
File Ref:	FM.0036
Attachment Ref:	Attachment 8.1.1 – Accounts for Payment – April 2026

SUMMARY

Council is requested to note the payments from the Municipal and Trust funds as presented in the Schedule of Accounts Paid for the month of April 2026.

BACKGROUND

This information is provided to Council monthly in accordance with provisions of the *Local Government Act 1995* Section 6.8 (2)(b) and *Local Government (Financial Management) Regulations 1996* Clause 13.

Accountability in local government can be multifaceted, as councils seek to achieve diverse social, political, and financial goals for the community benefit. The accountability principles of local government are based on strong financial probity, financial propriety, adherence to conflict of interest principles and expectations that local government is fully accountable for community resources.

All payments are independently assessed by the Deputy Chief Executive Officer, to confirm that all expenditure that has been incurred, is for the Shire of Corrigin and has been made in accordance with Council policy, procedures, the *Local Government Act 1995* and associated regulations. The review by the Deputy Chief Executive Officer also ensures that there has been no misuse of any corporate credit or fuel purchase cards.

COMMENT

Council has delegated authority to the Chief Executive Officer to make payments from the Shire's Municipal and Trust funds as required. A list of all payments is to be presented to Council each month and be recorded in the minutes of the meeting at which the list was presented.

-----------------------	--	-------------

Total Licensing Trust Account Payments \$88,186.25

Total of all Accounts \$922,097.79

Carried 7/0

For: Cr. Jacobs, Cr. Leach, Cr. Hickey, Cr. Dickinson, Cr. Smith, Cr. Dyer & Cr. Talbot

Against: Nil

8.1.2 MONTHLY FINANCIAL REPORT

Applicant:	Shire of Corrigin
Date:	11/05/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Number:	FM.0037
Attachment Ref:	Attachment 8.1.2 – Monthly Financial Report for the period ending 30 April 2026

SUMMARY

This report provides Council with the monthly financial report for the month ending 30 April 2026.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996*, regulation 34 states that a local government must prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget.

Variances between budgeted and actual expenditure including the required material variances (10% with a minimum value of \$10,000) are included in the variance report.

COMMENT

The Shire is required to prepare the Statement of Financial Activity as per *Local Government (Financial Management) Regulation 34* but can resolve to have supplementary information included as required. All mandatory information is provided, and the closing surplus balances to the net current assets at 30 April 2026.

Key Points

- April result is above budget, with a strong year to date surplus.
- Cash position remains steady at \$8.63 million.
- Capital spend is at 48%, with projects progressing toward year end.
- Rates collection remains high at 99%.
- Receivables are mostly current, with no concerns around recovery.

Detailed Explanation

Item	Reference
Cash at Bank The total cash as at 30 April 2026 was \$8,629,693. This is made up of \$1,525,002 in municipal funds (Municipal Bank Account and various till floats), \$2,837,236 in short term investments, and \$4,267,455 in reserve funds. This is down from \$9,318,429 in March, mainly due to the timing of capital expenditure and payments made during the month. The Shire's overall cash position remains solid, with sufficient funds available to meet operational and capital commitments.	Page 10 – Cash and Financial Assets Page 11 – Reserve Accounts

Item	Reference
Capital Acquisitions The capital budget is about 48% spent at 30 April 2026, which mainly comes down to timing. While we are getting toward the end of the financial year, a number of projects are still being finalised, and spending will continue to come through as works are completed and invoices received. Some projects, including works at CREC and a couple of plant purchases, are likely to carry over into the 2026/27 budget, however the majority of road projects are expected to be completed by 30 June.	Page 12 – Capital Acquisitions Page 13 – Capital Acquisitions Continued Page 14 – Disposal of Assets
Receivables Rates outstanding are \$32,141, with 99% collected for the year, which is slightly up from 98.9% at the same time last year and reflects a very strong collection rate. Current receivables are \$186,817, with around \$184,343 still within current terms, including \$144,680 owing from Main Roads for road project grants. Only a small amount (around \$1,678) is outstanding over 90 days, and at this time there are no concerns around collecting these amounts.	Page 15 – Receivables
Closing Funding Surplus/(Deficit) Year to date (YTD) actual closing balance is \$4,515,043, which is composed of \$9,101,260 current assets less \$602,256 current liabilities less \$3,983,961 adjustments to net current assets. This is above budget at this point in time, mainly reflecting the timing of capital expenditure and lower operating costs.	Page 5 – Note 2(a) Net current assets used in the Statement of Financial Activity.

The April financial position remains strong, with a year-to-date surplus of \$4.52 million, which is above budget primarily due to timing differences in capital expenditure and favourable operating variances. Operating costs continue to be below budget, largely as a result of vacancies and delays in materials and contract works, while additional revenue has been received from land sales and grants. Capital projects are progressing, and expenditure is expected to increase as works are completed and invoiced. Overall, the Shire remains in a sound financial position with strong cash reserves and high rates collection.

Further information on the April 2026 financial position is in the explanation of material variances included in each of the monthly financial reports, please refer to page 6.

8.2.1 COMMUNITY ASSISTANCE PROGRAM 2026/2027

Applicant:	Shire of Corrigin
Date:	04/05/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	FM.0057
Attachment Ref:	Attachment 8.2.1 - 2026/2027 Community Assistance Program Applications

SUMMARY

Council is requested to consider the applications received under the 2026/2027 Community Assistance Program and determine funding allocations to inform preparation of the 2026/2027 Annual Budget.

BACKGROUND

The Shire of Corrigin's Community Assistance Program (CAP) provides financial and non-financial support to local not-for-profit organisations and community groups to assist with the delivery of events, projects, sponsorships and community initiatives.

Council has adopted the Community Assistance Program Policy (Policy 3.9), which outlines the program objectives, funding categories, maximum funding amounts and eligibility criteria. The policy supports initiatives that deliver community benefit and align with the Shire of Corrigin Council Plan 2025–2035.

The 2026/2027 CAP was advertised during February and March 2026 through the Shire website, social media and direct engagement with community groups.

A total of six (6) applications were received, with a combined funding request of \$27,075.

Council considered the applications at a Budget Workshop held on 28 April 2026, with feedback from that session informing the recommendations outlined in this report.

Funding Overview

Council traditionally allocates funding across three categories:

- Community Donations: \$5,000 total (maximum \$500 per application)
- Community Grants: \$15,000 total (maximum \$5,000 per application)
- Significant Event Sponsorship / Assistance: \$15,000 total (maximum \$10,000 per application)

In addition to financial contributions, Council may also provide in-kind support such as facility hire, equipment use, staff assistance or fee waivers.

All applications have been assessed in accordance with Policy 3.9 and the Community Assistance Program Guidelines, including consideration of community benefit, demonstrated need, alignment with strategic priorities and organisational capacity.

Community Donations

Two (2) applications were received, totalling \$714.50.

Corrigin Historical Society Inc

- Request: \$500 for a museum volunteer road trip
- Officer Comment: Council previously discussed providing in-kind support rather than a cash contribution.
- Recommendation: Waive community bus hire fees to a maximum value of \$500, with all fuel and associated costs to be met by the group.

Corrigin District High School P&C

- Request: \$214.50 for Containers for Change collection bins
- Recommendation: Approve \$214.50 as requested.

Community Grants

Three (3) applications were received, totalling \$16,500.

Corrigin Historical Society Inc

- Request: \$5,000 for kitchen upgrades at the Pioneer Museum
- Recommendation: Approve \$5,000 as requested.

Corrigin Community Shed Inc

- Request: \$10,000 for safety upgrades and equipment
- Officer Comment: Request exceeds policy limit.
- Recommendation: Approve \$5,000 (maximum allowable under policy).

Corrigin P&C – Corrigin Triathlon Committee

- Request: \$1,500 for traffic management
- Recommendation: Approve waiver of fees for the provision of Shire staff.

Significant Event Sponsorship

One (1) application was received, totalling \$9,880.

Corrigin Agricultural Society Inc

- Request: \$9,880 for the 103rd Corrigin Agricultural Show
- Recommendation: Approve \$9,880 as requested.

COMMENT

The Community Assistance Program continues to play an important role in supporting local organisations to deliver initiatives that strengthen community engagement, volunteerism and participation.

The applications received for 2026/2027 demonstrate strong alignment with Council's strategic objectives, particularly in relation to supporting community events, enhancing local facilities and building organisational capacity.

Recommendations presented reflect Council's discussions at the April 2026 Budget Workshop and ensure compliance with Policy 3.9, particularly in relation to funding limits and equitable distribution of available funds.

STATUTORY ENVIRONMENT

Local Government Act 1995

Local Government (Financial Management) Regulations 1996

POLICY IMPLICATIONS

Policy 3.9 Community Assistance Program

FINANCIAL IMPLICATIONS

As per the program guidelines and policy Council allocates a total budget of \$35,000 per financial year for the three funding categories and a further \$30,000 for the waiver of rates, rubbish and facility or equipment fees. The allocation for the three funding categories is distributed in the following way:

Community Donations	\$5,000	Maximum contribution of \$500 per application
Community Grants	\$15,000	Maximum contribution of \$5,000 per application
Significant Events	\$15,000	Maximum contribution of \$10,000 per application

8.2.2 BUSINESS ASSISTANCE GRANT

Applicant:	Shire of Corrigin
Date:	14/05/2026
Reporting Officer:	Myra Henry, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	FM.0057
Attachment Ref:	Attachment 8.2.2 – Business Assistance Grant Application

SUMMARY

Council is requested to consider an application from Wilcarra Pty Ltd under the 2025/26 Business Assistance Grant Program, Crime Prevention priority area, following Council's decision not to approve the application under the CCTV Subsidy Partnership Program.

BACKGROUND

As part of deliberations on the 2025/26 Annual Budget, Council endorsed the allocation of funding for a Business Assistance Grant Program to support local businesses undertaking projects that improve presentation, enhance streetscape appeal, support community safety, and contribute to economic development within the Shire of Corrigin.

The Business Assistance Grant Program includes a Crime Prevention priority area, which provides funding to support community safety enhancement projects or programs, such as CCTV installation. This priority area focuses on creating a safer and more secure environment by prioritising prevention, supporting public law enforcement, and fostering a strong and resilient community. Applications under this category are required to demonstrate that CCTV footage will be available to Police when requested.

At the April 2026 Ordinary Council Meeting, Council considered an application from Wilcarra Pty Ltd under the CCTV Subsidy Partnership Program but resolved not to approve the application, as it did not meet the specific requirement of that program for cameras to be located in public-facing areas.

The application has since been reviewed by officers and is being brought back to Council for consideration under the Business Assistance Grant Program, Crime Prevention priority area, which more appropriately reflects the intent and scope of the proposal.

Funding Overview

Wilcarra Pty Ltd operates a long-standing local business within the Shire of Corrigin, including fuel and workshop facilities that are regularly accessed by members of the public and affected by highway diversions.

The applicant seeks funding of \$500 (ex GST) to assist with the installation of additional security cameras around fuel bowzers and workshop areas on their property. The applicant has experienced previous thefts and unauthorised access, particularly during periods when the highway is closed and traffic is diverted through the area.

The proposed CCTV installation is intended to deter crime, improve site security, and support broader community safety outcomes. The applicant has indicated that footage from the system will be available to WA Police upon request.

The total project cost exceeds the amount requested, with Wilcarra Pty Ltd contributing the balance of costs.

COMMENT

The Business Assistance Grant Program allows eligible local businesses to apply for funding of up to \$2,000 per application, subject to budget availability. Funding may be provided for projects that align with one of the program's priority areas, including Crime Prevention.

The Crime Prevention priority area supports projects that enhance community safety, deter criminal activity, and strengthen collaboration with law enforcement agencies. This includes CCTV installations where footage can be made available to Police.

While the Wilcarra Pty Ltd application did not meet the specific public-facing location requirements of the CCTV Subsidy Partnership Program, the proposal is considered to align with the broader objectives and intent of the Business Assistance Grant Program under the Crime Prevention priority area.

The application has been assessed against the Business Assistance Grant eligibility and assessment criteria and is considered to:

- be submitted by an eligible local business;
- address a demonstrated need relating to property security and crime deterrence;
- contribute to community safety outcomes;
- support collaboration with WA Police through the availability of CCTV footage; and
- represent value for money, with the applicant contributing to the overall project cost.

Based on the assessment undertaken, the application is considered to meet the eligibility and assessment criteria of the Business Assistance Grant Program under the Crime Prevention priority area. Approval of funding for \$500 (ex GST) is supported.

STATUTORY ENVIRONMENT

Local Government Act 1995

Local Government (Financial Management) Regulations 1996

POLICY IMPLICATIONS

NIL

FINANCIAL IMPLICATIONS

Council has allocated a total budget of \$20,000 in the 2025/26 financial year for the Business Assistance Grant Program. Approval of funding of \$500 (ex GST) for this application can be accommodated within the adopted budget.

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Community

Inclusive, healthy and resilient community

Council Plan			
Outcome	Strategies	Action No.	Actions
1.2	Safe, accessible and inviting public places and facilities	1.2.2	Investigate opportunities/ initiatives to collaborate with local businesses and community groups to enhance CCTV and lighting.
1.3	High standard of community and recreational activities and facilities	1.3.6	Promote and deliver the Shire's Community Grant Scheme

This proposal supports Council's strategic objective of fostering a safe, resilient and connected community by supporting initiatives that deter crime and enhance community safety.

VOTING REQUIREMENT

Simple Majority

OFFICER'S RECOMMENDATION

That Council:

1. *Receives the application submitted by Wilcarra Pty Ltd;*
2. *Approves the allocation of \$500 (ex GST) to Wilcarra Pty Ltd under the 2025/26 Business Assistance Grant Program – Crime Prevention priority area, for the installation of CCTV at the Wilcarra premises; and*
3. *Notes that:*
 - a. *the grant is provided on a reimbursement basis only;*
 - b. *payment will be made following completion of the works and submission of a completed Acquittal Form, proof of expenditure, and supporting documentation; and*
 - c. *the applicant must make CCTV footage available to WA Police upon request.*

COUNCIL RESOLUTION

39/2026 Moved: Cr. Talbot

Seconded: Cr. Dyer

That Council:

1. *Receives the application submitted by Wilcarra Pty Ltd;*
2. *Does not approve the allocation of \$500 (ex GST) to Wilcarra Pty Ltd under the 2025/26 Business Assistance Grant Program – Crime Prevention priority area, for the installation of CCTV at the Wilcarra premises.*

Carried 6/1

For: Cr. Jacobs, Cr. Leach, Cr. Hickey, Cr. Smith, Cr. Dyer & Cr. Talbot

Against: Cr. Dickinson

The resolution differed from the Officer's recommendation. The reason for the alternative motion was that the application was not considered eligible for the grant as it was a normal operational expense and not a new initiative as outlined in the grant guidelines.

Cr Dickinson declared a financial interest in item 8.2.3 – Corrigin Dog Cemetery Fee Discount and left the room – 4:18pm

8.2.3 CORRIGIN DOG CEMETERY FEE DISCOUNT

Applicant:	Matthew Dickinson

Attachment Ref:	NIL

SUMMARY

Council is requested to consider the application of the Corrigin Dog Cemetery burial fee in relation to a recent unauthorised burial.

BACKGROUND

The Corrigin Dog Cemetery was established in 1974 and has developed into a valued community and tourism asset. The cemetery holds significant emotional and heritage value for the community.

Council endorsed a Memorandum of Understanding (MOU) with the landholder endorsed in 2019 and 2024 confirm that the Shire of Corrigin is responsible for:

- Digging of appropriate sized graves and burial of dog remains.
- Placement of headstones and plaques as required.
- Fencing of the area if required.
- Landscaping of the area, including tree and plant removal or planting.
- Maintenance of trees or other plant matter so not to cause damage or overhang fence lines and gateways.
- Invasive weed control.
- Rubbish removal and provision of appropriate bin placements.
- Provision of signage and other control measures.
- Ensure vehicle access remains unhindered through to the Landowners property, and to the remainder of the Jose Road reserve.
- Other activities considered a normal part of the management of a pet cemetery as a tourist attraction.

Following the signing of the MOU all burials were required to be arranged through the Shire. This requirement was supported by new signage at the dog cemetery and advertising in the shire newsletter and Windmill News.

Since 2018 the following fees have been adopted by Council as part of the budget adoption process:

- \$250 for weekday burials;
- \$500 for weekend, public holiday or after-hours burials.

The fees were introduced to recover costs associated with shire staff time, plant and equipment, materials and to ensure appropriate management of the cemetery.

Approximately 18 months ago, a local resident undertook a burial at the Corrigin Dog Cemetery on a weekend without contacting the Shire and without the use of Shire labour or equipment. Mr Dickinson excavated the grave himself and completed the associated slab and monument works. Over the past 10 years this work has been undertaken by the Shire and individuals are not permitted to carry out burials independently.

As a result, there was no record of the burial held by the Shire at the time. The Shire became aware of the burial recently when staff attended the cemetery to prepare a plot for an approved burial and identified that the location had already been used. Staff subsequently contacted the customer to advise that the originally allocated plot was not available, and an alternative location would be required. The customer accepted this change and the burial proceeded without further issue.

As the adopted fee structure does not provide for alternative charging where no Shire resources are used, the standard \$250 burial fee was applied. All other burials since 2018, including those where individuals have supplied their own monuments, have been undertaken through the Shire and have been subject to the full fee.

The current fee structure and process have been in place for approximately eight years and there has been a high level of community acceptance and compliance. Since the new section was opened in 2018 there have been 32 burials with all customers paying the standard fee of \$250. One owner supplied their own monument, and one plot did not have a burial, and the slab and monument were installed by the Shire.

Of the burials in the new section 56.25% were local Corrigin residents and 43.75% were non-local residents.

COMMENT

The current fee structure and management arrangements for the Corrigin Dog Cemetery have been in place since 2018 and have operated effectively. Compliance with the requirement to contact the Shire prior to burial has been high, enabling consistent cost recovery and supporting the orderly management of a finite community asset. The absence of complaints since implementation indicates general community acceptance of both the process and associated fees.

There is currently no formal distinction between authorised and unauthorised burials within the fee structure. The current fee does not include a description of what is included although the shire administration has taken it to include access to the cemetery, shire labour, plant and equipment, materials. Since 2018 the shire has approved and completed all the 32 burials and the standard fee of \$250 has been paid.

The Shire has legislative responsibilities under the *Local Government Act 1995* and *Public Health Act 2016* to manage public land appropriately, mitigate risks, and ensure safe and environmentally responsible practices. The current controlled approach to burials supports these obligations by maintaining oversight of burial locations, standards, and site use. It also reduces reputational risks from inconsistent enforcement or perceived mismanagement of a key tourism asset.

The cemetery also contributes to broader strategic objectives, including community wellbeing, tourism, and responsible asset management. The user-pays fee structure supports financial sustainability and ensures that costs associated with service delivery are not borne solely by ratepayers.

The requirement to contact the Shire is advertised on the sign at the cemetery and was included in the shire newsletter and Windmill News in 2018 but has not been reinforced regularly through multiple channels such as shire website, social media, public notice boards, brochures, dog registration correspondence.

This case appears to be a misunderstanding of the standard process rather than broader community concern and is considered an isolated incident. It has highlighted the potential for misunderstanding and the need for clearly documented and communicate the fee structure, guidelines and procedures.

Requiring payment supports fairness, consistency, and good governance whereas waiving the fee may:

- create inconsistency in the application of Council's adopted fees;
- establish a precedent for future non-compliance; and
- be perceived as inequitable particularly as the individual involved is a Councillor.

This matter is presented for Council to determine whether the standard fee should apply in this instance or be waived or reduced based on the individual circumstances.

STATUTORY ENVIRONMENT

Local Government Act 1995

Delegation 1.2.17 Defer, Grant Discounts, Waive or Write Off Debts does not include authority to reduce waive or reduce fees in this situation.

Public Health Act 2016

The Shire is responsible for the management of public land and ensuring that activities undertaken on that land do not create health, safety or environmental risks.

POLICY IMPLICATIONS

NIL

FINANCIAL IMPLICATIONS

Fees and charges for burials at the dog cemetery are set annually as part of the budget process and are intended to recover costs associated with labour, materials, plant and equipment.

No direct costs were incurred by the Shire in this instance

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Civic Leadership

Desired Outcome: Strong governance and leadership

Council Plan			
Outcome	Strategies	Action No.	Actions
4.2	Keep the community informed and seek their feedback	4.2.1	Improve regular communication and expand channels to inform our community of decisions, actions and opportunities for feedback

8.2.4 DRAFT POLICY CORRIGIN DOG CEMETERY

Applicant:	Shire of Corrigin
Date:	13/05/2026
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	PR.0025
Attachment Ref:	Attachment 8.2.4 - Draft Dog Cemetery Management and Burial Policy and Guidelines

SUMMARY

Council is asked to consider adopting the Corrigin Dog Cemetery – Management and Burial Policy to provide clear, practical and consistent guidelines for the management, operation and use of the Corrigin Dog Cemetery.

BACKGROUND

The Corrigin Dog Cemetery was established in 1974 and has developed into a significant local landmark reflecting the strong relationship between community members and their dogs. Over time, the cemetery has expanded and is now managed by the Shire of Corrigin. The Shire has continued to maintain the site and has formalised arrangements for its ongoing use and expansion through agreement with the adjoining landowner.

The cemetery has grown in popularity as both a community space and a tourism attraction, however there are currently limited formal guidelines outlining requirements for burials, memorials, maintenance and site usage. The development of a formal policy is intended to provide clarity for staff, residents and visitors and to support consistent and sustainable management of the site.

The draft policy establishes requirements for burial processes, grave allocation, memorial installation, maintenance responsibilities and site management to ensure the cemetery remains a respectful, safe and sustainable community and tourism asset.

COMMENT

The proposed policy provides a clear framework for the management of the Corrigin Dog Cemetery, addressing key areas including eligibility for burial, application and approval processes, grave allocation, fees and charges, memorial requirements, maintenance responsibilities and visitor conduct. The policy ensures that all burial activities are overseen by the Shire to maintain safety and consistency, including requiring the Shire to undertake excavation of graves and manage the layout to maximise long-term capacity.

The policy recognises the unique character of the cemetery, particularly the individually decorated graves, while introducing reasonable limits to ensure safety, environmental protection and accessibility. The policy also confirms that the cemetery is for dogs only, provides guidance on the placement of ashes, and outlines clear expectations for pet owners in maintaining gravesites.

Adoption of the policy will improve communication with the community, reduce risk to the Shire by ensuring appropriate controls are in place, and support the long-term development of the cemetery as a valued community and tourism asset.

The policy reduces operational, safety and reputational risks by ensuring that all burial works are approved by the Shire, establishing clear limits on memorial installations, and maintaining appropriate site management practices.

A corresponding set of guidelines will ensure that the cemetery's character can continue to be shaped by personal and meaningful tributes and a diversity of styles reflecting the strong connection between people and their pets. The draft guidelines encourage pet owners to create

thoughtful, colourful and unique memorials that reflect the personality, role and memories of each dog.

STATUTORY ENVIRONMENT

Local Government Act 1995

POLICY IMPLICATIONS

Adoption of this policy will introduce a new Council Policy under the Community Services and Facilities category of the Shire of Corrigin Policy Register.

1.1 Communications Policy

6.13 Social Media and Communication Policy

7.1 Community Engagement Policy

FINANCIAL IMPLICATIONS

Fees and charges for burials at the dog cemetery are set annually as part of the budget process.

Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	TT.0001
Attachment Ref:	NIL

SUMMARY

Council is asked to consider the request from Main Roads WA Heavy Vehicle Services for Boyd Street to be added to the Performance Based Standards (PBS) Tri Drive Quad Axle Network PBSTDQ3.3.

BACKGROUND

Main Roads Heavy Vehicle Services (HVS) has received an application to add the following road(s), within the Shire of Corrigin, onto the Performance Based Standards (PBS) Tri Drive Quad Axle Network PBSTDQ3.3.

The applicant has requested access for a 32.615 metre A double road train from Brookton Highway to the Liberty Fuel Depot on Boyd Street at Straight Line Kilometre (SLK) 0.495 as summarised in the table below.

Road Name	Road Number	Start Point	Start SLK	End Point	End SLK	Access Currently Approved	Support Required
Boyd St	4040147	Brookton Highway	0.00	Boyd Street Liberty Fuel Depot	0.50	Partial access Tandem Drive Network 7 up to 36.5m metres in length. AMMS Level 1 mass limits	PBS Q3.3 36.5m GCM 116 tonne quad axle

The applicant seeks access for a specific PBS “Super Pocket” road train to operate on a defined freight task. The vehicle has an overall length of approximately 32.7 m, which is greater than a standard 27.5 m pocket road train. The increased length is primarily due to compliance with PBS minimum axle spacing requirements, designed to improve load distribution and reduce pavement stress, rather than to increase payload capacity.

The configuration incorporates higher axle groupings (including quad-axle groups), which require additional spacing to meet PBS standards. The vehicle achieves lower per-axle loads compared to conventional heavy vehicle combinations (approximately 8.75 tonne for tandem, 7.83 tonne for tri-axle, and 7.125 tonne for quad-axle groups). This reduction in per-axle loading is expected to lessen pavement wear, particularly in sensitive areas such as road edges and curves.

The application relates to a single vehicle undertaking a specific transport task on limited occasions, rather than broader network access. The applicant suggests that the operational impact on the road network would be limited and controlled.

The applicant suggests productivity and efficiency benefits including a reduction in total truck movements (approximately 14.65%) and fuel consumption (approximately 10.2%) resulting in fewer heavy vehicle trips on Boyd Street, and decreased diesel usage.

The map below shows the route proposed by the applicant in red.

The following diagram is an indicative illustration of the proposed vehicle combination.

The table below shows the maximum gross mass for the PBSTDQ3.3 vehicle combination.

Tri Drive and Quad Axle Trailer Combinations					
PBS Level	Vehicle Example	Max. Length	Max. Gross Mass	AMMS Level	Approved Network
Level 1		≤20.0 m	57.5t	Level 1	PBS TDQ1.1
			61.5t	Level 2	PBS TDQ1.2
			64.0t	Level 3	PBS TDQ1.3
Level 2		≤27.5 m	79.0t	Level 1	PBS TDQ2.1
			84.0t	Level 2	PBS TDQ2.2
			87.5t	Level 3	PBS TDQ2.3
Level 2B		≤30.0 m	100.5t	Level 1	PBS TDQ2B.1
			106.5t	Level 2	PBS TDQ2B.2
			111.0t	Level 3	PBS TDQ2B.3
Level 3		≤36.5 m	103.0t	Level 1	PBS TDQ3.1
			111.0t	Level 2	PBS TDQ3.2
			116.0t	Level 3	PBS TDQ3.3

Main Road WA have advised that the proposed PBS Networks will allow up to 36.5 metre PBS vehicle combinations. These PBS vehicles perform within the network envelope of currently approved Tandem Drive Network 4, with the following added benefits:

- **Improved Vehicle Safety** - PBS vehicles are specifically designed to achieve improved safety outcomes and the PBS assessment ensures the vehicles meet a minimum safety performance standard. In addition, braking capability and vehicle stability is improved on PBS vehicles with the mandatory requirement in WA for Electronic Braking Systems (EBS) with Rollover Stability Controls (RSC).
- **Reduced Traffic & Risk Exposure** - By reducing the number of heavy vehicle movements, this consequently reduces the risk exposure, meaning it reduces the number of vehicle interactions, reduces the number of drivers behind the wheel of a heavy vehicle, reducing the risk of human error and the potential for a serious crash.
- **Environment** – Less trips to perform the transport task compared to using prescriptive road trains will result in reduced carbon emissions and heavy vehicle noise. Furthermore, the PBS approved vehicles generally consist of newer prime movers, which meet higher emission standards
- **Reduced Pavement & Bridge Impact** - PBS vehicles are not considered to cause additional road wear compared to prescriptive road trains. The higher productivity PBS vehicles have the same maximum axle loads as prescriptive road trains, however, can carry a greater payload in less trips. Overall, they result in less road wear per payload tonne. Refer to our [RAV Route Assessment Calculators](#) for useful comparisons.

Boyd Street from SLK 0.00 (Brookton Highway) to SLK 1.21 (Channon Close) is currently not on the Restricted Access Vehicle (RAV) network. Adding Boyd Street to the PBSTDQ3.3 network would also make it accessible under lower networks, including Tandem Drive Network 7.3 and Tri Drive Network 4.3. If Boyd Street is instead approved under PBS individual access, it would only be available to that specific PBS vehicle, and the company would be issued a permit.

The following tables show the length and mass for RAV Network 7 and Accredited Mass Management Scheme (AMMS) categories.

Table 1 Tandem Drive Prime Mover, Trailer Combinations Restricted Access Vehicle (RAV) Categories

Category 7 RAVs

A similar application for Boyd Street in February 2021 was previously not supported by the Shire of Corrigin as the route was via Walton Street, Rendell Street and Boyd Street as per Council resolution below

Resolution 23/2021

That Council inform Main Roads Heavy Vehicle Services that the application for a 32.44m Tri Drive A Double Performance Based Standard (PBS) Scheme Vehicle Access Approval, requesting AMMS Level 3 Mass (23.5t for tri axle groups and 28.5t for quad axle groups) is not supported for the following reasons:

- Poor condition on sections of existing bitumen surface which will require significant investment to upgrade road, including stabilisation, to accommodate additional load of up to 116 tonnes.*
- Anticipated damage to road to road surface from screwing of tyres on entering and exiting intersections.*

COMMENT

Council has a responsibility to ensure that the road network is as safe as possible within the limited resources available. To achieve this, Council has committed to implementing a systematic management regime across the road network that aims to balance optimal maintenance,

minimising whole of life costs, user amenity and value for money as well as economic benefits for the shire.

Allowing appropriate heavy vehicle access to the industrial area is important to support local business operations and maintain the economic productivity and supply chain efficiency.

It is recommended that Council inform Main Roads Heavy Vehicle Services that the application for Performance Based Standards (PBS) Tri Drive Quad Axle Network PBSTDQ3.3 (32.7metres and GCM 116 tonne) access from Brookton Highway to Boyd Street is supported for the following reasons:

- Straighter route and less turning than the route from South Street, Rendell to Boyd Street.
- Improve connectivity from Brookton Highway to section of Boyd Street south of Channon Close that is already on the RAV 7.1 (up to 36.5 metres and 115 tonne) network.
- Anecdotal evidence suggests that road trains are already using Boyd Street from Brookton Highway to Channon Close to access local businesses.
- The PBS vehicle has added benefits such as improved safety, and pavement impact.
- The PBS vehicle is a similar length (32.7 metres) compared to RAV 7.1 (27.5m to 36.5 metres) and Gross Combination Mass (GCM116 tonne) as RAV 7.1 (115tonne) which already has access to part of Boyd Street south of Channon Close.

It is recommended that Tandem drive 7.3 and Tri Drive 4.3 is not supported and access is restricted to Tandem Drive Network 7.1 and Tri Dive Network 4.3.

Main Roads WA have advised that they have not conducted an analysis of the swept path for the applicant's vehicle at this stage.

STATUTORY ENVIRONMENT

Local Government Act 1995

Road Traffic Act 1972

Road Traffic (Vehicles) Act 2012

Road Traffic (Vehicle Standards) Regulations 2002

POLICY IMPLICATIONS

11.3 Road Hierarchy, Maintenance and Renewal Policy

FINANCIAL IMPLICATIONS

The Shire of Corrigin 10 year road program details the cost of road maintenance, renewal and upgrades of approximately \$2million per annum.

There is a significant gap between amount of funding required for road maintenance, renewal and upgrade as outlined in the policy and funding availability.

COMMUNITY AND STRATEGIC OBJECTIVES

Shire of Corrigin Council Plan 2025-2035:

Objective: Economy

Desired Outcome: A strong, diverse local economy

Council Plan			
Outcome	Strategies	Action No.	Actions
2.1	Road network is safe, well maintained and capable of the freight task	2.1.1	Continue to deliver the Road Management Program with a view to improve maintenance of gravel roads, in line with Council's adopted road hierarchy and long term road construction and maintenance plans

VOTING REQUIREMENT

Simple Majority

COUNCIL RESOLUTION

42/2026 Moved: Cr. Smith

Seconded: Cr. Dickinson

That Council inform Main Roads Heavy Vehicle Services that:

- the application for a Performance Based Standards (PBS) Tri Drive Quad Axle Network PBSTDQ3.3 access from Brookton Highway to Boyd Street is supported for the following reasons:
 - Straighter route and less turning than the route from South Street, Rendell to Boyd Street.
 - Improve connectivity from Brookton Highway to section of Boyd Street south of Channon Close that is already on the RAV 7 network.
 - Anecdotal evidence suggests that road trains are already using Boyd Street from Brookton Highway to Channon Close.
 - The PBS vehicle has added benefits such as improved safety, and pavement impact.
 - The PBS vehicle is a similar length (32.7 metres) compared to RAV 7.1 (27.5m to 36.5 metres) and Gross Combination Mass (GCM116 tonne) as RAV 7.1 (115tonne) which already has access to part of Boyd Street south of Channon Close.
- the Shire of Corrigin does not support automatically adding Boyd Street SLK 0.00 to 0.50 to the Tandem Drive Network 7.3 or Tri Drive Network 4.3 and that the classification of Boyd Street be limited to Tandem Drive Network 7.1 or Tri Drive Network 4.1 due to impact on road from extra weight.

Carried 5/2

For: Cr. Jacobs, Cr. Leach, Cr. Smith, Cr. Dyer & Cr. Talbot

Against: Cr. Hickey & Cr. Dickinson

9 CHIEF EXECUTIVE OFFICER REPORT

The Chief Executive Officer report was provided to Council during the Discussion Forum

10 PRESIDENT'S REPORT

The President Cr. S Jacobs gave an overview of meetings and events attended.

11 COUNCILLORS' QUESTIONS, REPORTS AND INFORMATION ITEMS

Cr. D Smith gave an overview of meetings attended.

Cr. D Hickey gave an overview of meetings attended.

Cr. H Talbot gave an overview of meetings attended.

12 URGENT BUSINESS APPROVED BY THE PRESIDENT OR DECIDED BY THE COUNCIL

13 INFORMATION BULLETIN

14 WALGA AND CENTRAL ZONE MOTIONS

15 NEXT MEETING

Ordinary Council Meeting 16 June 2026 at 4pm.

16 MEETING CLOSURE

The President, Cr. S Jacobs closed the meeting at 4:45pm.

SHIRE OF CORRIGIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 MAY 2026

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 10 June 2026

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits

Adjustments to investing activities

Movement in current unspent capital grants associated with restricted cash

Total non-cash amounts excluded from investing activities

(1,444)	0	0
(1,444)	0	0

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

SHIRE OF CORRIGIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 MAY 2026

3 EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially.

The material variance adopted by Council for the 2025-26 year is \$10,000 and 10.00% whichever is the greater.

Description	Var. \$ \$	Var. % %	
Revenue from operating activities			
Interest revenue This is a timing variance received less in interest than anticipate due to investing for longer terms.	(27,495)	(34.04%)	▼
Other revenue This variance is related to the sale of extra Granite Rise Blocks, have sold more than anticipated.	299,677	148.77%	▲
Expenditure from operating activities			
Employee costs Employee costs are below the anticipated budget across all programs, this is due to various position not being filled.	289,125	10.36%	▲
Materials and contracts This is a timing issues of invoices and unavailability of contractors.	472,813	20.79%	▲
Loss on asset disposals Sale of various asset still to be completed, some sold early March, others to finalised before 30 June.	203,579	87.32%	▲
Inflows from investing activities			
Proceeds from capital grants, subsidies and contributions This is a timing variance related capital grants not received yet.	200,587	22.54%	▲
Proceeds from disposal of assets Proceeds received from disposal of assets was higher than budgeted refer to note 6 for specific plant.	28,364	11.67%	▲
Outflows from investing activities			
Acquisition of property, plant and equipment This is a timing variance in expenditure on Capital purchases, as quotes are still being called on various projects.	1,261,921	59.35%	▲
Surplus or deficit after imposition of general rates As described above	3,489,657	1281.48%	▲

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Receivables for employee related provisions						34,408
Total receivables general outstanding						149,122

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Amounts shown above include GST (where applicable)				

KEY INFORMATION

Inventory

Inventories are measured at the lower of cost and net realisable value.
Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.
Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

10 BORROWINGS

Repayments - borrowings

Information on borrowings		New Loans			Principal Repayments		Principal Outstanding		Interest Repayments	
Particulars	Loan No.	1 July 2025	Actual	Budget	Actual	Budget	Actual	Budget	Actual	Budget
		\$	\$	\$	\$	\$	\$	\$	\$	\$
Community Recreation & Events Centre	102	1,126,584	0	0	(51,140)	(103,465)	1,075,444	1,023,119	(26,137)	(51,087)
Total		1,126,584	0	0	(51,140)	(103,465)	1,075,444	1,023,119	(26,137)	(51,087)
Current borrowings		103,465					52,326			
Non-current borrowings		1,023,119					1,023,118			
		1,126,584					1,075,444			

All debenture repayments were financed by general purpose revenue.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

11 OTHER CURRENT LIABILITIES

Amounts shown above include GST (where applicable)

A breakdown of contract liabilities and associated movements is provided on the following pages at Note

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Delegate:	Chief Executive Officer
Function: <i>This is a precis only. Delegates must act with full understanding of the legislation and conditions relevant to this delegation.</i>	1. Authority to determine whether or not to reject tenders that do not comply with requirements as specified in the invitation to tender [F&G.r.18(2)]. 2. Authority to seek clarification from tenderers in relation to information contained in their tender submission [F&G r.18(4a)]. 3. Authority to assess, by written evaluation, tenders that have not been rejected, to determine: i. The extent to which each tender satisfies the criteria for deciding which tender to accept; and ii. To accept the tender that is most advantageous within the \$250,000 detailed as a condition on this Delegation [F&G r.18(4)]. 4. Authority to decline to accept any tender [F&G r.18(5)]. 5. Authority to accept the next most advantageous tender if, within 6-months of accepting a tender, a contract has not been entered into <u>OR</u> the local government and the successful tenderer agree to terminate the contract [F&G r.18(6) & (7)]. 6. Authority to determine whether variations in goods and services required are minor variations, and to negotiate with the successful tenderer to make minor variations <u>before</u> entering into a contract [F&G r.20(1) and (3)]. 7. Authority to choose the next most advantageous tender to accept, if the chosen tenderer is unable or unwilling to form a contract to supply the varied requirement <u>OR</u> the minor variation cannot be agreed with the successful tenderer, so that the tenderer ceases to be the chosen tenderer [F&G r.20(2)]. 8. Authority to vary a tendered contract, <u>after</u> it has been entered into, provided the variation/s are necessary for the goods and services to be supplied, and do not change the scope of the original contract or increase the contract value beyond 10% or

1. Local Government Act 1995 Delegations

	to a maximum of \$100,000 whichever is the lesser value [F&G r.21A(a)]. 9. Authority to exercise a contract extension option that was included in the original tender specification and contract in accordance with r.11(2)(j).
Council Conditions on this Delegation:	a. Exercise of authority under F&G.r.18(2) requires consideration of whether or not the requirements as specified in the invitation to tender have been expressed as mandatory and if so, discretion may not be capable of being exercised – consider process contract implications. b. In accordance with s.5.43(b), tenders may only be accepted under this delegation, where: i. The total consideration under the resulting contract is \$250,000 or less; ii. The expense is included in the adopted Annual Budget; and iii. The tenderer has complied with requirements under F&G r.18(2) and (4). c. A decision to vary a tendered contract <u>before</u> entry into the contract [F&G r.20(1) and (3)] must include evidence that the variation is minor in comparison to the total goods or services that tenderers were invited to supply. d. A decision to vary a tendered contract <u>after</u> entry into the contract [F&G r.21A(a)] must comply with the adopted Purchasing Policy 3.1 and must include evidence that the variation is necessary and does not change the scope of the contract. e. A decision to renew or extend the contract must only occur where the original contract contained the option to renew or extend its term as per r.11(2)(j) and that the contractor's performance has been reviewed and the review evidences the rationale for entering into the extended term.

1.2.141.1.14 Procurement of Goods or Services required to address a State of Emergency

Delegator: <i>Power / Duty assigned in legislation to:</i>	Local Government
Express Power to Delegate: <i>Power that enables a delegation to be made</i>	<i>Local Government Act 1995:</i> s.5.42 Delegation of some powers or duties to the CEO s.5.43 Limitations on delegations to the CEO
Express Power or Duty Delegated:	<i>Local Government Act 1995:</i> s.3.57 Tenders for providing goods or services <i>Local Government (Functions and General) Regulations 1996:</i> Regulation 11 'When tenders have to be publicly invited' Tender exemption under subregulation 11(2)(aa) Associated definition under subregulation 11(3)
Delegate:	Chief Executive Officer
Function: <i>This is a precis only. Delegates must act with full understanding of the legislation and conditions relevant to this delegation.</i>	Authority, only to be exercised when a State of Emergency declaration is in force and applies to all or part of the District, to: 1. Determine that particular goods or services with a purchasing value >\$250,000 are required for the purposes of addressing the impact, consequences or need arising from the hazard to which the State of Emergency declaration relates [F&G r11(3)(b)]; and 2. Undertake tender exempt purchasing activity to obtain the supply of those goods or services identified in accordance with point 1 above [F&G r.11(2)(aa)].
Council Conditions on this Delegation:	a. This authority may only be exercised where the goods or services are urgently required, and it is not possible for Council to meet within an appropriate timeframe. b. Compliance with the Purchasing Policy is required, but only to the extent that such compliance will not incur an unreasonable delay in providing the required urgent response to the State of Emergency hazard. The rationale for non-compliance with Purchasing Policy must be evidenced in accordance with the Record Keeping Plan. c. Where a relevant budget allocation is not available and a purchase is necessary in response to a State of Emergency, the expenditure from an alternative available budget allocation must be authorised in advance by the Mayor or President (i.e. before the expense is incurred) in accordance with LGA s.6.8. d. The CEO is to inform Council Members after the exercise of this delegation, including details of the contract specification, scope and purchasing value and the rationale for determining that the goods or services were urgently required in response to the State of Emergency declaration. e. The CEO cannot sub-delegate this authority.

1.1.15 Disposing of Property

Delegator: <i>Power / Duty assigned in legislation to:</i>	Local Government
Express Power to Delegate: <i>Power that enables a delegation to be made</i>	<i>Local Government Act 1995:</i> s.5.42 Delegation of some powers or duties to the CEO s.5.43 Limitations on delegations to the CEO
Express Power or Duty Delegated:	<i>Local Government Act 1995:</i> s.3.58(2) & (3) Disposing of Property <i>Local Government (Functions and General) Regulations 1996:</i> r.30 Dispositions of property excluded from Act s.3.58
Delegate:	Chief Executive Officer
Function: <i>This is a precis only. Delegates must act with full understanding of the legislation and conditions relevant to this delegation.</i>	- Authority to dispose of property to: - to the highest bidder at public auction [s.3.58(2)(a)]. - to the person who at public tender called by the local government makes what is considered by the delegate to be, the most acceptable tender, whether or not it is the highest tenders [s.3.58(2)(b)] - Authority to dispose of property by private treaty only in accordance with section 3.58(3) and prior to the disposal, to consider any submissions received following the giving of public notice [s.3.58(3)]. - Authority to dispose of property, that is prescribed as exempt from the provisions of s.3.58: - disposal of land to an adjoining owner, where the market value is less than \$5000 and the delegate has determined that the land would not be of benefit to anyone other than the adjoining owner. [F&G.r.30(2)(a)] - disposal of land, by lease, to an employee of the local government for use as the employee's residence [F&G.r.30(2)(d)]. - disposal of land, by lease, for a period of less than 2 years during all or any of which time the lease does not give the lessee the exclusive use of the land. [F&G.r.30(2)(e)] - disposal of land, by lease, of a residential property to a person for residential purposes [F&G.r.30(2)(f)]. - disposal of property (other than land / buildings), where the property is disposed within 6 months after it has been unsuccessfully put out to auction, public tender or private treaty via Statewide public notice [F&G.r.(2A)] - disposal of property, other than land / buildings, where the market value is determined as less than \$20,000. [F&G r.30(3)(a)] - disposal of property, other than land / buildings, where the entire consideration received for the disposal is used to

1. Local Government Act 1995 Delegations

	purchase other property AND the total value of the other property is not more, or worth more, than \$75,000. [F&G.r.30(3)(b)] <u>4. Authority to determine new leases, licenses or rental of land or property for periods of 2 years or less.</u> <u>5. Authority to exercise renewal or extension options within existing leases, licences or rental agreements for periods of 2 years or less, where:</u> <u>(a) The lease, licence or rental agreement contains a renewal or extension clause previously approved by Council; and</u> <u>(b) The lessee or licensee has satisfactorily complied with all obligations under the agreement; and</u> <u>(c) Any administrative changes are minor in nature and do not materially alter the financial value, permitted use, risk profile, or duration of the agreement.</u>
Council Conditions on this Delegation:	<u>General Asset & Property Sale Conditions</u> a. Disposal of land or building assets is limited to matters specified in the Annual Budget and in any other case, a Council resolution is required. b. In accordance with s.5.43, disposal of property, for any single project or where not part of a project but part of a single transaction, is limited to, I. a maximum value of \$20,000 or less for property, plant, furniture and equipment. II. the reserve price as set by Council for vacant land including variance outlined in (c). c. When determining the method of disposal: • Where a public auction is determined as the method of disposal: ○ Reserve price has been set by independent valuation. ○ Where the reserve price is not achieved at auction, negotiation may be undertaken to achieve the sale at up to a -10% variation on the set reserve price. • Where a public tender is determined as the method of disposal and the tender does not achieve a reasonable price for the disposal of the property, then the CEO is to determine if better value could be achieved through another disposal method and if so, must determine not to accept any tender and use an alternative disposal method. • Where a private treaty is determined [s.3.58(3)] as the method of disposal, authority to: ○ Negotiate the sale of the property up to a -10% variance on the valuation; and

1. Local Government Act 1995 Delegations

	○ Consider any public submissions received and determine if to proceed with the disposal, ensuring that the reasons for such a decision are recorded. d. Where the market value of the property is determined as being less than \$20,000 (F&G r.30(3) excluded disposal) may be undertaken: • Without reference to Council for resolution; and • <u>In any case, be undertaken to ensure that the best value return is achieved however, where the property is determined as having a NIL market value, then the disposal must ensure environmentally responsible disposal.</u> <u>Specific Leasing, Licencing and Rental Conditions</u> e. <u>For transactions relating to land or building leases, licences, or rental agreements, the maximum total consideration is extended up to \$50,000 (ex GST) for the full term (including extensions), overriding the general \$20,000 limit specified in Condition b(l).</u> f. <u>All new or renewed leases, licences or rental of land or property for a term exceeding 2 years are to be referred to Council for determination, except for staff housing or privately owned housing arrangements.</u>

8.1.2 Certain Town Planning Functions Relating to Local Planning Scheme No.2

Delegator: <i>Power / Duty assigned in legislation to:</i>	Local Government
Express Power to Delegate: <i>Power that enables a delegation to be made</i>	<i>Local Government Act 1995:</i> - s.5.42(b) Delegation of some powers or duties to the CEO - s.5.43 Limitations on delegations to the CEO s. 5.44 CEO may delegate powers and duties to other employees s. 5.45 Other matters relevant to delegations under this division s. 5.46 Register of, and records relevant to, delegations to CEO and employees
Express Power or Duty Delegated:	<i>Planning and Development Act 2005:</i> <i>Planning and Development (Local Planning Schemes) Regulations 2015 -Schedule 2 (Deemed Provisions) Clauses 82, 83 & 84</i> <i>Shire of Corrigin Local Planning Scheme No.2</i>
Delegate:	Chief Executive Officer
Function: <i>This is a precis only. Delegates must act with full understanding of the legislation and conditions relevant to this delegation.</i>	Council delegates its authority and power to the Chief Executive Officer in accordance with Clauses 82, 83 and 84 in Schedule 2 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> as follows: 1.0 <u>Advertising Applications for Development Approval</u> Public advertising of Applications for Development Approval in accordance with Clause 64 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> where specifically required or deemed necessary due to concerns regarding potential impacts, including referrals to adjoining and other nearby landowners, State government agencies and essential service providers. 2.0 <u>Consideration and Final Determination of Applications for Development Approval</u> 2.1 Approve Applications for Development Approval with a use permissibility classification of 'P', 'D' and 'A' in Table 1 (i.e. Zoning Table) of the Shire of Corrigin Local Planning Scheme No.2 in accordance with Schedule 2 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>, and impose conditions as required where: - a)The proposed development is compliant with all relevant standards and requirements, including minor variations thereto where no substantial impacts will occur; and - b)No valid planning objections have been received (if advertised) 2.2 Where any valid planning objections are received during public advertising of a development application for a single house or any development associated with a single house, excluding

	development of or associated with a heritage protected place, the Chief Executive Office shall determine the application as required by Schedule 2 of the Planning and Development (Local Planning Schemes) Regulations 2015. 2.3 Approve an application to amend an aspect of a previously approved development application which, if amended, would not substantially change the development approved as per clause 77 in Schedule 2 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>. 2.4 Grant an extension of development approval for up to two (2) years with no changes to any conditions of approval as per clause 77 in Schedule 2 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>. 2.5 Refusal of all development applications where the proposed use is not permitted (i.e. use permissibility classification of 'X' in Table 1 (i.e. Zoning Table) of the Shire of Corrigin Local Planning Scheme No.2). 2.6 With the exception of single houses or any development associated with a single house, excluding development of or associated with a heritage protected place, an officer to whom delegated authority is granted to finally determine development applications is not to exercise that authority in the following circumstances and shall refer all applications to a meeting of Council for formal consideration and final determination: a) Where the Chief Executive Officer has received a request from a Councillor that the matter be referred to Council for consideration or determination; or b) Where the delegated decision would be contrary to the intent of a previous decision made at a Council meeting, or any law or regulation; or c) Where notification has been given to adjoining and nearby owners or the general public for comment in accordance with the Local Planning Scheme or any associated policy and valid planning objections have been received within the time specified. 3.0 <u>Use Not Listed</u> To determine if a use that is not specifically listed in the Zoning Table (Table 1) of the Shire of Corrigin Local Planning Scheme No.2 is consistent, may be consistent
--	--

	or is not consistent with the objectives of the zone and publicly advertise an Application for Development Approval in accordance with Clause 64 of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> where the use may be consistent with the objectives of the subject land's relevant zoning classification. 4.0 <u>Advertising Extensions for Local Planning Scheme Amendments</u> To extend the advertising period for local planning scheme amendments where it is considered necessary to provide adequate consultation and/or accommodate specific community consultation exercises (e.g. special electors' meetings, workshops etc.). 5.0 <u>Directions Regarding Unauthorised Development</u> To give written direction/s in relation to unauthorised development and to authorise any action available to the local government under the <i>Planning and Development Act 2005</i> incidental to such written direction, including but not limited to: a) issuing a notice to remove, pull down, take up, or alter the development and to restore the land as nearly as practicable to its condition immediately before the development started, to the satisfaction of the local government; and/or b) commence legal action in accordance with the Council's endorsed procedure for compliance and enforcement. These powers shall not be exercised in circumstances where the Chief Executive Officer has received a request from a Councillor that the matter be referred to Council for consideration or determination. 6.0 <u>Responsible Authority Reports to the Development Assessment Panel</u> To submit Responsible Authority Reports to the Development Assessment Panel pursuant to Regulation 12 of the <i>Planning and Development (Development Assessment Panels) Regulations 2011</i> in relation to applications for development approval under Shire of Corrigin Local Planning Scheme No.2. The Chief Executive Officer is to advise Council of the lodgement and subsequent decision of a Development Assessment Panel (DAP) application at the next available Council meeting. 7.0 <u>Subdivision Applications</u>
--	---

	7.1 Determine and provide formal responses to the Western Australian Planning Commission (WAPC) in relation to all strata, survey strata and subdivision applications (including amalgamations) that are fully compliant with the Shire of Corrigin Local Planning Scheme No.2, the Residential Design Codes and WAPC Development Control Policy 3.4 - Subdivision of Rural Land as applicable. 7.2 Issue formal subdivision clearances where the relevant local government conditions of subdivision approval by the WAPC have been satisfied and all relevant application fees have been paid by the proponent. <u>Important Notes:</u> a) The delegations outlined above do not preclude the Delegate or Sub-Delegate referring the categories of development or legal proceedings outlined above to Council for formal consideration and final determination after having regard to the circumstances of a particular case. b) Where any development application has been determined under the delegations outlined above the approval shall contain the following footnote: <i>The above determination has been made by the local government's Chief Executive Officer under delegated authority in order to expedite the decision making process. If you are aggrieved by the decision you may request that the matter be reviewed by the State Administrative Tribunal.</i> c) All matters determined under delegated authority are to be listed at the first available Ordinary Meeting of Council.
Council Conditions on this Delegation:	NIL
Express Power to Sub-Delegate:	Local Government Act 1995: s.5.44 CEO may delegate some powers and duties to other employees
Sub-Delegate/s: <i>Appointed by CEO</i>	NIL
CEO Conditions on this Sub-Delegation: <i>Conditions on the original delegation also apply to the sub-delegations.</i>	NIL

ENVIRONMENTAL PROTECTION ACT 1986

Section 20

Delegation No. 52

Pursuant to section 20 of the *Environmental Protection Act 1986*, the Chief Executive Officer hereby delegates as follows—

Powers and duties delegated—

All the powers and duties of the Chief Executive Officer, where any noise is being or is likely to be emitted from any premises not being premises licensed under the Act, to serve an environmental protection notice under section 65(1) in respect of those premises, and where an environmental protection notice is so served in such a case, all the powers and duties of the Chief Executive Officer under Part V of the Act in respect of that environmental protection notice.

Persons to whom delegation made—

This delegation is made to any person for the time being holding or acting in the office of Chief Executive Officer under the *Local Government Act 1995*.

Pursuant to section 59(1)(e) of the *Interpretations Act 1984*, Delegation No. 32, dated 4 February 2000 is hereby revoked.

Dated this 9th day of January 2004.

Approved—

FERDINAND TROMP, A/Chief Executive Officer.

Dr JUDY EDWARDS MLA, Minister for the Environment.

ENVIRONMENTAL PROTECTION ACT 1986

Delegation No. 119

I, Jason Banks, in my capacity as the Acting Chief Executive Officer of the Department responsible for the administration of the *Environmental Protection Act 1986* ("the Act"), and pursuant to section 20 of the Act, hereby delegate to the holder for the time being of the offices of:-

(a) Chief Executive Officer under the *Local Government Act 1995*; and

(b) to any employee of the local government under the *Local Government Act 1995* who is appointed as an Authorised Person under section 87 of the Act,

all my powers and duties in relation to noise management plans under regulation 13 of the *Environmental Protection (Noise) Regulations 1997*, other than this power of delegation.

Under section 59(1)(e) of the *Interpretation Act 1984*, Delegation No. 111, gazetted 20 December 2013, is hereby revoked.

Dated the 1st day of May 2014.

JASON BANKS, Acting Chief Executive Officer.

9.2 Planning and Development Act 2005

9.2.1 Instrument of Authorisation - Sign Development Applications for Crown Land as Owner

DoL FILE 1738/2002v8; 858/2001v9

PLANNING AND DEVELOPMENT ACT 2005

INSTRUMENT OF AUTHORISATION

I, **Donald Terrence Redman MLA**, Minister for Lands, a body corporate continued by section 7(1) of the *Land Administration Act 1997*, under section 267A of the *Planning and Development Act 2005*, HEREBY authorise, in respect of each local government established under the *Local Government Act 1995* and listed in Column 2 of the Schedule, the person from time to time holding or acting in the position of Chief Executive Officer of the relevant local government, to perform the powers described in Column 1 of the Schedule subject to the conditions listed in Column 3 of the Schedule.

Dated the 2nd day of June 2016

HON DONALD TERRENCE REDMAN MLA
MINISTER FOR LANDS

SCHEDULE

This is the Schedule referred to in an Instrument of Authorisation relating to Development Applications under the *Planning and Development Act 2005*

Column 1

The power to sign as owner in respect of Crown land that is:

- a reserve managed by the local government pursuant to section 46 of the *Land Administration Act 1997* and the development is consistent with the reserve purpose and the development is not for a commercial purpose; or
- the land is a road of which the local government has the care, control and management under section 55(2) of the *Land Administration Act 1997* and where there is no balcony or other structure proposed to be constructed over that road unless that structure comes within the definition of a "minor encroachment" in the Building Regulations 2012 (Regulation 45A), or is an "awning, verandah or thing" (Regulation 45B), or is a ground anchor, and where the development is consistent with the use of the land as a road,

in respect of development applications being made under or referred to in:

- section 99(2) of the *Planning and Development Act 2005* in respect of development for which approval is required under a regional interim development order (as that term is defined in that Act);
- section 103(2) of the *Planning and Development Act 2005* in respect of development for which approval is required under a local interim development order (as that term is defined in that Act);
- section 115 of the *Planning and Development Act 2005* in respect of development within a planning control area (as that term is defined in that Act);
- section 122A of the *Planning and Development Act 2005* in respect of which approval is required under an improvement scheme (as that term is defined in that Act);
- section 162 of the *Planning and Development Act 2005* in respect of developments for which approval is required under a planning scheme or interim development order (as those terms are defined in that Act);
- section 163 of the *Planning and Development Act 2005* in respect of development on land which is comprised within a place entered in the Register maintained by the Heritage Council under the *Heritage of Western Australia Act 1990*, or of which such a place forms part;
- section 171A of the *Planning and Development Act 2005* in respect of a prescribed development application (as that term is defined in that section of that Act).

9.2.2 WA Planning Commission – Powers of Local Governments - s.15 of the Strata Titles Act 1985 (DEL.2020/01)

29 January 2021

GOVERNMENT GAZETTE, WA

449

PL402

PLANNING AND DEVELOPMENT ACT 2005

INSTRUMENT OF DELEGATION

Del 2020/01 Powers of Local Governments

Delegation to local governments of certain powers and functions of the Western Australian Planning Commission relating to certain applications under the *Strata Titles Act 1985*

Preamble

Under section 16 of the *Planning and Development Act 2005* (the Act) the Western Australian Planning Commission (the WAPC) may, by resolution published in the *Government Gazette*, delegate any function under the Act or any other written law to a local government, a committee established under the *Local Government Act 1995* or an employee of a local government.

In accordance with section 16(4) of the Act, a reference in this instrument to a function or a power of the WAPC includes and extends to, without limitation or restriction, any of the powers, privileges, authorities, discretions, duties and responsibilities vested in or imposed on the WAPC by the Act or any other written law as the case requires.

Resolution under section 16 of the Act (delegation)

On 20 January 2021, pursuant to section 16 of the Act, the WAPC RESOLVED—

- A. TO DELEGATE to local governments, and to members and officers of those local governments, its powers and functions under section 15 of the *Strata Titles Act 1985* as set out in clause 1 of Schedule 1, within their respective districts, subject to the conditions set out in clause 3 of Schedule 1;
- B. TO DELEGATE to local governments, and to members and officers of those local governments, its powers and functions under sections 21 and 22 of the *Strata Titles Act 1985* as set out in clause 2 of Schedule 1, within their respective districts, subject to the conditions set out in clause 3 of Schedule 1;
- C. TO AMEND “Del 2020/01—Powers of Local Governments” to give effect to its resolution and to publish an updated, consolidated instrument.

SAM FAGAN, Western Australian Planning Commission.

Schedule 1

1. Applications made under section 15 of the *Strata Titles Act 1985*

Power to determine applications under section 15 of the *Strata Titles Act 1985*, except those applications that—

- (a) propose the creation of a vacant lot;
- (b) propose vacant air stratas in multi-tiered strata scheme developments;
- (c) propose the creation or postponement of a leasehold scheme;
- (d) propose a type 1 (a) subdivision or a type 2 subdivision (as defined in section 3 of the *Strata Titles Act 1985*);
- (e) in the opinion of the WAPC as notified to the relevant local government in writing, or in the opinion of the relevant local government as notified to the WAPC in writing, relate to—
 - i. a type of development; and/or
 - ii. land within an area,

which is of state or regional significance, or in respect of which the WAPC has determined is otherwise in the public interest for the WAPC to determine the application.

2. Applications under sections 21 and 22 of the *Strata Titles Act 1985*

Power to determine applications under—

- (a) section 21 of the *Strata Titles Act 1985*;
- (b) section 22 of the *Strata Titles Act 1985* where the amendment or repeal of scheme by-laws requires the approval of the WAPC.

3. Reporting requirements

A local government that exercises the powers referred to in clause 1 and/or clause 2, is to provide the WAPC with data on all applications determined under this Instrument of Delegation. This must be provided at the conclusion of each financial year in the format prescribed by the WAPC.

3 November 2023

GOVERNMENT GAZETTE, WA

3615

PL402

PLANNING AND DEVELOPMENT ACT 2005

NOTICE OF AMENDMENT TO INSTRUMENT OF DELEGATION—POWERS OF LOCAL GOVERNMENTS

Notice of amendment to the Instrument of Delegation 2020/01 Powers of Local Governments gazetted on 29 January 2021 (and as amended).

Preamble

Under section 16 of the *Planning and Development Act 2005* (the Act) the Western Australian Planning Commission (the WAPC) may, by resolution published in the *Government Gazette*, delegate any function under the Act or any other written law to a local government, a committee established under the *Local Government Act 1995* or an employee of a local government.

In accordance with section 16(4) of the Act, a reference in this instrument to a function or a power of the WAPC includes and extends to, without limitation or restriction, any of the powers, privileges, authorities, discretions, duties and responsibilities vested in or imposed on the WAPC by the Act or any other written law as the case requires.

Resolution under s16 of the Act (delegation)

On 31 August 2022, pursuant to section 16 of the Act, the WAPC RESOLVED—

- A. TO AMEND the Instrument of Delegation 2020/01 Powers of Local Governments as gazetted on 29 January 2021 (and as amended), as set out in Schedule 1 below.

SAM FAGAN, Secretary, Western Australian Planning Commission.

Schedule 1

1. Instrument of delegation amended

The amendments within this Schedule are to the Schedules set out in the Instrument of Delegation 2020/01 Powers of Local Governments as gazetted on 29 January 2021, and as amended.

2. Amendments to clause 1 of Schedule 1

Add the following immediately after 1(e)—

- (f) in the opinion of the relevant local government as notified to the WAPC in writing, propose development of a type which the local government considers would warrant the imposition of a condition requiring the ceding of land for public open space or payment in lieu thereof.

9.3 Main Roads Act 1930

9.3.1 Traffic Management - Events on Roads

A list of local governments authorised for Traffic Management for Events can be found on the Main Roads WA website [here](#)

**WESTERN AUSTRALIA
ROAD TRAFFIC CODE 2000
REGULATION 297(2)
INSTRUMENT OF AUTHORISATION**

**RELATING TO
TRAFFIC MANAGEMENT FOR EVENTS**

Pursuant to Regulation 297(2) of the *Road Traffic Code 2000* the Commissioner of Main Roads ("the Commissioner") hereby authorises (Insert name of Local Government) (Authorised Body") by itself, its employees, consultants, agents and contractors (together "Representatives") to, from the date indicated below, erect, establish, display, alter or take down such road signs of whatsoever type or class (except for permanent traffic control signals) as may be required for the purpose and duration of any:

- i) "event" subject to an order from the Commissioner of Police pursuant to Part VA of the *Road Traffic Act 1974*;
- ii) race meeting or speed test for which the Minister referred to in section 83 of the *Road Traffic Act 1974* has, under that provision, temporarily suspended the operation of any provisions of the *Road Traffic Act 1974* or regulations made under that Act; or
- iii) public meeting or procession the subject of a permit granted by the Commissioner of Police under the *Public Order in Streets Act 1984*;

or as may be required for the purpose of controlling traffic on a road adjacent to, or in the vicinity of, any event or organised activity approved by the Authorised Body under its local laws, on a road (other than a main road or highway) within its jurisdiction, SUBJECT ALWAYS to the following terms and conditions:

- (a) the Authorised Body shall at all times observe, perform and comply with the provisions of the "Traffic Management for Events Code of Practice" (as amended or replaced from time to time in consultation with the Traffic Management for Events Advisory Group) issued by Main Roads Western Australia ("the Code") referring to the version which is current at the time of the event, a copy of which can be obtained from Main Roads Western Australia from www.mainroads.wa.gov.au or by contacting Main Roads by phone;
- (b) the Authorised Body shall develop and implement procedures that will satisfy the Commissioner that traffic management implemented by the Authorised Body, its employees, agents and contractors will in all respects conform to and comply with the requirements of the Code; and
- (c) the Authorised Body shall ensure that its Representatives comply with the terms and conditions identified above at paragraphs (a) and (b) as if they were named in those paragraphs in place of the Authorised Body.

By executing and returning the acknowledgment at the foot of this authorisation, the Authorised Body agrees to observe, perform and comply with the above terms and conditions.

The powers in this Instrument of Authorisation do not change or replace:

- 1) any prior Instrument of Authorisation from the Commissioner of Main Roads for the purposes of undertaking traffic management for works on roads; and
- 2) any powers and responsibilities of a local government provided in regulation 9 of the *Road Traffic (Events on Roads) Regulations 1991*.

9.3.2 Traffic Management – Road Works

A list of Local Governments authorised for the purposes of Road Traffic Code 2000 r.297(2) are available on Main Roads WA website [here](#)

WESTERN AUSTRALIA ROAD TRAFFIC CODE 2000 REGULATION 297(2) INSTRUMENT OF AUTHORISATION

Pursuant to Regulation 297(2) of the Road Traffic Code 2000 the Commissioner of Main Roads ("the Commissioner") hereby authorises
("Authorised Body") by itself, its employees, consultants, agents and contractors (together "Representatives") to, from the date indicated below, erect, establish, display, alter or take down such traffic signs and traffic control devices of whatsoever type or class (except for permanent traffic control signals) as may be required for the purpose and duration of any works, survey or inspection, associated with the construction, maintenance or repair on a road (other than a main road or highway), any adjoining land or any portion thereof within its jurisdiction, SUBJECT ALWAYS to the following terms and conditions:

- (a) the Authorised Body shall at all times observe, perform and comply with the provisions of the "Traffic Management for Works on Roads Code of Practice" (as amended or replaced from time to time in consultation with the Traffic Management for Roadworks Advisory Group) issued by Main Roads Western Australia ("the Code") referring to the version which is current at the time of the relevant works, a copy of which can be obtained from Main Roads Western Australia from www.mainroads.wa.gov.au or by contacting Main Roads by phone;
- (b) the Authorised Body shall develop and implement procedures that will satisfy the Commissioner that traffic management implemented by the Authorised Body, its employees, agents and contractors will in all respects conform to and comply with the requirements of the Code; and
- (c) the Authorised Body shall ensure that its Representatives comply with the terms and conditions identified above at paragraphs (a) and (b) as if they were named in those paragraphs in place of the Authorised Body.

By executing and returning the acknowledgment at the foot of this authorisation, the Authorised Body agrees to observe, perform and comply with the above terms and conditions.

This Instrument of Authorisation replaces any prior Instrument of Authorisation under Regulation 297(2) of the Road Traffic Code 2000 between the Commissioner and the Authorised Body. The Commissioner's delegation dated 17 July 1975 to a number of Local Governments outside the Perth metropolitan area, is not affected by this Instrument of Authorisation except that this Instrument of Authorisation prevails wherever roadworks are concerned. That 1975 delegation was made under Regulation 301 of the Road Traffic Code 1975 and related to non-regulatory signage.

9.4 Road Traffic (Vehicles) Act 2012

9.4.1 Approval for Certain Local Government Vehicles as Special Use Vehicles

Government of Western Australia
Department of Transport
Driver and Vehicle Services

ROAD TRAFFIC (VEHICLES) ACT 2012

Road Traffic (Vehicles) Regulations 2014

RTVR-2017-202046

APPROVAL UNDER REGULATION 327(4)(f) FOR CERTAIN LOCAL GOVERNMENT VEHICLES AS SPECIAL USE VEHICLES

Pursuant to the *Road Traffic (Vehicles) Regulations 2014* (the *Regulations*), I, Christopher Davers, Assistant Director Strategy and Policy, Driver and Vehicle Services, Department of Transport, and delegate of the Chief Executive Officer of the Department of Transport by way of a delegation instrument dated 7 August 2017, hereby approve vehicles owned by a local government and ordinarily used by persons authorised or appointed by that local government to perform functions on its behalf under:

- (a) the *Local Government Act 1995*;
- (b) regulations made under the *Local Government Act 1995*;
- (c) a local law;
- (d) any other legislation empowering a local government to authorise or appoint persons to perform functions on the behalf of the local government (including but not limited to the *Dog Act 1976*); or
- (e) any combination of the above paragraphs (a) to (d);

as special use vehicles for the purposes of paragraph "f" of the definition of "*special use vehicle*" in regulation 327(4) of the *Regulations*, with the effect that those vehicles may be fitted with one or more yellow flashing lights under regulation 327(3)(b) of the *Regulations*, subject to the following conditions:

CONDITIONS

1. Those lights must emit rotating, flashing yellow coloured light(s) and must not be a strobe light.
2. At least one flashing light shall be mounted on top of the vehicle and when lit, shall be visible in normal daylight up to a distance of not less than 200 metres to vehicles approaching from any direction.
3. No part of the lens of the flashing lights is visible either directly or indirectly to the driver when seated in the normal driving position.
4. If more than one flashing light is fitted, they must be placed symmetrically about the centre line of the vehicle or combination of vehicles.
5. An on/off switch for the flashing lights must be installed so as to be easily operated from the driver's seat.
6. Any additional equipment fitted to the vehicle must not interfere with the overall safe operation of the vehicle.
7. Any vehicle fitted with flashing lights for the purposes of this approval must:

Delegation Register

Shire of Corrigin

Government of **Western Australia**
Department of **Transport**

Driver and Vehicle Services

- (a) have words clearly set out on the sides of the vehicle which state the name of the local government in question together with the words "Ranger", "Ranger Services", or words to similar unambiguous effect; and
- (b) where the vehicle is a station wagon or van, have the words "Ranger", "Ranger Services", or words to similar unambiguous effect clearly set out on the back of the vehicle.

This condition 7 is not intended to prevent the use of additional words on the vehicle.

A handwritten signature in blue ink, appearing to read "C. Davers", written over a horizontal line.

1.6 PRIVACY AND INFORMATION SHARING POLICY

Policy Owner: Governance and Compliance

Person Responsible: Chief Executive Officer

Date of Approval: 16 October 2018

Amended: XXXX

Objective: To ensure that the Shire of Corrigin manages personal information in a lawful, transparent and responsible manner in accordance with the *Privacy and Responsible Information Sharing Act 2024 (PRIS Act)*, including the collection, use, disclosure and protection of personal information, and the management of information sharing and information breaches.

Policy: **Scope**

This policy applies to:

- Council Members
- Employees
- Contractors
- Volunteers

It applies to all personal information handled by the Shire, regardless of format (including electronic and physical records).

Definitions

- *Personal Information*
Information or an opinion about an identified individual or an individual who is reasonably identifiable.
- *Sensitive Information*
Personal information that requires a higher level of protection, including information relating to health, beliefs, criminal history or other sensitive matters.
- *Information Breach*
Unauthorised access, disclosure, loss or misuse of information.
- *Notifiable Information Breach*
An information breach likely to result in serious harm that requires notification under the PRIS Act.

Policy

The Shire will manage personal information in accordance with the Information Privacy Principles (IPPs) under the PRIS Act.

The Shire of Corrigin is committed to protecting personal information and ensuring that information is:

- collected, used and disclosed lawfully;
- managed in accordance with community expectations;
- safeguarded against misuse, loss and unauthorised access; and
- handled in compliance with the PRIS Act and other relevant legislation.
- The Shire will only collect personal information where it is reasonably necessary for its functions and activities.

The Shire will take reasonable steps to:

- maintain the accuracy of personal information, ensuring records are complete, relevant and up to date;
- safeguard personal information from misuse, interference and unauthorised access, modification or disclosure; and
- ensure appropriate access for individuals to their personal information in accordance with legislative requirements, including the *Freedom of Information Act 1992*.

Where practical, individuals will be provided the option of anonymity when engaging with the Shire.

The Shire will make information about its privacy practices available to the public upon request.

Collection, Use and Disclosure

The Shire will:

- collect personal information only where necessary to perform its functions;
- collect information by lawful and fair means, and where practicable directly from the individual;
- only use or disclose information for the primary purpose of collection or a related purpose that would be reasonably expected; and
- only use or disclose personal information outside these circumstances where permitted or required by law.

Information Sharing

The Shire may share personal information where permitted under the PRIS Act, including where:

- the individual has provided informed consent;
- disclosure is required or authorised by law;
- there is a serious threat to life, health or safety; or
- it is reasonably necessary to carry out the Shire's functions or deliver services.
- All information sharing must be:
- lawful, necessary and proportionate;
- limited to what is required for the intended purpose; and
- appropriately documented where required.

Information Security and Storage

The Shire will implement appropriate administrative, physical and technical safeguards to protect personal information from:

- loss;
- unauthorised access;
- modification; and
- disclosure.

Personal information will be stored securely and accessed only by authorised personnel.

Information will be retained and disposed of in accordance with the *State Records Act 2000* and the Shire's recordkeeping requirements.

Information Breaches

All suspected or actual information breaches must be reported as soon as practicable to the Chief Executive Officer.

The Shire will:

- investigate and assess all information breaches;
- maintain a register of information breaches;
- take appropriate steps to mitigate harm; and
- notify affected individuals and relevant authorities where required.

From 1 January 2027, notifiable information breaches will be managed in accordance with the notification requirements of the PRIS Act.

Responsibility

The Chief Executive Officer is responsible for:

- ensuring compliance with this policy and the PRIS Act; and
- overseeing the management of privacy risks and information breaches.

All Council Members, employees and contractors are responsible for:

- complying with this policy;
- protecting personal information;
- using information appropriately; and
- reporting any suspected information breaches.

Legislation

- *Privacy and Responsible Information Sharing Act 2024 (WA)*
- *Freedom of Information Act 1992*
- *State Records Act 2000*
- *Local Government Act 1995*

3.7 ANNUAL BUDGET PREPARATION

Policy Owner:	Corporate and Community Services
Person Responsible:	Deputy Chief Executive Officer
Date of Approval:	18 October 2022
Amended:	XXXX

Objective: To provide clear direction to elected members, staff, and community members on the adoption of the Annual Budget, in compliance with the *Local Government Act 1995*.

Policy: The decision to adopt the annual budget is an approval given by Council to the Chief Executive Officer (CEO) for all items of expenditure to be committed without further authorisation except:

- a) Major projects requiring a resolution of Council approving a design or concept
- b) Works subject to tenders that require Council approval in accordance with section 3.57 of the *Local Government Act 1995* and have not been delegated to the CEO under section 5.43(b) of the *Local Government Act 1995*.
- c) Any other items specified by Council at the time of adopting the annual budget requiring the approval of the Council.

A compliant, accurate, and well forecast budget is critical to the success of the overall finances of the Shire.

The budget must be consistent with the requirements and principles of the WA Local Government Accounting Manual, the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* and the Australian Accounting Standards Board.

This policy establishes a structure for the formalisation, administration and management of the Council budget that satisfies statutory and Council requirements.

Budget Formalisation Principles

In setting budget priorities, the Council Plan (CP) provides the required guidance to staff along with the following principles:

- Financial indicators from the CP form the basis of the annual budget.
- Revenue from rates will be to a level that produces a balanced budget while achieving the priorities and expectations as outlined in the CP.
- Evaluation of initiatives outside of the CP will be based on sustainability, value for money and community needs.
- Formalisation of the annual budget will include the end of year current surplus/deficit estimate.
- Funding allocations for Financial Assistance Programs will be determined annually by Council, with funding caps applied where appropriate.

Key Components of the Annual Budget

There are several key components of the Shire's annual budget:

- Operating Revenue
- Operating Expenditure
- Capital Expenditure
- Cash Backed Reserves

Budget Considerations for Reserve Funds

The requirement for each reserve fund and associated target values will be assessed and net transfers to reserves will be managed in accordance with the LTFP's goal of achieving target values.

Form and Content of Budget and Working Papers

The budget will be produced and considered at a series of executive briefings and Councillor budget workshops. The statutory budget will be presented to Council in accordance with Part 3 of the *Local Government (Financial Management) Regulations 1996*.

Mid-Year Budget Review

The Shire will conduct a budget review between January and March of each financial year for the purpose of addressing budget variations during the first half of the year in line with Part 3 section 33A of the *Local Government (Financial Management) Regulations 1996*. The review will be presented to Council for consideration no later than the Ordinary Meeting of Council in March of the financial year.

Budget Management Timetable

The timetable below outlines the key activities associated with Council's budget processes, including the adoption of the Annual Budget. It is intended as a guide and may vary from year to year.

The budget workshop process is flexible and may include a range of matters for discussion depending on Council priorities, strategic planning requirements, and operational needs.

Items considered during budget workshops include financial assistance programs, fees and charges, capital works, carryover projects, strategic planning and policy reviews.

January

- Review and prepare the application and advertisements for the Community Assistance Program with a closing date being the last Friday in April.
- Commence advertising of the Community Assistance Program to the community requesting submissions for the upcoming budget.

February

- DCEO to commence a review of the current budget

March

- CEO and DCEO to present the budget review to the Council at the Ordinary Meeting of Council.
- DCEO to set budget workshop dates and distribute to Council for comment and confirmation.
- Review of CP and identify community expectations for the relevant financial year.
- Commence a review of the fees and charges. Work towards listing all relevant statutory references and be aware of the requirements of section 6.17(1)(a) of the *Local Government Act 1995* with respect to demonstrating how the cost of the service equates to the fee or charge.
- Works Supervisor to carry out review of informing strategies 10 year plant replacement program and 10 year road program.
- Building Officer to carry out asset inspections and review informing strategy 10 year building program.

- Pool Manager to review informing strategy 10 year swimming pool program.
- Staff to commence preparation of the annual budget and rates brochure.

April

- Population of operating expenditure and income budget worksheets.
- Workshop informing strategies, LTFP and rates and rubbish models with Councillors.
- Building Officer to submit annual building maintenance budgets.
- Review all Financial Assistance Program guidelines and funding allocations (Community Assistance Program, Business Assistance Grant Program and CCTV Subsidy Partnership Program) and present any recommended changes to Council.

May

- Calculate asset disposals and review against informing strategy.
- Prepare salaries and wages budget worksheets in line with the Shire of Corrigin Enterprise Agreement and workshop with CEO, Manager of Works and Services and HR Officer.
- Commence preparation of the Capital Road and Project budget worksheets and workshop with CEO and Manager of Works and Services.
- Workshop revenue budget, asset disposal calculations, Community Assistance Program applications and Financial Assistance Program allocations (including Business Assistance Grant Program and CCTV Subsidy Partnership Program) with Councillors.
- All staff with information to go out with rate notices (excluding budget and rates brochure) to have it compiled, printed, and folded.

June

- Advise Community Assistance Program applicants of the status of the applications.
- Commence calculating depreciation and insurance budgets.
- Prepare elected member's remuneration budget.
- Commence review of carry forward surplus/deficit.
- Workshop operating expenditure, salaries and wages and capital expenditure with Councillors.

July

- Review borrowings budgets.
- Review annual material variance policy pursuant to regulation 34(5) of the *Local Government (Financial Management) Regulations 1996*.
- Finalise carry forward surplus/deficit
- Finalise fees and charges document
- Workshop the entire budget with Council.
- Prepare Statutory Budget document.
- Review Budget Adoption resolution pursuant to relevant legislation.
- Present statutory budget and fees and charges to Councillors at the Ordinary Meeting of Council.
- Raise rates billing and send out rate notices before 31 July of each year, preferably within 3 days of the budget adoption.
- Publish fees and charges on Council website.
- Publish and promote final statutory budget on Council website.

August

- Advise Community Assistance Program applicants of the budget outcome.
- Submit the statutory budget to the Department of Local Government, Sport and Cultural Industries in the prescribed manner within 30 days of adoption.
- Commence advertising and opening of the Business Assistance Grant Program and CCTV Subsidy Partnership Program, subject to available budget allocations.

3.8 ASSET ACCOUNTING CAPITALISATION AND DEPRECIATION THRESHOLDS

Policy Owner: Corporate and Community Services
Person Responsible: Deputy Chief Executive Officer, Senior Finance Officer
Date of Approval: 18 August 2009
Amended: 21 April 2015, 16 October 2018, 20 October 2020, 20 May 2025, XXXX

Objective: To provide a clear framework for the consistent reporting of the Shire's financial information to Council, in accordance with Australian Accounting Standards and the statutory requirements of the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*.

This policy also establishes minimum capitalisation thresholds and standard depreciation practices for asset management.

Policy: This policy provides guidance for the development and presentation of the following financial documents:

- Management Reports
- Annual Financial Report
- Annual Budget
- Long Term Financial Plan (LTFP)

It ensures the correct recognition of capital expenditure and the subsequent capitalisation, depreciation, revaluation, and disposal of assets, which directly affect the Shire of Corrigin's financial position.

This policy should be read in conjunction with:

- Policy 3.18 Portable and Attractive Assets
- Policy 3.19 Asset Disposal

Recognition of Non-Current Assets

In accordance with AASB 116, expenditure on non-current assets must meet the following criteria:

- The asset has physical substance (unless it is an intangible asset);
- The Shire has control over the asset;
- Future economic benefits or service potential are probable;
- The item is not held for sale and is expected to be used for more than 12 months;
- The cost can be measured reliably; and
- The value exceeds the Shire's capitalisation threshold.

All recognised assets must be recorded in the asset register in a complete, accurate and timely manner.

Asset records must be regularly reviewed and reconciled with accounting records to ensure accuracy and completeness.

Non-Current Assets Held for Sale

These are recognised in accordance with AASB 5 and measured at the lower of:

- Carrying amount, or
- Fair value less costs to sell.

Subsequent Measurement

Expenditure on a capitalised asset after its initial acquisition must be classified as either:

- Operating expenditure (maintenance), or
- Capital expenditure, if the following apply:
 1. The value exceeds the capitalisation threshold; and
 2. The works extend the asset's useful life by more than 12 months; or
 3. The works provide materially increased economic benefit or service potential.

If these criteria are not met, the expenditure is considered maintenance.

Capitalisation Threshold

The capitalisation threshold is \$5,000 (excluding GST) for all asset classes.

Capitalisation Thresholds by Asset Class

Asset Class	Threshold
Land	\$Nil
Buildings	\$5,000
Plant and Equipment	\$5,000
Furniture and Equipment	\$5,000
Infrastructure – Roads	\$5,000
Infrastructure – Drainage	\$5,000
Infrastructure – Parks and Gardens	\$5,000
Infrastructure – Footpaths	\$5,000
Infrastructure – Other	\$5,000

**Note: Airports may include components from various asset classes. Apply the relevant threshold to each component.*

Portable and Attractive Assets

Portable and attractive assets that fall below the capitalisation threshold must be recorded and managed in accordance with the Portable and Attractive Assets Policy.

Assets below the threshold that are considered portable and attractive must still be tracked and monitored, including:

- maintaining records for identification and management;

- undertaking an annual stocktake; and
- reporting and investigating any discrepancies.

Portable and attractive assets that fall below the capitalisation threshold are to be recorded and managed in accordance with the Portable and Attractive Assets Policy.

Asset Classification – Renewal, Upgrade or New

All asset-related expenditure must be classified as:

- Renewal – extends the remaining useful life of an asset;
- Upgrade – increases the economic benefit or service potential;
- New – creates an asset not previously recognised.

Note: If expenditure replaces a part of an existing asset but does not increase useful life or benefit, it is classified as maintenance.

Measurement Basis

Assets are initially measured at cost.

Where assets are acquired at no cost or below fair value (e.g. contributed assets), they are recognised at fair value at the acquisition date.

Where no market exists:

- current replacement cost is to be used;
- market value is applied where available; or
- cost approach methods may be applied where market data is not available.

Annual Reviews

At the end of each financial year, the following must be reviewed:

- replacement cost / unit rates
- condition or consumption rating
- pattern of consumption
- useful life
- residual value
- recoverable amount

These reviews must be documented and support the valuation and financial reporting of assets in accordance with relevant standards and legislation.

Depreciation

Depreciation is to be applied systematically over an asset's useful life and must:

- reflect the pattern of consumption;
- be applied at a component level where appropriate;
- be adjusted for residual value; and
- be reviewed annually.

Assets under construction are not depreciated until complete and available for use and are recognised as Works in Progress.

Depreciation is applied on a straight-line basis unless otherwise justified.

Useful Life Guidelines by Asset Class

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful Life
Buildings	30 to 120 years
Furniture and Equipment	3 to 15 years
Plant and Equipment	2 to 25 years
- Heavy Vehicles	15 to 25 years
- Light Vehicles	2 to 7 years
Sealed Roads and Streets - Formation	Not depreciated
- Pavement	15 to 80 years
- Seal (Bituminous / Asphalt)	15 to 80 years
Gravel Roads - Formation	Not depreciated
- Gravel Sheet	15 to 80 years
Footpaths – Slab	30 to 40 years
Sewerage Piping	100 years
Water Supply and Drainage Systems	30 to 50 years
Infrastructure – Parks and Ovals	5 to 50 years
Infrastructure – Other	5 to 50 years

Non-Depreciable Assets

Assets that are **not** depreciable:

- Freehold and Vested Land;
- Road Sub-grade;
- Artworks and Art Collections.

Revaluation

Assets will be revalued to fair value in accordance with regulation 17A of the *Local Government (Financial Management) Regulations 1996*. Fair value is determined using AASB 13.

The Shire will apply a rolling revaluation program across asset classes to ensure assets are maintained at fair value in accordance with relevant accounting standards and legislative requirements.

As a general guide, major asset classes will be revalued on a cyclical basis, typically over a period of up to five years. Asset classes may include:

- Infrastructure assets (including roads, footpaths, drainage and other infrastructure)
- Plant, equipment and furniture
- Land and buildings

Asset classes may be revalued more frequently where there is a material change in value or where required to ensure fair presentation.

Detailed revaluation schedules will be developed and maintained through the Long Term Financial Plan and Asset Management Plans.

Internal Controls

All asset accounting practices must be supported by appropriate internal controls, including:

- accurate record keeping;
- periodic review and reconciliation processes; and
- documentation to support valuation and financial reporting outcomes.

3.9 COMMUNITY ASSISTANCE PROGRAM

Policy Owner:	Corporate and Community Services
Person Responsible:	Deputy Chief Executive Officer, Senior Finance Officer
Date of Approval:	18 October 2022
Amended:	XXXX

Objective: To provide an overarching framework for financial assistance to not for profit community-based organisations, event organisers and eligible applicants, supporting social, economic, recreational, arts and cultural projects that contribute positively to the quality of life within the Shire of Corrigin.

Policy: This policy provides prospective applicants with information about the financial assistance available through the Community Assistance Program.

The program is designed to ensure the assessment process provides:

- Transparency and accountability to the Corrigin community
- Fairness and equity to all applicants
- Clear eligibility criteria for each funding category
- Defined funding limits
- Guidance to assist applicants in the completion and lodgement of applications
- Assessment by a delegated officer or Council

Types of Funding

1. Community Donations

Community donations are small grants of up to \$500.

Each organisation may submit multiple applications per financial year, provided the cumulative total of approved funding does not exceed \$500.

2. Community Grants

Community grants provide financial assistance of up to \$5,000 to support community events or projects.

Funding is generally based on a one-third contribution from the Shire, with the balance contributed by the applicant organisation.

Each organisation may submit one application per financial year.

3. Significant Event Sponsorship/Assistance

Significant event sponsorship/assistance provides funding of up to \$10,000 per financial year to support major community events.

Each organisation may submit one application per financial year.

Restrictions on Funding

Council may allocate funding for the Community Assistance Program each financial year through the Annual Budget process. As a guide, the current total allocation is \$35,000 for the funding categories and \$30,000 for the waiver of rates, rubbish and facility or equipment fees.

The allocation of funding across categories will be determined by Council and may include:

- Community Donations — up to \$5,000
- Community Grants — up to \$15,000

- Significant Events — up to \$15,000

Community organisations receiving waivers or reduced fees will only be eligible to apply for Community Grants and Significant Event Sponsorship/Assistance where the combined value of assistance does not exceed the relevant funding category limit.

Eligible projects and events are outlined in the Community Assistance Program Guidelines.

Eligibility

To be eligible for assistance, applicants must be:

- a not for profit incorporated community organisation; or
- an unincorporated not for profit organisation applying through an auspice of an incorporated body or local government authority.

The following are not eligible:

- unincorporated organisations without an auspice arrangement
- commercial for-profit organisations
- organisations with outstanding acquittals from previous funding

Individuals may only apply where an eligible incorporated organisation submits the application on their behalf under an auspice arrangement.

Recurring Grants

Funding is not guaranteed. Council is not obligated to fund any application or to provide the full amount requested.

Advertising

Applications for the Community Assistance Program will open in January and will be advertised through local media, the Shire website, and social media channels.

Selection Criteria

Applications will be assessed against the criteria outlined in the Community Assistance Program Guidelines.

Administration of Financial Assistance

Financial assistance approvals will be administered as follows:

- Where funding is contingent on external funding and that funding is unsuccessful, Council may withdraw the allocation and reallocate funds.
- Funding will generally be paid upon completion of the project or event, following submission of a tax invoice.
- Approved funding not claimed by 31 May of the relevant financial year will be considered forfeited.
- Late applications will not be accepted.
- Projects demonstrating broad community benefit and contribution will be prioritised.
- Applications for salaries, administration or recurring expenses will not be supported.

Council may determine applications in full, in part or decline applications based on available funding and alignment with Council priorities.

Council's decision is final and no appeals process applies.

Applicants may only be successful in one funding round per financial year unless otherwise approved by Council.

Applicants may not receive funding from more than one Shire financial assistance program for the same project within the same financial year, unless otherwise approved by Council.

Timeframe

Applications will be considered during budget workshops held in April/May, with recommendations incorporated into the Annual Budget.

Applicants will be advised in writing of outcomes following budget adoption.

The Annual Budget will be adopted no later than August, with final notifications issued no later than September.

Acquittal process and outcomes

Successful applicants must submit an acquittal within 30 days of project completion, including:

- receipts; and
- a project outcome report.

Failure to complete an acquittal will result in ineligibility for future funding.

Related Policies

This policy applies only to the Community Assistance Program and should be read in conjunction with the Community Assistance Program Guidelines.

Other Shire financial assistance programs, including the Business Assistance Grant Program and CCTV Subsidy Partnership Program, are administered under separate policies and guidelines.

3.18 PORTABLE AND ATTRACTIVE ASSETS

Policy Owner: Corporate and Community Services
Person Responsible: Deputy Chief Executive Officer
Date of Approval: 20 July 2021
Amended: XXXX

Objective: To establish guidelines for the management, control and recording of portable and attractive assets to minimise risk of loss, theft or misuse and to ensure appropriate accountability and record keeping.

Policy: **Definition**
Portable and attractive assets are items of relatively low value that are susceptible to theft or loss due to their portability and attractiveness and may not be immediately noticeable as missing.

Portable and attractive assets are generally items below the asset capitalisation threshold but considered high risk due to their nature.

Scope
This policy applies to all portable and attractive assets owned or controlled by the Shire of Corrigin, including items purchased, donated or otherwise acquired.

Statement
Portable and attractive assets are to be recorded and controlled to:

- a) safeguard assets against theft, loss or misuse;
- b) ensure accountability for the use and management of assets; and
- c) minimise financial loss to the Shire.

Recording and Reporting
All portable and attractive assets must be recorded in a portable and attractive asset register 'the register'.

The register should, where applicable, include:

- asset description
- location
- identifying number or serial number
- date of acquisition
- value (where known)
- responsible officer or custodian

The portable and attractive asset register must be maintained in a complete, accurate and up to date manner and reconciled with accounting records where applicable.

Assets should be clearly identified or tagged where practical.

Internal Controls
Portable and attractive assets must be managed in accordance with appropriate internal controls, including:

- allocation of responsibility to a designated officer;
- secure storage where appropriate;

- asset identification and tagging where practical;
- documentation of asset movement between users or locations; and
- separation of responsibilities where feasible.

Monitoring and Stocktakes

A stocktake of portable and attractive assets is to be undertaken at least annually or on a rolling basis.

Any discrepancies identified during stocktakes must be:

- investigated;
- recorded; and
- updated in the register.

Reports on stocktake outcomes are to be provided to the Executive. Periodic audits may also be undertaken to verify asset existence and accuracy of records.

Loss, Theft or Damage

All portable and attractive assets that are lost, stolen or damaged must be reported as soon as practicable to the responsible officer.

All incidents must be:

- recorded; and
- updated in the register in a timely manner to ensure records remain accurate and complete.

Where appropriate, incidents are to be reported in accordance with the Shire's risk management and insurance processes.

Disposal

Portable and attractive assets must be disposed of in accordance with the Shire's Asset Disposal Policy and delegations.

All disposals must be recorded in the register in a timely manner to ensure records remain accurate and complete.

Responsibility

The Deputy Chief Executive Officer is responsible for the overall administration of this policy.

Relevant key staff are responsible for:

- maintaining records of portable and attractive assets within their areas of responsibility;
- assisting with and participating in stocktakes of assets within their work areas;
- monitoring the usage and condition of assets; and
- ensuring compliance with this policy.

All Employees are responsible for:

- the appropriate use and care of assets assigned to them; and
- reporting any loss, theft or damage as soon as practicable.

3.19 ASSET DISPOSAL

Policy Owner: Corporate and Community Services
Person Responsible: Deputy Chief Executive Officer
Date of Approval: 18 October 2022
Amended: XXXX

Objective: To establish protocols for the disposal of assets owned by the Shire of Corrigin in accordance with section 3.58 of the *Local Government Act 1995*, ensuring the best possible financial, environmental and community outcomes while maintaining transparency, accountability and appropriate internal control.

Policy: The following principles apply to the disposal of assets:

1. Asset disposal decisions, including the reasons for such actions, are to be recorded in the Shire's asset registers and associated accounting records.
2. Asset disposals must be recorded in a timely manner to ensure asset registers and accounting records remain accurate, complete and up to date.
3. Asset disposal records must be reconciled with the asset register and accounting records to ensure completeness and accuracy.
4. The financial outcome of asset disposals will be influenced by market conditions.
5. Disposal of assets by private treaty must demonstrate that the most beneficial outcome was achieved.
6. Assets approved to be written off are to be removed from the asset register at their written down value at the date of write-off.
7. Environmental considerations must be taken into account where assets are disposed of to landfill, in accordance with the *Environmental Protection Act 1986* and relevant waste classification guidelines.
8. Appropriate documentation must be retained to support all asset disposal decisions, including approvals, valuation considerations and disposal outcomes.

Section 3.58 of the *Local Government (Functions and General) Regulations 1996* establishes the methods by which local governments may dispose of assets. These methods are to be followed by Shire staff in accordance with this policy.

Responsibility for Disposal

- Vehicles shall be either traded in against a replacement vehicle as part of a public tender process or disposed of by public auction.
- Heavy plant shall be either traded in against a replacement item of plant through a public tender process or sold by public auction. The Manager of Works and Services is responsible for heavy plant disposals in accordance with this policy.
- Minor plant items are to be disposed of in accordance with this policy and are the responsibility of the Manager of Works and Services.
- Land is to be disposed of in accordance with this policy and is the responsibility of the Chief Executive Officer.

- Buildings are to be disposed of in accordance with this policy and are the responsibility of the Chief Executive Officer or Deputy Chief Executive Officer.
- Furniture and equipment are to be disposed of in accordance with this policy and are the responsibility of the Chief Executive Officer or Deputy Chief Executive Officer.
- Infrastructure assets are to be disposed of in accordance with this policy and are the responsibility of the Chief Executive Officer or Deputy Chief Executive Officer.
- Information technology assets are to be disposed of in accordance with this policy and are the responsibility of the Deputy Chief Executive Officer.
- Artwork assets within the Shire of Corrigin are the responsibility of Council and must be disposed of in accordance with this policy.

Authority to Dispose of Property

Assets to be disposed of must be included in the Annual Budget or approved by a resolution of Council, unless the disposal falls under a condition outlined in the relevant delegation.

Asset disposals must be undertaken in accordance with established internal controls, including appropriate authorisation, segregation of duties and documentation to support the disposal decision.

Reasons for disposal

Assets may be disposed of where they:

- a) have reached their pre-determined economic life;
- b) are no longer required due to changes in functionality or usage;
- c) have reached the end of their useful life based on condition assessment;
- d) no longer comply with workplace health and safety standards;
- e) are environmentally unviable, subject to risk assessment;
- f) are beyond repair or no longer operable;
- g) are unable to provide an acceptable level of service; or
- h) are stolen, lost or damaged.

Methods of Disposal

The disposal method must comply with section 3.58 of the *Local Government Act 1995* and be appropriate to the value, nature and condition of the asset.

Approved methods include:

- a) Trade-in – as part of an asset replacement program.
- b) Public Tender – in accordance with legislative advertising requirements.
- c) Auction – conducted by a licensed auctioneer in accordance with relevant requirements.
- d) Destruction or Landfill – where items have no commercial value.
- e) Donation or contribution – as approved by Council.
- f) Other means – as resolved by Council.

Disposal of Information and Communication Technology

All ICT equipment must undergo appropriate data sanitisation prior to disposal to ensure that all data is permanently removed and cannot be recovered.

Data sanitisation may include:

- secure data wiping using approved software; or
- physical destruction of data storage devices where required.

Where required, internal storage components may be removed and sanitised by the Shire's ICT support provider.

The responsible officer must ensure that:

- all ICT assets are sanitised prior to disposal;
- a record of data sanitisation is maintained as part of disposal documentation; and
- disposal does not compromise the confidentiality, integrity or availability of information.

Following sanitisation, ICT equipment may be:

- disposed of through approved methods;
- made available for sale; or
- donated for community use,

provided the equipment is in suitable working condition and restored to a standard operating state where appropriate.

Where ICT equipment is not suitable for reuse, it is to be physically destroyed or disposed of in accordance with relevant environmental and e-waste guidelines.

Roles and Responsibilities

Chief Executive Officer

- a) The CEO is the custodian of the Shire's assets and has delegated authority to approve disposal of property as outlined in the Delegations Register.
- b) The CEO is responsible for ensuring compliance with this policy and relevant legislation.

Deputy Chief Executive Officer and Manager of Works and Services

- a) The DCEO and Manager of Works and Services have delegated authority to approve disposal of property in accordance with the Delegations Register.
- b) They are responsible for ensuring that all disposals are carried out in accordance with this policy and that appropriate controls, documentation and records are maintained.

FINANCIAL ASSISTANCE PROGRAMS

Policy Owner: Corporate and Community Services

Person Responsible: Deputy Chief Executive Officer

Date of Approval: XXXX

Amended:

Objective: To provide an overarching framework for all financial assistance programs administered by the Shire of Corrigin, including community, business, and safety initiatives, ensuring transparency, accountability, and consistency across all programs.

Policy: The Shire of Corrigin provides a range of financial assistance programs to support community development, economic growth, and public safety. These programs are delivered through separate Council policies and guidelines which outline specific eligibility criteria, funding limits and assessment processes.

Funding amounts, limits and eligibility requirements vary between programs and are defined in the relevant program guidelines.

The Shire's financial assistance programs currently include:

- Community Assistance Program
- Business Assistance Grant Program
- CCTV Subsidy Partnership Program

Each program operates under its own guidelines and application process as approved by Council.

Applicants must meet the eligibility requirements outlined in the relevant program guidelines.

This policy should be read in conjunction with relevant Council policies and program guidelines, including the Community Assistance Program Policy.

All programs will be administered in accordance with the following principles:

- Transparency and accountability to the Corrigin community
- Fairness and equity to all applicants
- Alignment with the Shire of Corrigin Council Plan
- Responsible financial management within approved budget allocations

Applications will be assessed by the Shire Executive and determined by Council or under delegated authority, in accordance with the relevant program guidelines. Assessment criteria and processes are outlined in the relevant program guidelines.

Elected Members and staff involved in the assessment or approval process must disclose any conflicts of interest in accordance with the *Local Government Act 1995*, associated Regulations, and Council policies.

Funding for all programs is subject to the adoption of the Annual Budget and availability of funds within each program allocation.

Applicants may not receive funding from more than one Shire financial assistance program for the same project within the same financial year, unless otherwise approved by Council.

All financial assistance programs will be reviewed annually as part of the budget process to ensure they remain aligned with community needs, Council priorities, and available resources.

Council may vary funding amounts, approve applications in part, or decline any application based on available funds and alignment with the Shire of Corrigin Council Plan and strategic priorities.

Policy Review Summary

Policy	Key Changes	Reason / Outcome
Policy 1.6 – Privacy and Information Sharing	Renamed and expanded; now includes information sharing, data breaches and PRIS Act requirements; strengthened collection, use, disclosure and security requirements; added breach management; clarified roles	Aligns with PRIS Act; strengthens governance, transparency and data protection
Policy 3.7 – Annual Budget Preparation	Expanded principles and structure; updated detailed budget timetable; strengthened links to LTFP and asset planning; clarified compliance and workshop process	Improves financial planning, consistency and transparency; aligns with legislation and best practice
Policy 3.8 – Asset Accounting	Strengthened asset recognition and capitalisation rules; clarified maintenance vs capital; improved asset register and reconciliation requirements; expanded depreciation and revaluation guidance	Improves compliance with accounting standards and audit outcomes
Policy 3.9 – Community Assistance Program	Refined eligibility and funding limits; clarified Council discretion; strengthened application and acquittal processes; reduced overlap with other programs	Improves fairness, consistency and governance of grant administration
Policy 3.18 – Portable and Attractive Assets	Updated policy to include asset/minor register, controls and annual stocktakes; clarified responsibilities and reporting	Strengthens asset control; reduces risk of loss or misuse; improves audit compliance
Policy 3.19 – Asset Disposal	Expanded disposal methods and controls; improved recording and reconciliation; added environmental and ICT data disposal	Strengthens governance, compliance and reduces financial and data risks

Policy	Key Changes	Reason / Outcome
	requirements; clarified responsibilities	
Policy – Financial Assistance Programs (New)	Introduced overarching framework for all assistance programs; clarified relationships between programs; aligned with Council Plan and budget; added rules to avoid duplication	Improves consistency, transparency and alignment with Council priorities

Council Plan 2025-2035 – Progress as at 31/03/2026

The progress on the Strategic Community Plan is outlined as follows:

COMMUNITY

Desired Outcome: Inclusive, healthy and resilient community

No	Community Priority	Priority Actions	Our Role	25 26	26 27	27 28	28 29	Progress/Status
1.1	Access to key and enabling community infrastructure and services	1.1.1 Continued provision of local GP services	Partner and Deliver	X	X	X	X	Continued to support the ongoing provision of local GP services through the renewal of a further six-year lease with Dr Raj and First Health, ensuring long-term service stability for the community. The Shire continues to provide a Shire-owned residence and vehicle for the doctor, and maintained the doctors surgery, including recent upgrades to the Wellness Centre and Medical Centre roof. Additional operational support included assistance with furniture and equipment needs and transitioning the practice to a VOIP phone system to improve service reliability, as well general maintenance and operational costs.
		1.1.2 Support initiatives to attract and retain emergency service volunteers	Partner and Deliver	X	X	X	X	Continued to support the attraction and retention of emergency service volunteers through quarterly LEMC meetings, ongoing brigade training, and participation in regional DFES workshops and information sessions. These actions help maintain a well-supported, skilled and resilient volunteer network.
		1.1.3 Advocate for the retention of the local childcare service	Advocate	X	X	X	X	Continued to advocate for the ongoing retention of the local childcare service through support for staffing, housing and funding requirements. The Shire also supported service continuity by providing a Shire-owned building under lease for the daycare to operate from.
		1.1.4 Maintain a strong supportive relationship with Corrigin District High School	Facilitate	X	X	X	X	Maintain a strong and supportive relationship with Corrigin District High School by continuing to engage with school leadership, advocate for staffing and housing needs, and support opportunities for students. Promotion of the Edna Stevenson Scholarship Fund continued to encourage local youth participation in further education. The Shire also assists with providing work placements for school based trainees and work experience.
1.2	Safe, accessible and inviting public places and facilities	1.2.1 Maintain parks, gardens and open spaces in line with resourcing (focus on Rotary Park)	Deliver	X	X	X	X	Rotary Park Redevelopment completed in 2024, with additional lawn upgrades completed in late 2025 with further funding allocated for a shade shelter over the BBQ area in the 2025/26 Budget and due for completion by 30 June. Sporting surfaces and irrigation infrastructure at CREC also upgraded in the 2025/26 Budget.

		1.2.2 Investigate opportunities / initiatives to collaborate with local businesses and community groups to enhance CCTV and lighting	Deliver	X				Introduced new business collaboration initiatives including the Business Assistance Grant (up to \$2,000 per project for 10 projects), the CCTV Subsidy Partnership Program (up to \$500 per installation, up to 10 rebates) and the continued Community Assistance Program. These programs support local business development, safety improvements and community partnerships, with annual funding rounds and multiple grants available each financial year.
		1.2.3 Review and demonstrate progress of the Shire Disability Access and Inclusion Plan (DAIP)	Deliver	X				The Disability Access and Inclusion Plan (DAIP) was reviewed, updated and endorsed in 2025 following community and stakeholder engagement. The DAIP 2025–2030 is published on the Shire website in multiple accessible formats, and public feedback was invited during the review and draft stages. The Shire continues to implement DAIP actions and meet legislative requirements.
1.3	High standard of community and recreation activities and facilities	1.3.1 Update the Youth Plan	Deliver	X				The Youth Plan, last endorsed in 2023, is scheduled for review in 2026/27.
		1.3.2 Deliver targeted initiatives to teenagers and young adults (through the CRC)	Deliver	X	X	X	X	Delivered a range of youth-focused initiatives through the CRC, including school holiday programs. As part of future planning, the review and update of the Youth Plan will help guide the development of more targeted workshops and activities aimed at engaging teenagers and young adults. These initiatives are intended to continue providing opportunities for learning, recreation and social connection over the life of the Council Plan.
		1.3.3 Investigate a skate park	Deliver	X	X			Council allocated \$100,000 in the 2025/26 Budget to investigate a new youth recreation space. Staff are progressing options using the old tennis courts as the initial site, with consideration of a skate park, pump track and pickleball facilities. Further investigations will continue to identify grant funding opportunities to complete the full project.
		1.3.4 Work with local clubs to coordinate investment into sport and recreation facility and equipment upgrades	Partner and Deliver			X	X	Coordinated with local sport and recreation clubs on facility upgrades, including improved playing surfaces, CREC enhancements such as bird netting, and the installation of fans at the indoor netball courts. Further funding has been allocated in the 2025/26 Budget, and the Shire will continue working with clubs on future facility and equipment upgrades.
		1.3.5 Improve	Deliver			X	X	Continue to work with local sport and recreation clubs to improve governance

		governance arrangements with local clubs to ensure they are simple and easy to implement and monitor						arrangements by providing guidance on grant processes, reporting requirements and compliance expectations. Efforts focused on making governance systems simple and easy for clubs to implement and monitor, supporting stronger administrative practices and more sustainable club operations.
	1.3.6	Promote and deliver the Shire's Community Grant Scheme	Deliver	X	X	X	X	Promoted and delivered the Shire's Community Grant Scheme through the ongoing Community Assistance Program, providing financial and non-financial support to community groups and not-for-profit organisations. The program continues each year, offering Community Donations, Community Grants and Significant Event Sponsorship to support locally led projects, events and initiatives.
	1.3.7	Support local arts and culture initiatives	Partner and Deliver	X	X	X	X	Continued to support local arts and culture initiatives by working with the Corrigin Arts Club to promote arts-based activities, exhibitions and community participation. Planning has also progressed for future mural projects identified through recent community engagement. The Shire will continue to explore additional arts opportunities and partnerships to increase creative activity across the district. Recent Business Assistance Grants have also been structured to allow business owners to incorporate public art or murals into shopfront improvements, supporting both cultural expression and streetscape enhancement.
	1.3.8	Support the Corrigin Senior Citizens group in initiatives that promote and deliver benefits for our seniors.	Partner and Deliver	X	X	X	X	Supported the Corrigin Senior Citizens group through ongoing collaboration on initiatives that benefit local seniors, including assistance with future facility planning and engagement with aged care service providers. The Shire also progressed actions from the Aged Friendly Community Plan, such as improving pathways and accessways and strengthening relationships with home-care providers, to enhance safety, accessibility and wellbeing for older residents. In addition, the Shire recently provided in-kind support toward the Senior Games hosted in Corrigin. Ongoing collaboration with the Senior Citizens Committee will continue to identify future improvement opportunities and support seniors-focused programs over the life of the Council Plan.

ECONOMY

Desired Outcome: A strong, diverse local economy

No	Community Priority	Priority Actions	Our Role	25 26	26 27	27 28	28 29	Progress/Status
2.1	Road network is safe, well maintained and capable of the freight task	2.1.1 Continue to deliver the Road Management Program with a view to improve maintenance of gravel roads, in line with Council's adopted road hierarchy and long term road construction and maintenance plans	Deliver	X	X	X	X	We continued carrying out our road program based on Council's priorities and long-term plans for building, upgrading and maintaining our roads. Major works included reconstruction and widening on Corrigin–Quairading Road and Wickepin–Corrigin Road, final seals on Corrigin–Quairading Road and Babakin–Corrigin Road, shoulder reconditioning on Yealering–Kulin Road, and crumbed-rubber reseals on narrow bitumen sections. Floodway and safety improvements were also completed. Ongoing gravel road maintenance and future upgrades will continue to be guided by the annual review of the 10-year Road Works Program.
		2.1.2 Advocate for Brookton Hwy improvements as well as access to the Corrigin CBH site	Advocate	X				Advocacy for Brookton Highway upgrades and improved access to the Corrigin CBH site continued through regular engagement with Main Roads WA and relevant State Government agencies. These priorities will remain a focus in future transport planning and funding discussions.
		2.1.3 Develop and implement a Gravel Source Management Strategy and Policy	Deliver		X			The Shire will begin developing a Gravel Source Management Strategy and Policy as part of future planning to identify long-term gravel supply needs, sourcing options and site management requirements. This work will focus on ensuring reliable gravel availability to support the Shire's ongoing road construction and maintenance program.
2.2	Improve the town central business district and housing options	2.2.1 Continue to develop the Main Street enhancement in conjunction with the business community	Deliver and Support	X	X			The Shire introduced the Business Assistance Grant program to support improved frontages and streetscape appeal and will continue working with the business community to enhance Main Street presentation, with further opportunities to be identified over time.

		2.2.2	Identify and coordinate residential and industrial land assembly and headworks	Partner and Deliver			X	X	Planning will begin to identify future residential and industrial land needs, including reviewing available sites and the headworks required to support development. With all Granite Rise residential blocks sold in 2026, future planning will also consider options for additional land supply to support long-term growth in the Shire.
		2.2.3	Collaborate with local groups and RoeROC to seek opportunities, funding and partnerships for the delivery of new housing options	Partner and Deliver	X	X	X		Continued working with local groups and RoeROC to explore opportunities, funding and partnerships for new housing options, building on the regional Housing Needs Analysis and Key Worker Housing work already completed. Further planning will focus on identifying funding sources and collaborative projects to support future housing development across the region.
2.3	Promote the visitor experience, particularly nature based tourism	2.3.1	Aesthetic improvements to each of the town entry areas	Deliver		X			Progressed planning for future aesthetic upgrades to the town entry areas, with consideration given to improved landscaping, updated signage and other visual features to enhance the Shire's presentation and sense of arrival. Funding has been included in the 2025/26 Budget, with further design work and opportunities for additional improvements to be explored as part of future planning.
		2.3.2	Active participation in Roe Tourism Association to promote our attractions	Partner and Deliver	X	X	X	X	Continued active involvement in Roe Tourism to promote Corrigin's attractions through regional marketing, signage improvements and shared tourism initiatives, with further opportunities to be explored through ongoing collaboration.
		2.3.3	Enhance the natural and heritage walk trail experiences across the Shire	Deliver		X	X		Planning continued for improvements to the Shire's natural and heritage walk trails, including better signage, wayfinding, interpretive information and general maintenance. Further improvements will be explored over time to enhance the overall trail experience. The Shire is also working with DBCA to maintain trails for fire risk mitigation while protecting the Corrigin Grevillea and other native wildflowers.

Environment

Desired Outcome: Preservation of the natural environment for the benefit of current and future generations

No	Community Priority	Priority Actions	Our Role	25 26	26 27	27 28	28 29	Progress/Status
3.1	Waste management within the Shire	3.1.1 Continue to lead and participate in the Bendering Regional Waste Site	Partner and Deliver	X	X	X	X	Continued active participation in the Bendering Regional Waste Site through ongoing operational coordination and compliance activities with RoeROC member Shires. Further planning will focus on long-term site management, capacity monitoring and future infrastructure needs to support regional waste services.
		3.1.2 Continue to provide a high standard waste transfer station	Deliver	X	X	X	X	Maintained a high standard at the Corrigin Waste Transfer Station, ensuring safe operations, clear site signage and compliance with waste handling requirements. Future improvements will consider layout refinements, traffic flow, and potential upgrades to support increased recycling and waste diversion.
		3.1.3 Continue to educate the community about best practice waste disposal	Deliver		X	X		Provided ongoing community education on correct waste disposal and recycling practices through Shire communications, signage and staff assistance at the Waste Transfer Station. Future initiatives may include updated information campaigns, expanded recycling guidance and targeted education programs for high-waste user groups.
3.2	Protect and use natural resources sustainably	3.2.1 Prepare the community and Shire assets for more frequent natural events	Partner and Deliver	X	X	X	X	Continued preparedness activities, including regular LEMC meetings, emergency exercises and maintenance of Shire assets to withstand adverse weather events. Future planning will include updating risk assessments, improving resilience measures and reviewing asset protection strategies as climate impacts evolve. Alongside other RoeROC Shires, the Shire will also seek funding opportunities for generators and alternative power sources at the CREC to strengthen its capacity as an emergency support facility.
		3.2.2 Manage weeds and pests, verge side vegetation and firebreaks	Partner and Deliver	X	X	X	X	Ongoing management of weeds, pests, verge vegetation and firebreaks through the annual maintenance program and regulatory compliance checks. Future planning includes reviewing vegetation management practices, exploring additional control methods and strengthening seasonal preparedness.
		3.2.3 Implement Council's Waterwise plant selection policy for Shire parks, gardens and verges	Deliver		X	X		Applied Waterwise plant selection principles across Shire parks, gardens and verges to improve sustainability and reduce water use. Future planning will investigate opportunities to expand Waterwise landscaping, increase drought-tolerant plantings and incorporate water-efficient irrigation systems.

		3.2.4 Optimise stormwater capturing opportunities and ensure effective drainage systems	Deliver			X	X	Maintained effective drainage systems throughout the Shire and identified opportunities to improve stormwater capture and flow management. Future works will focus on upgrading priority drainage networks, expanding stormwater reuse options and addressing localised flooding risks.
		3.2.5 Develop Renewable Policy and Renewables Community Benefit Framework	Partner and Deliver	X	X			Work on developing a Renewable Energy Policy and a Renewables Community Benefit Framework has not yet commenced; however, it remains an important future planning activity for the Shire. This work will be progressed in a future stage and will include stakeholder engagement, policy development and assessing opportunities for renewable energy generation and community benefit outcomes.

Civic Leadership

Desired Outcome: Strong governance and leadership

No	Community Priority	Priority Actions	Our Role	25 26	26 27	27 28	28 29	Progress/Status
4.1	Deliver a high standard of governance and administration	4.1.1 Investigate the best option and budget for financial management systems for effective governance and administration of Council	Deliver	X	X			The Shire's financial management systems and procedures continue to support effective governance and administration and are operating effectively. In line with a commitment to continuous improvement, the Shire will continue to review system capability and consider future enhancements to ensure ongoing compliance, efficiency and integration. This includes working with the RoeROC Shires to explore potential ERP system options and tender pathways, informed by audit findings, best practice and changing operational needs. To support this, annual budget allocations of \$100,000 have been set aside in a reserve from 2024/25 onwards, and the project is identified as a priority within the ICT Strategic Plan endorsed in 2025.
		4.1.2 Long term financial plans are implemented and monitored to assist with the timing and achievement of our goals	Deliver	X	X	X	X	Continued to implement and monitor the Long Term Financial Plan (LTFP) to guide financial decision-making and the timing of major projects. Regular reviews ensure alignment with the Annual Budget and the Integrated Planning and Reporting (IPR) framework to support long-term sustainability. The LTFP was reviewed and updated in 2025 and is scheduled for further review as part of the upcoming budget workshops over the next three months.
		4.1.3 Implement and monitor the annual budget to support timely progress toward strategic goals	Deliver	X	X	X	X	Implemented and monitored the annual budget to support timely progress toward strategic goals, supported by monthly financial reports to Council that track performance and variances. Budget workshops were held for the adoption of the 2025/26 Budget. A mid-year budget review was completed in February 2026 to ensure the 2025/26 Budget remains on track and to identify any potential variances, with a further review scheduled for June to ensure an accurate carry-over surplus for the 2026/27 Budget. Budget workshops for the 2026/27 Budget will commence in April. Ongoing improvements will continue to strengthen financial oversight and support transparent audit preparation.
		4.1.4 Investigate shared services and resourcing through partnerships	Partner and Deliver	X	X	X	X	Continued to explore shared service and resourcing opportunities through RoeROC and other regional partnerships. Future planning will assess options for procurement efficiencies, specialist staffing, policy alignment and joint project delivery. Work is also underway with RoeROC to investigate shared ERP system options and potential tender processes to support improved resourcing and system integration across member Shires.

		4.1.5 Continue to implement, monitor and report against the Integrated Planning and Reporting milestones	Deliver	X	X	X	X	Maintained compliance with the Integrated Planning and Reporting (IPR) framework through regular monitoring and reporting on strategic, financial and workforce plan milestones. Ongoing work includes preparing for future IPR document reviews, audits and statutory reporting cycles to support continuous improvement. This report also demonstrates the continued monitoring and implementation of the updated Council Plan endorsed in 2025.
4.2	Keep the community informed and seek their feedback	4.2.1 Improve regular communication and expand channels to inform our community of decisions, actions and opportunities for feedback	Deliver	X	X	X	X	Improved regular communication through the Shire website, public notices, newsletters and active Facebook updates, including emergency information, event promotions and public consultation notices (e.g., planning proposals, community events, Coffee with Council). Future planning will focus on expanding communication channels, increasing engagement opportunities and strengthening two-way feedback with the community.

Memorandum of Understanding and Shared Services Agreement

Memorandum of Understanding and Shared Services Agreement

This Shared Services Agreement (The Agreement)

BETWEEN:

The City of Kalamunda:

2 Railway Road, Kalamunda WA 6076

<http://www.kalamunda.wa.gov.au/>

Email: enquiries@kalamunda.wa.gov.au

AND:

Shire of Corrigin

9 Lynch Street, Corrigin WA 6375

Website – <http://www.corrigin.wa.gov.au>

Email: shire@corrigin.wa.gov.au

The parties hereby agree to the following service requirements and delivery methodology:

1. Engagement

Upon the terms and subject to the conditions hereof, the Shire of Corrigin engages the City of Kalamunda (KAL) to provide it with the services as outlined in the Services Addendum, and (KAL) hereby agrees to provide the Shire of Corrigin with the services.

2. Specialist Professional or Key Resource Services

The City of Kalamunda will provide Shire of Corrigin, specialist professional services, or key services and any other reasonably requested services agreed to by all parties (hereafter called 'the Services'). This agreement will be provided for a maximum of 12 Months, unless terminated by either party in mutual agreement.

Subject to provisions in Section 3, the City of Kalamunda agrees to provide the services in good faith and in a timely, professional, and workmanlike manner and by reasonable instructions of Shire of Corrigin.

3. Philosophy and Critical Success Factors

Philosophy:

- This agreement is based on a philosophy of support and capacity building that incorporates an efficient and effective way for the Shire of Corrigin to address gaps in capacity or capability to deliver service levels needed to sustain and service their respective communities.
- Services will be delivered with respect to appropriately qualified people who will be oriented towards the environment and service needs of the rural Shire. Wherever possible and practical, they will mentor and support the staff of Shire to build their skills and knowledge in appropriate areas. In return, the Shire of Corrigin will offer diversity in rural experience and broadening of specialist knowledge to participating KAL staff, which will enhance their professional development.

Critical Success Factors

- An ongoing commitment by the City of Kalamunda to provide these services that will transcend any senior staff turnover or other critical changes. Services are delivered by the team at Kalamunda within agreed timelines, ensuring consistency and quality of services to the Shire of Corrigin and their Communities.
- All service personnel are introduced to the CEO or relevant key staff of the Shire of Corrigin in a timely fashion and oriented to the systems and processes used in the Shire.
- Early notice is given of any issues that may give rise to service interruptions or changes.

4. Mutual Support and Cooperation

- A. Each of the parties to this agreement agrees that they will take all reasonable steps necessary, at their own expense, to: Designate key individuals to perform their obligations here, conduct periodic meetings of all such key individuals and others as necessary
- i. To fully cooperate with reasonable requests for assistance
 - ii. To take further steps and execute such further documents as may be reasonably necessary
- B. The parties will make diligent efforts through their respective key individuals to identify the cause of any problems in the services and make appropriate adjustments equitably to address and resolve such problems, including the substitution or modification of the Services and the corresponding compensation, therefore.

5. Fees

The City of Kalamunda will invoice Shire of Corrigin for the services monthly, or as otherwise agreed, at a mutually agreed rate. The underlying principle in this area is a user pay system, with acknowledgement and inclusion of the overheads and travel costs incurred by KAL in the delivery of services. This will be reviewed and determined each year in consultation and as part of the annual budget process.

The monthly invoice will describe the services rendered, and subject to there being no areas of discrepancy or further explanation to be discussed, settlement of the account will be made within 30 days. Each party will be responsible for paying all taxes, if any applicable by law in relation to this Agreement.

6. Term and Termination

This agreement will remain in good faith and perpetuity, reviewed over a one-year timeframe with an initial review after three months of the agreement being in place, unless terminated by either party in full consultation or mutual agreement. Should either party seek to terminate the agreement, notification will need to be in writing with a notice period of three months.

Each party agrees to consult in advance with the other party and bring to the attention of the other party any problems, differences of opinion, disagreements or other matters that may lead either party to terminate or seek to terminate this agreement.

The purpose and intent of including this provision is to ensure that both parties are made aware of any issues or problems arising so that they may, in good faith and promptly, consult with each other and resolve any issues arising mutual satisfaction. This will preserve the contractual relationship, goodwill, and mutual respect between the parties to this Agreement

7. Force Majeure

Any failure or delay in the performance of the City in carrying out its services arises out of results primarily from fire, storm, flood, earthquake or other natural occurrences, industrial relations issues, equipment failure, or issues that are beyond the control of the City will be deemed an event of Force Majeure.

8. Confidentiality

It is stipulated and agreed that the City of Kalamunda and the Shire of Corrigin will become acquainted with each other's confidential, privileged and proprietary information in this service provision relationship; and that this Confidential Information is an essential part of the assets of the entities and as such must be treated with respect and the un-authorise use of or disclosure of such information may seriously damage the owners in carrying out their business.

- A. The City of Kalamunda and Shire of Corrigin agree that during the period of this agreement and thereafter, they will not: Directly or indirectly use any part of the other's confidential information,
 - i. Divulge, disclose or make any part of the information available to a third party without the expressed and written permission of the owner, except as may be reasonably necessary to perform the required functions, or as required by law or pursuant to a court order.
- B. The City of Kalamunda and Shire of Corrigin will each refrain from any action or conduct that may reasonably or foreseeably be expected to compromise the confidential or proprietary nature of the other's confidential information.

9. Assignment/Successors

Neither party may assign this agreement or any rights thereunder to any other person or entity without the prior written consent of the other party.

10. Relationship of the Parties

The City of Kalamunda and the Shire of Corrigin are acting solely as independent contractors under this Service Agreement. It is expressly understood and agreed by the parties that nothing in this agreement, its provisions, transactions, or relationships shall constitute either party as an agent, employee, partner or legal representative of the other for any purpose whatsoever; nor shall either party hold itself out as such.

Neither party shall have the authority to bind or commit to the other party in any manner or for any purpose whatsoever except as may be expressly provided for in this Agreement. This Agreement creates no relationship of joint venture, partnership, association, or principal and agent between the parties.

11. Construction of Agreement

This agreement reflects the complete understanding of the parties as of the date hereof and constitutes their entire agreement regarding the Services as negotiated and mutually agreed. This Agreement can only be amended by full consultation and written amendment between the parties.

12. Signatories to Formal Agreement

6.	Review of Certificates and Reports issued by others listed in items 4 and	Minimum Rate	\$100/hr

	7.		
7.	Building and Demolition Permit Application Assessment: • Certified and Uncertified Building Application Telephone calls, emails	Minimum Rate	\$100/hr
8.	Processing and assessment of planning or subdivision applications	Minimum Rate	\$100/hr
9.	Site Visits associated with the assessment of planning applications	Minimum Rate	\$336 plus \$168 per hour over 2 hours
10.	General Planning administration costs	Minimum Rate	\$100/hr
11.	Accommodation for overnight stays	At Cost	At Cost

- *If overtime or weekend work is needed, the City of Kalamunda will charge at time and a half for the first two hours and double time thereafter.*
- *Travel time to and from Shire of Corrigin will be charged as per the hourly rate.*
- *Vehicle costs will be at the applicable Australian Taxation Office rate per kilometre travelled.*

APPENDIX 3: LG2LG SERVICES MOU TEMPLATE

Memorandum of Understanding (MOU)

Local Government to Local Government (LG2LG) Services

1. PARTIES INVOLVED

This Memorandum of Understanding (MOU) is entered into between:

- The Shire of Narrogin, hereinafter referred to as "Service Delivering Shire", and
- [Receiving *Local Government*], hereinafter referred to as "Receiving *Local Government*".

This MOU is for the provision of Local Government to Local Government (LG2LG) services as outlined below.

2. SCOPE OF SERVICES

The Shire of Narrogin (Service Delivering Shire) agrees to provide the following services to the Receiving Local Government as part of the LG2LG arrangement. The list of services may be amended or removed as required.

[Remove as required]

- **Health Services:** Includes, but is not limited to, inspections, assessments, and advisory services related to public health, environmental health, and safety regulations.
- **Building Services:** Includes, but is not limited to general building advice, residential certification, review of certified building applications, swimming pool safety barrier inspections, and enforcement recommendations.
- **Ranger Services:** Includes, but is not limited to, regulatory and enforcement functions, including animal management, local law enforcement, and oversight of public spaces.
- **Planning Services:** Provides, but is not limited to, support for planning and development matters, including land-use planning, development applications, and regulatory compliance.
- **Other Services may be provided as required and can be amended or expanded by mutual agreement.** These services will be delivered in accordance with the agreed terms, including the specific frequency, duration, and any special requirements stipulated by the Recipient.

3. AUTHORISATION FOR SERVICES

The CEO of the Receiving Local Government is responsible for providing the necessary authorisations to the Service Delivery Officer within 30 days of the initial request. LG2LG service delivery will not proceed until all required authorisations are in place, in accordance with the legislative requirements relevant to each role. Some legislation may require that authorisation be

granted to a specific individual rather than by position, and this must be adhered to where applicable.

The CEO must also ensure they are familiar with their local government's current authorisations, appointments, delegations, and issuing officers under relevant legislation, and notify the Shire of Narrogin's Service Delivery Officer (SDO) of any applicable requirements or changes to enable lawful service delivery.

All officers undertaking duties must carry valid photographic identification and written authorisation issued by the Receiving Local Government. In certain cases, authorisation may be granted by position title (e.g. "Environmental Health Officer from the Shire of Narrogin") rather than by name; where this applies, it must be clearly stated in the MOU or the authorisation letter. Upon request, the Shire of Narrogin can issue photographic ID for authorised officers, subject to an applicable fee

[Remove as required]

[Remove if not required] 1. Environmental Health Officer (EHO)

- *Health (Miscellaneous Provisions) Act 1911 (WA): Authorisation to conduct inspections and enforce public health regulations.*
- *Public Health Act 2016 (WA), s.24(1): Authorisation to exercise statutory functions under the Act.*
- *Environmental Protection Act 1986 (WA): Authorisation to address environmental health concerns, pollution control, and waste management enforcement.*
- *Food Act 2008 (WA) & Food Regulations 2009: Authorisation to inspect food businesses and enforce food safety and hygiene standards.*
- *Other relevant local laws applicable to the duties performed for your Local Government.*

[Remove if not required] 2. Building Surveyor, Building Maintenance Officer

- *Building Act 2011 (WA) & Building Regulations 2012: Authorisation to assess building applications, issue permits, and conduct inspections.*
- *Building Regulations 2012 (WA): Authorisation to ensure compliance with the National Construction Code and issue occupancy and compliance certificates.*
- *Other relevant local laws applicable to the duties performed for your Local Government.*

[Remove if not required] 3. Ranger

1. *Local Government Act 1995 (WA): Authorisation to enforce local laws and carry out ranger duties.*
2. *Local Government (Miscellaneous Provisions) Act 1960 (WA): Authorisation for functions under this Act.*
3. *Dog Act 1976 (WA): Authorisation to regulate dog control and enforcement matters.*
4. *Cat Act 2011 (WA): Authorisation to enforce cat management requirements.*
5. *Other relevant local laws applicable to the duties performed for your Local Government.*

The requested authorisation should be granted before the commencement of any relevant duties under this MOU. If authorisation is not provided within the specified 30-day period, the request will be escalated to the EMP&S for further action.

4. MINIMUM STANDARDS FOR REFERRAL DOCUMENTATION

To ensure that services are delivered efficiently and within statutory timeframes, referrals from Receiving Local Governments must meet minimum standards of timeliness and completeness. Specifically:

- Referrals must include all necessary documentation, background information, and a clearly defined scope of the task
- Sufficient notice must be provided to allow for proper scheduling and resourcing
- Incomplete, unclear, or last-minute referrals may result in delays or non-acceptance of the task
- Recurring issues with referral quality should be reported to the Executive Manager Planning and Sustainability (EMP&S) for internal review and, if required, formally raised with the Receiving Local Government for resolution

5. FEES AND CHARGES

- **Adopted Fees and Charges:**
The Provider will charge the Recipient for services provided under this MOU at the rates as adopted and published on the Shire of Narrogin's website. These fees are updated annually and may vary based on the scope of services, labour costs, or changes in legislation.
- **Service Fees:**
Fees will be calculated based on the services rendered, including time spent, resources used, and any additional costs such as mileage, materials, or specialised labour. A complete fee schedule, including a breakdown of charges, will be made available to the Recipient at the time of signing the MOU.
- **Billing Process:**
Billing will occur monthly, with invoices sent to the Recipient within the first week of the month. Invoices will detail the services rendered, time spent, and associated charges (including GST, if applicable).
- **Payment Terms:**
Payment for services rendered is due within 30 days of receipt of the invoice.

6. DURATION AND TERMINATION

- **Term:**
This MOU shall commence on [start date] and continue until terminated in accordance with the termination provisions outlined below.
- **Termination:**
Either party may terminate this MOU with 30 days written notice. Upon termination, the Recipient is responsible for any services rendered and fees incurred up to the effective date of termination.

7. ANNUAL REVIEW

An annual review meeting will be held between the parties to assess the services provided under this MOU. This meeting will allow for the review of:

- The effectiveness and quality of service delivery.
- Any changes to the fee structure or adopted charges.
- The review and update of the authorisation process, if required.
- Any adjustments to services, timelines, or procedures based on feedback or changes in operational needs.

The annual review will also provide an opportunity for both parties to discuss potential improvements and align on expectations for the following year.

8. DISPUTE RESOLUTION

In the event of any disputes arising from the interpretation or execution of this MOU, the following steps will be taken:

- **Initial Resolution:**
The parties will make reasonable efforts to resolve the dispute through direct negotiation.
- **Escalation Process:**
If the dispute cannot be resolved through negotiation, the matter will be escalated to senior management (i.e., the CEO or relevant department heads) for further resolution.

9. CONFIDENTIALITY

Both parties agree to maintain confidentiality regarding any sensitive information shared under this MOU. Confidentiality obligations will remain in place both during and after the termination of this MOU.

10. COMPLIANCE WITH LEGISLATION

Both parties agree to comply with all applicable local, state, and federal legislation in the delivery and management of services under this MOU, including but not limited to the *Local Government Act 1995 (WA)* and related regulatory frameworks.

Each party remains solely responsible for fulfilling its own statutory obligations. The Service Delivering Shire does not assume, nor is it delegated, the legal responsibilities of the Receiving Local Government.

All legislative responsibilities rest with the CEO and governing authority of each respective Local Government. This MOU does not alter, transfer, or delegate those responsibilities unless expressly authorised in writing.

11. SERVICE DELIVERY CAPACITY AND PRIORITY

The Shire of Narrogin's internal service delivery obligations take priority over LG2LG engagements. Tasks performed under this MOU will be scheduled based on available staff capacity and must not interfere with the Shire's ability to meet its own legislative and operational commitments.

In times of staff shortages, such as during periods of leave, vacancies, or increased internal service demands, the Shire may defer, limit, or reschedule LG2LG services at its discretion.

Any proposed new or expanded LG2LG Memoranda of Understanding will be internally reviewed with relevant Shire officers before proceeding, to ensure operational viability and resourcing capability.

12. RECORD-KEEPING

Each local government is responsible for monitoring and enforcing its own regulatory functions, including Planning and Building (PB) matters such as building permits, development applications, infringements, and other statutory obligations.

Both parties agree to maintain accurate and up-to-date records of all services provided under this MOU, including but not limited to invoices, service reports, and authorisations. These records will be retained in accordance with each respective local government's record management policies and applicable legislation.

13. CONFLICTS OF INTEREST

Officers from the Shire of Narrogin must not provide certification or make statutory decisions where a conflict of interest exists. This includes, but is not limited to, situations where the Receiving Local Government:

- Owns the land or building under assessment;
- Is financially contributing to the development or proposed works; or
- Would otherwise directly benefit from the outcome of the certification.

In such cases, the Receiving Local Government must obtain independent third-party certification from another local government or a suitably qualified private provider.

14. AMENDMENTS

This MOU may be amended or updated by mutual written agreement between both parties. Any changes to the scope of services, fees, or other terms must be documented in writing and signed by both parties.

15. INDEMNITY

The Recipient agrees to indemnify and hold harmless the Provider from any claims, damages, or liabilities arising from the Recipient's use of the services, except in the case of negligence or breach of contract by the Provider.

16. ACKNOWLEDGEMENT

By signing below, both parties acknowledge and agree to the terms and conditions outlined in this MOU.

Memorandum of Understanding (MoU)

for

ROE TOURISM ASSOCIATION

1 July 2026 – 30 June 2029

CONTENTS

- 1. Description of collaborating organisations**
- 2. Purpose of the MoU**
- 3. Financial contributions**
- 4. Withdrawal of Member Councils**
- 5. Admitting new Member Councils**
- 6. Communication and exchange of information**
- 7. Intellectual property**
- 8. Amendment of the Memorandum of Understanding**

ATTACHMENT 1

Terms of Agreement - dates and signatures

AGREEMENT

This Memorandum of Understanding (MoU) represents an agreement between;

Shire of Beverley,
Shire of Bruce Rock,
Shire of Corrigin,
Shire of Kondinin,
Shire of Kulin,
Shire of Lake Grace,
Shire of Narembeen and
Shire of Quairading

("the Member Councils")

These local governments are working as an advisory committee of the participating member Councils of the Roe Tourism Association (RTA).

1. Description of collaborating organisations

The eight (8) partner organisations are all Local Government Authorities under the Local Government Act 1995 (as amended), governed by the RTA Constitution, adopted on 15 October 2018.

2. Purpose of the MoU

The purpose of the MoU is to establish a financial contribution and commitment from the eight (8) Councils that form the Roe Tourism group.

3. Financial contributions

- 3.1 Member Councils are required to make Full Membership annual financial contribution towards the operations of RTA. Fees determined by the RTA committee are to be ratified by each individual Council. These contributions are to be distributed between pathway development, employment of an Executive Officer and Marketing Coordinator, and may also be requested to contribute towards specific projects or initiatives of RTA.
- 3.2 The Executive shall have the power to seek external funding for the association.
- 3.3 The committee shall have the power to suggest levies to be paid by all members and to set the level of any such levy. Any such levy is to be ratified by each individual Council.
- 3.4 RTA to provide annual financial contribution information to member Councils in March each year, for budgetary considerations.

- 3.5 Manner of Payment - The contributions referred to in clause 3.1 shall be paid by each Member Council to RTA in the manner determined by Roe Tourism Association.
- 3.6 Member Councils contributions and any grant funding is to be centralised by the RTA dedicated bank account. RTA will be responsible for the financial reporting requirements.

4. Withdrawal of a Member Councils

- 4.1 A Member Council may at any time withdraw from RTA upon giving twelve (12) months written notice to of its intention to withdraw.
- 4.2 The withdrawal of a Member Council shall take effect from the end of the financial year (30 September), in which notice of withdrawal under 4.1 is given.
- 4.3 The Member Council shall still be liable for its financial contribution to full membership costs for the duration of the notice period.

5. Admitting new Member Councils

- 5.1 Section 3.65 of the Local Government Act 1995 is to apply if a Regional Local Government is established.
- 5.2 Prospective new member Councils shall be required to submit an application in writing to the committee for RTA Full Membership
- 5.3 Prospective new member Councils may be admitted to join RTA subject to the unanimous agreement of the current members.
- 5.4 If a new member Council applies to join RTA, the committee shall determine and consider any additional 'entry' costs incurred by RTA for updating their website, altering the Constitution, printing new promotional material and any other associated costs.
- 5.5 On entry, a new member Council shall be liable to pay RTA the determined 'entry' cost, in addition to the annual Full Member fee and Executive Officer contribution as described in section 3.

6. Communication and exchange of information

Information dissemination is largely via email. Records are to be retained as per Record Keeping Plan of the respective local government. Agendas and Minutes are to be retained in a hard copy as well as electronic version by the RTA Executive Officer.

7. Intellectual property

Rights to the intellectual property as produced will be retained by the committee of all work produced.

8. Amendment of the Memorandum of Understanding

- 8.1 The Member Councils may amend this MoU by majority agreement of the member Councils
- 8.2 The MoU can be amended to include another local government as a party to the amending agreement.

ATTACHMENT 1

Terms of the Agreement

This MoU is effective from _____ (date of signing) to 30 June 2029
and can be extended on mutual agreement of all signatories.

3rd of March 2026

Shire of Corrigin

Re: Development Application: Lot 21 on Deposited Plan 41206: 70 Corrigin South Road, Corrigin WA

Please find attached to this letter our application for consideration of Development to the CBH site at the above-named address.

We apply for consideration of this development as a registered builder licence # 102338.

The owners nominated contact is Timothy Roberts CBH Group Lead-Planning and Approvals. Should you require any information from the owner, he can be contacted at: Timothy.Roberts@cbh.com.au

The proposed development is part of CBH Corrigin Expansion project, which involved the installation of new storage facilities completed in October 2025 through the construction of additional infrastructure.

In addition to the information listed in the Development Application Checklist, we provide the following project-specific information.

1.0 Site layout plan 511-ENG-CI-DGA-1000_A showing information requested to the Development Application Checklist. In addition to this information, we note

- Proposed location of PV Array location marked does not have any effect on existing buildings on the property.
- The property is currently being used by Co-Operative Bulk Handling as a grain sampling point, with the existing buildings being 2 * Grain Sampling laboratories, 2 * manned weighbridge huts, and 2 * amenity buildings.
- The proposed solar infrastructure addition will operate as behind-the-meter (BTM) system, reducing electricity consumption from the grid and lowering operational emissions.
- The proposed solar infrastructure will be located at CBH Corrigin site south side.
- The solar PV system will reduce the costs of power at the new portion of the site by reducing power draw from the grid, while earning Large Generation Credits LGCs).
- There is no proposed change to the natural ground levels.
- Property boundaries and lot dimensions shown.
- There are no proposed changes to access points from public roads, or to the access on the property. Proposed solar

infrastructure is well inside the property, with no public access. There is no expectation of additional traffic or pressure on public facilities as a result of this development.

- Existing vegetation in the area shown on drawing 511-ENG-CI-DGA-0010, clearing not required in this location.
- No Changes proposed to the traffic flow on the property to occur from the introduction of new infrastructure.
- No demolition proposed.

2.0 Daylight Reflectance Report OTM2410030 confirms the following:

- Total daylight reflectance = 0.020 (2.0%)
- Diffuse daylight reflectance = 0.010 (1.0%)
- Specular daylight reflectance = 0.010 (1.0%)

There will be minimal requirements for laydown or storage during these works, and delivery requirements will not differ to what is expected as part of ordinary operations of the property. There will be no additional upgrades required of any roadways or access to facilitate the development.

No changes to the grain storage facilities will occur and there no changes to the purpose of this infrastructure as a result of this development.

No additional landscaping is proposed for the development.

There is no proposed additional signage at the front of the property or visible from public viewpoints. Minor signage identifying the purpose of the infrastructure and parking instructions will be in place.

Construction waste will be minimal and generated waste will be disposed at the waste and recycling centre.

The construction proposed on the land involves minor earthworks, installation of concrete piers for solar terraces, electrical trenching, and stormwater trenching.

Machinery and equipment that will be used in this include

- Small tool trucks
- 5t Excavator
- Skid Steer
- Forklift/ Telehandler
- Crane for the offloading of buildings
- HIAB trucks for transport and offloading of construction materials
- Small transportable concreting and construction tools.

The goods stored on the land will not change, with the site to remain a designated sampling facility for Co-Operative Bulk Handling.

A dust management plan will be in place for the life of the project. During earthworks, dust will be managed using water trucks if required.

Traffic generation as a result of the development is not expected to be significant. The small scope of work will be staffed by a team of maximum 6 workers at any time.

During the scheduled construction program, the below vehicles will be accessing the site, this program is expected to run for 5 weeks.

Specialist Studies

- As the infrastructure has little effect on the existing nature of the property there will be no change to the traffic, or urban design aspect of the property.
- There is no land clearing or movement of trees proposed for environmental consideration.
- The proposed location of the infrastructure is not a bushfire prone location as shown in attachment D.
- No additional working hours will be supported by the addition of the proposed PV Array.
- The location of the infrastructure will not affect existing traffic flow.
- Stormwater will be managed as per details show on Drawing 511-ENG-DGA-1001_A
- Noise Management Plan has been developed for use during all earth works and construction activities such as:
All plant equipment and vehicles fitted with appropriate noise suppression equipment to reduce noise levels as far as practicable.
Any contractor involved in earth works or construction will need to demonstrate and have procedures in place to ensure that all equipment is operating in good condition.
Construction will not involve blasting.
Restriction on working hours for construction to between 6.00am to 6:00pm on any day.

Property listed as Remediated for Restricted Use

- Following remediation in 1998, hydrocarbon-impacted soil remained, at depth near the eastern boundary.

Restrictions on Use:

- The land use of the site is restricted to commercial/industrial use, which excludes sensitive uses such as childcare centres, kindergartens, pre-schools and primary schools. The site should not be developed for a more

sensitive use such as recreational open space; residential use or childcare centres without further contamination assessment and/or remediation.

If you have any additional questions in relation to this application, please let us know and we will action as soon as possible.

Regards,

Michael Ellett
Managing Director

Façade & Roof Material Daylight Reflectance Test Report

Report number: OTM2410030

Test method description

<u>Methods</u>	• ASTM E903-20 Standard test method for solar absorptance, reflectance, and transmittance of materials using integrating spheres • ASTM E971-11 Standard practice for calculation of photometric transmittance and reflectance of materials to solar radiation • CIE 130-1998 Practical methods for the measurement of reflectance and transmittance
<u>Instruments</u>	• PerkinElmer Lambda 950 UV/VIS/NIR spectrophotometer, with 150 mm integrating sphere
<u>Environmental conditions</u>	• Temperature: 24 ± 2 °C • Relative humidity: $45 \pm 15\%$
<u>Calculation software</u>	• In-house software (DLR@OTM, V2.0.2) based on ASTM E971-11 (based on ASTM G173 AM1.5 direct normal solar spectrum)
<u>Estimated uncertainties</u>	• Total daylight reflectance: ± 0.006 ($\pm 0.6\%$) • Diffuse daylight reflectance: ± 0.006 ($\pm 0.6\%$) • Specular daylight reflectance: ± 0.003 ($\pm 0.3\%$) • The uncertainties were estimated at a level of confidence of approximately 95%, with a coverage factor $k = 2$
<u>Notes</u>	• The measurements were performed on the cell part (dark blue color) only.

Disclaimer

- The test report shall not be reproduced except in full, without written approval of the laboratory.
- The sampling was not performed by the laboratory. The test results relate only to the sample received and tested.
- The sample description information was declared by the client and it may affect the validity of the results.
- The test report is issued subject to the “Testing Service Terms and Conditions” annexed to OTM official quotation and on request from OTM.

1. Introduction

1.1. The Project

CBH are currently undertaking planning for a proposed expansion to their Corrigin grain receival site which requires converting the existing unsealed emergency bulkheads to permanent and installing fixed in loading equipment.

The expansion includes consideration of the following proposed upgrades:

- Conversion of the existing emergency specification bulkheads, OBH 06-09 to permanent standard.
- Installation of a 2 x new CLS and Auger Pit.
- Installation of new weighbridge.
- New staff amenities.
- Replacement of existing Sample Platform with a new twin spear Type 11 Sample Platform.
- Possible existing weighbridge length increase (outside of scope).
- Modifications to existing drainage infrastructure and access roads.
- Replacement of existing OBH 05 frames with 1.8m high frames.

Figure 1 shows the existing site.

Refer to **Appendix A – CBH Concept Design** for full details of the proposal.

Shawmac have been commissioned by CBH to prepare the amended IFC designs for the works including drainage.

Figure 1: Existing Site

1.2. Purpose

The purpose of this report is to outline and quantify the proposed stormwater management measures to be adopted in support of the proposed works.

This report should be read conjunction with the design drawings.

2. Existing Situation

2.1. Site Characteristics

The majority of the proposed scope area within the CBH site is currently occupied by unsealed emergency bulkheads; TBH 06, 07, 08 and 09. The proposed upgrade of the bulkheads also extends further to the west and south within existing uncleared land that consists of some scatters trees and grass and low shrubs.

There is an existing shallow low spot in the south east corner of the site that would capture very minor events of the south east site catchment before overtopping into the existing Corrigin South Road reserve.

There is an existing swale/basin in the north west corner of the site that takes stormwater runoff from the north portion of the existing site.

The existing undisturbed south west portion of the site, and part of the central developed south portion of the site, freely drains to the west and out of the site boundary.

Refer **Figure 2** for existing site characteristics.

Figure 2: Existing Site Characteristics

2.2. Geotechnical

The Geological Survey of Western Australia 1:250,000 Geological Series of maps sheet for Corrigin (Sheet No. SI 50- 03) indicates that the site is generally underlain by the following units:

- Anp: Granofels derived from foliated seriate and porphyritic adamellite; and
- Czl: Laterite – limonite cemented, nodular and massive duricrust overlying deeply weathered bedrock.

Colluvium and minor alluvium, described as “silt, sand and gravel derived from underlying and adjacent laterite and bedrock” is also indicated in the vicinity of the site.

CBH commissioned WSP to undertake a geotechnical investigation on the site to support the expansion works.

WSP described the site soils as typically consisting of:

- **TOPSOIL: Silty SAND/Sandy SILT (SM/ML):** not encountered at all test locations, fine to coarse grained sand, brown to dark brown, non-plastic fines, occasionally trace to with fine to coarse grained gravel, trace rootlets, weakly cemented in parts, dry of plastic limit, friable to firm, extending to depths of between about 0.05 m and 0.3 m, overlying;
- **ALLUVIAL SOIL: Silty SAND/Clayey SAND/Sandy CLAY/Sandy GRAVEL/Sandy Clayey GRAVEL (SM/SC/CL-CI/GP/GC);** not encountered at all test locations, fine to coarse grained sand, non-plastic to high plasticity fines, brown to orange-brown, red and grey, sub-angular to angular gravel, dry of plastic limit, firm to hard/medium dense to very dense, extending to depths ranging from about 0.8 m (refusal depth) to the maximum depth investigated of 2.2 m.

Exceptions to the above generalised profile were encountered at the following locations:

- Residual soil derived from the underlying weathered granitic rock was encountered at some locations to the maximum depth investigated of 3.8 m during the Golder (2021) investigation. Refer to Appendix A for further details.
- Granite causing relatively shallow refusal to the backhoe was encountered in some areas. Granite outcrops were also observed across the site.
- Test Pits GTP06 and GPT07, which encountered Clayey SAND (SC); fine to medium grained, orange and dark brown, low plasticity clay, dry, very dense, extending depths of between about 0.6 m and 1.0 m, refusing on inferred GRANITE.
- Test Pit GTP14 which encountered Sandy GRAVEL (GP); fine to coarse grained, sub-angular, orange brown, fine to coarse grained sand, trace granitic cobbles up to 90 mm diameter, dry, very dense, extending the depth of about 1.1 m.

The depth to rock varied significantly across the site, even over relatively short distances. It is noted that test pits conducted in close proximity to each other sometimes encountered rock at significantly different depths. The

inferred depths to rock within each test pit are provided in the WSP report (CBH Doc #: 511-2922-CI-RPT-0003_R1_IFU).

The pavement profile at the temporary open bulkhead comprises as follow:

- **BASECOURSE: Clayey GRAVEL(GC);** fine to coarse grained sub-rounded to sub-angular gravel, brown to orange-brown, low plasticity clay, with fine to medium grained sand, dry, very dense, extending from surface level to the depth of about between 0.25 m (refusal depth) and 0.4 m, overlying.
- **SUBGRADE: Clayey SAND (SC)** – encountered at GTP04 only, fine to medium grained sand, orange brown to red, low plasticity clay, trace fine to coarse grained lateritic gravel, dry, very dense, extending to the maximum depth investigated of 0.41 m.

The results of permeability testings returned an infiltration value of <1m/day. The results of the testing indicate the site may be relatively impermeable from a stormwater disposal perspective. Therefore, it is assumed that the basins are impermeable from a stormwater disposal perspective.

Groundwater was not observed during the fieldwork conducted at the site. However, groundwater may perch in other areas, or on the rock encountered at the site, following wet periods.

2.3. Environmental

The majority of the proposed expansion is within already cleared or developed land. The proposed upgrade of the bulkheads also extends further to the west and south within existing uncleared land that consists of some scatters trees and grass and low shrubs that will require clearing.

Other than the required tree clearing, there are no particular environmental concerns.

2.4. Terrain

There is a ridge line running in the south west to north east direction in the south east corner of the site. As a result, the natural terrain predominately falls to the north west and to the east on either side of the ridge line at 3% in both directions.

The CBH site falls from a high of 318m AHD in the south to a low of 304m AHD in the north west and 310m AHD in the east.

Figure 3 shows the natural terrain surrounding the site (2m contours).

Figure 3: Existing Site Contours

2.5. Surface Water Catchments

With respect to the layout of the existing CBH's facilities, proposed works, and drainage infrastructure, the existing site can be divided into four main catchments.

Catchment 1 directs the south eastern corner and free flowing into the existing Corrigin South Road reserve. Once in the road reserve, the stormwater then conveyed under the road to the eastern neighbouring lot via an existing blocked 500-600mm RCP culvert.

Catchment 2 directs the existing undisturbed south west portion of the site, and part of the central developed south portion of the site, to the west and out of the site boundary towards an existing culvert under the railway.

Catchment 3 directs the majority of the existing developed permanent bulkheads in the north to an existing swale/basin that is directed out of the site to the northwest via an existing 375m RCP culvert. The stormwater is then directed to an existing culvert under the railway within existing swales/drains.

Catchment 4 directs a smaller portion of the eastern site to the north to the existing northern CBH site.

Figure 4 shows the existing catchments impacting the site.

Figure 4: Existing Catchments

An XP-STORM model was built to reflect the predevelopment situation of the and the resultant flow rates and volumes estimated are shown in **Table 1**. It is noted that only Catchment 1 and 3 predevelopment flow rates have been estimated as the stormwater management strategy is to direct all flows to/from these catchments.

Table 1: Estimated Predevelopment Discharge

Item	50% AEP (2 year ARI)	20% AEP (5 year ARI)	10% AEP (10 year ARI)	5% AEP (20 year ARI)
Catchment 1	0.15	0.27	0.39	0.54
Catchment 3	0.15	0.17	0.19	0.20

3. Stormwater Management Strategy

3.1. Catchment 1

It is proposed to install a new basin in the south eastern corner to capture and control Catchment 1 prior to discharging out of the site and into the road reserve.

As discussed with and agreed by CBH, and to reduce the impact to the existing public road, the basin has been designed to contain the post 20-year ARI event and to discharge at the maximum 2-year ARI event predevelopment flow rate via a 225mm PVC pipe.

In addition, CBH are proposing to upgrade the existing blocked 500-600mm RCP culvert with a 300mm high by 900mm wide box culvert. The new box culvert has been checked to ensure it can withstand the proposed basin outflow and the existing external/road catchments for the 20 year ARI event.

It is noted that as the existing 500-600mm RCP culvert under the public road is currently blocked, by upgrading the culvert to a free flowing box culvert it would likely result in an increase in discharge volume and possibly velocities downstream into the adjacent lot.

To reduce the impacts to the downstream adjacent lot, and as per **Figure 5**, CBH are proposing to deepen the proposed basin by 1m below the proposed basin outlet culvert invert level to retain 3,800m³ of stormwater before the basin discharges.

Figure 5: Additional Retention Storage

Assuming the basin is completely empty, drainage modelling of the additional 3,9800m³ storage has confirmed the following:

- 1, 2 and 5 year-events are completely contained within the additional 3800m³ and no water is discharged out of the basin.
- The basin outlet culvert will start to discharge at the 10 year / 24 hr event and greater. Durations less than the 24 hour event are retained.
- The basin outlet culvert will start to discharge at the 20 year / 12 hr event and greater. Durations less than the 12 hour event are retained.

As noted, the above assumes the basin is empty. If there is stormwater contained within the basin already, then the basin outlet culvert will discharge at lower storm events / durations. If the 3,800m³ storage is full, then during the 20 year-event the basin will discharge at the maximum 2-year ARI event predevelopment flow rate via a 225mm PVC pipe.

It is recommended that CBH monitor the discharge from the public road culverts and the downstream adjacent lot and undertake any maintenance/rectification that may be required due to the increase in volume.

3.2. Catchment 2 and 3

As directed by CBH, the proposed expansion works within Catchment 2 is to be contained/controlled and directed into Catchment 1. This is to ensure Catchment 2 is directed to a basin and reduces the flow directed to the existing culvert directly to the west.

It is therefore proposed to upgrade the existing swale/basin in the north west corner to contain the post development 20 year ARI event for Catchment 2 and 3. To reduce impact on the downstream drainage network outside of the CBH site boundary, it is proposed to retain the existing 375mm RCP basin outlet culvert. This will ensure that predevelopment flow rates are not exceeded and also to allow the basin to continue to be free draining.

Due to the increase in catchment area, the existing basin size needs to be significantly increased as well as constructing an additional basin around the reticulation area just south of the existing basin. This allows the two basins to operate in combination and contains the post 20 year ARI event while also discharging at the 2 year existing/predevelopment flow rate.

There is a small section of existing access road at the north east corner of the most northern basin that requires upgrading to lift the shoulder/subgrade to ensure minimum freeboard is achieved. It is recommended that the levels in this area are checked prior to upgrading/lifting as there might be discrepancies in the survey that may confirm the levels do not require lifting or that the extent of lifting/upgrading could be greater than what has been currently proposed.

It is noted that although the predevelopment flow rates won't be exceeded; by capturing and directing Catchment 2 to the north and discharging to the north west, the total basin stormwater volume outflow to the north west will be increased due to the increase in total catchment area contributing to the site basin/culvert outflow. It is

recommended that CBH monitor the discharge to the north west and undertake any maintenance/rectification that may be required due to the increase in volume.

3.3. Catchment 4

The existing Catchment 4 directs a smaller portion of the eastern site to the north to the existing northern CBH site. A small portion of the southern extent of this catchment will be cut off by the exit road and will be directed south into Catchment 1. The basin within Catchment 1 has been designed for this additional flow. The remaining northern portion of Catchment 4 will continue be directed to the north to the existing northern CBH site as per the current situation.

3.4. Overall Strategy Summary

In summary, refer to **Figure 6** for new proposed catchment area strategy for the site.

Figure 6: New Catchment Strategy

3.5. Stormwater TS-10A Non-Conformances

3.5.1. Existing Drian – South of OBH 05

Due to the existing road levels/clearance for the OBH 05 south road and the road further south (which is significantly higher), a drain that complies to TS10A could not be implemented for the full length of drain.

To comply with TS10A, an 830mm deep drain with a 1m wide base is required to achieve a 400mm min invert depth to subgrade and a 300mm freeboard to subgrade. However, this results in steep batters along the drain (which would require rock pitching for the full extent) and would also increase the height difference to the southernmost road which may then require a barrier for protection.

CBH have confirmed that a 1:2 batter can be adopted for the OBH 05 south road widening as the batter slope is protected by kerbing and rock protected kerb breaks/spillways. Therefore, a drain has been designed as wide as possible without impacting the batters of the southernmost road to avoid requiring a barrier or additional rock protection.

Due to the constraints, the drain at the upstream end is approximately 600mm deep from shoulder level and batters at 1:2 to the existing drain invert. However, along the drain towards the downstream end, where catchment area and design flows will be higher, the drain size increased to an approximate 900mm deep 500mm wide trapezoidal drain. As a result, the freeboard to subgrade increases from -30mm to 340mm from the upstream to downstream section of the drain. As the full catchment would not contribute to the full length of the drain, the flow would be lower the further upstream and therefore greater freeboard also achieved the further upstream (greater than the -30mm freeboard).

In addition, CBH have confirmed that the pavement along this section of drain is to be cement stabilised to reduce the likelihood of pavement saturation during any short term pooling.

3.6. Design Criteria

The design criteria adopted is in accordance with CBH's Design Specification (TS10A). The key requirements of these specifications are:

- The basins are to be designed for the critical 20-year event. Basins have been designed with an outflow rate not exceeding the 2-year ARI predevelopment flow.
- Adequately protect the site from inundation and flooding from internal upstream catchments and downstream basin.
- The open drains and culverts are to be designed for the 20-year event in accordance with CBH requirements.
- Open drain inverts are to be set at a minimum 0.4m below subgrade level.
- A minimum freeboard level of 300mm to subgrade as per CBH TS10A Design Specification.
- Culvert headwater heights (short term ponding) are to be limited to a maximum 300mm below shoulder.
- A minimum freeboard level of 300mm to subgrade as per CBH TS10A Design Specification for long term ponding (i.e. to basin TWL).
- Culverts may have a minimum cover of 400mm (RCP Class 4).
- Minimum drain and culvert fall of 0.3%.
- Maximum water velocity in open drains of 2m/s (without scour protection).
- Surface water runoff to basins is to be controlled by means of drains, culverts and and/or earth bunds directing the flow towards the inlet of the basins.
- Implement road kerb with stone pitching spillway as erosion control measure, where required.

3.7. Modelling Assumptions

An XPSTORM model was built for the expansion design based on the following assumptions:

- Design rainfalls and temporal patterns are based on ARR 2019.
- Basin infiltration losses (for modelling purposes) – 50mm/day
- Infiltration losses have been assumed as follows:
 - Pervious areas – 15mm initial loss, 0mm continuing loss.
 - Impervious areas (e.g., new/existing pavements) – nil losses (assumed).
- Model outcomes reflect the median event from the hydraulic model.
- Culvert entry/exit loss coefficients are assumed as 0.5/1.0 respectively.
- Mannings 'n' values assumed as follows:
 - Table/open drains – 0.025
 - Concrete culverts – 0.014
- For drainage modelling purposes, it is assumed that the 3,800m³ additional storage in Basin 3 is full prior to the 20 year-event.

3.8. Stormwater Quantity and Model Outcomes

Refer drawing 511-ENG-CI-DDR-0006 and 0007 for general arrangement drawing detailing the drainage design.

Refer to **Figure 7** for drainage labelling.

Table 2 provides a summary of the modelling outcomes for the basin.

Shire of Corrigin
PO Box 221
Corrigin WA 6375

Comment on planning proposal on Lot 20 on Deposited Plan 41206 Corrigin South Road.

Dear Natalie,

This letter serves as a formal submission opposing the above planning proposal at CBH, specifically the installation of solar panels.

The address of the property affected is Corrigin Seed Cleaners, Rendell Street, situated in the light industrial area, of which all businesses will be affected. The plant at Corrigin Seed Cleaners is sensitive to fluctuations in electricity supply. When those fluctuations occur, motors, sensors and other plant can burn out. The company is impacted by financial loss, shutting for extended periods for repairs and replacement of plant. This disruption also affects customers and their contractors when appointments have to be moved at short notice.

The power supply to Corrigin is already poor. Previous power investigations have shown that the power factor is subpar and surges and fluctuations occur, trying to supply the light industrial area.

Solar is well known to increase fluctuations in power supply and reduce the power factor to the existing grid. Single phase solar installations also create imbalances in three phase supply and can damage three phase equipment. The plant at the Seed Cleaners is primarily three phase and at risk of being damaged by this installation.

No power quality investigation has been presented with the planning proposal, or any mitigation to prevent other businesses being impacted by this installation.

The proposal states that the solar panels are being installed next to a dirt road that will be used by road trains to fill the bulkheads. Knowing that effectiveness of solar panels is reduced by up to 60% in dusty conditions, the failure to include a maintenance plan to manage dust accumulation suggests the proposed installation may not function effectively.

There is no objection to the expansion of the CBH site for additional storage, there is only objection to the installation of the solar panels and integration to the existing grid.

Regards,

Saskia Korzonek,
Office Manager, Quairading Seed Cleaners.

Response to Shire of Corrigin: Planning Application Objection to CBH Corrigin Solar Installation

Dear Sir/Madam,

Thank you for your correspondence relating to the planned solar installation at the Corrigin site, CBH is committed to working with our commercial and residential neighbours. We refer to the submission opposing the proposed solar installation at the CBH Corrigin site and wish to address the concerns raised in detail, referencing the technical and regulatory assessments completed for this project.

Technical Response to Objection

Phase Imbalance and System Design

The proposed solar installation will use a three-phase inverter system, not single-phase equipment. This ensures that generation is balanced across all three phases, eliminating the risk of phase imbalance and mitigating any potential adverse impacts on three-phase equipment. The system design adheres to industry standards and best practices for installations of this scale.

Power Quality and Grid Impact

Western Power is the responsible authority for assessing and approving all grid-connected generation systems. Any embedded generation, including the proposed solar installation, must comply with Western Power's technical requirements, including voltage regulation, harmonic limits, and power factor standards.

Modern grid-connected inverters in Australia are required to comply with AS/NZS 4777.2:2020. These inverters feature advanced grid-support functionalities, such as Volt-Watt response, Volt-VAr response, and configurable power factor control. These functionalities enable the system to actively support local voltage stability and power quality, rather than degrade it. Western Power has specifically mandated these settings for the Corrigin project, ensuring regulatory compliance and operational safety.

Export Limit and Network Protection

Western Power has completed a formal network impact assessment and issued Technical Schedules under reference CS059880. The system has been approved as export-limited to a maximum of 6.25 kW, which is less than the export capacity of a typical residential rooftop solar system. With a 103 kWp / 125 kVA installation limited to 6.25 kW export, over 95% of the generated energy will be consumed onsite by CBH. The premise that the installation will inject substantial generation into the local network and affect neighbouring businesses is not supported by the system's approved operating envelope.

Western Power has allocated specific power quality emission limits to the installation, covering flicker, harmonic voltage distortion, and individual harmonic current limits. Compliance with these limits is a binding condition of the connection. Western Power retains the right to investigate any reported power quality issues, and report on any findings. This regulatory mechanism exists specifically to protect neighbouring network users from any adverse power quality effects.

Soiling Losses and Maintenance Regime

The objection's claim regarding soiling losses of up to 60% is inconsistent with industry data. Documented annual soiling losses for rural Australian solar installations typically fall in the 2–5% range, with rainfall providing substantial natural cleaning. Even in extreme dust environments, annual losses are generally 5–15%. Corrigin's annual rainfall (approx. 350 mm, predominantly in winter) provides effective natural cleaning for fixed-tilt panels. A cleaning regime will form part of the standard operations and maintenance plan for the installation, ensuring sustained system performance.

Power Quality Investigation

Western Power has completed formal assessments on power quality and grid impact and issued Technical Schedules (CS059880), which include findings on overload risk, switching risk, energisation risk, and power quality emission allocations. If the Shire wishes to review these findings, CBH is willing to provide access to the schedule or a summary thereof.

CBH's Operational Interest

It is relevant to note that the CBH Corrigin facility is supplied from the same feeder as surrounding businesses, and CBH operates a substantial three-phase plant at the site. CBH has a direct operational interest in maintaining clean, stable supply on the local network and would not implement an installation that risked degrading the supply on which its own critical infrastructure depends.

Summary

- The proposed installation will utilise a three-phase inverter system to maintain phase balance.
- Western Power has assessed, approved, and issued a formal Technical Schedule (CS059880) detailing the network impacts and binding connection conditions.
- The system is limited to only export 6.25 kW, with over 95% of generated energy consumed onsite by CBH.
- Advanced controls are included to maintain power quality and comply with strict regulatory standards.
- Industry-standard maintenance practices, including panel cleaning, will be implemented to ensure performance.
- CBH's operational interest aligns with maintaining a stable and high-quality power supply for the entire local network.

We trust the above addresses the concerns raised and demonstrates that the proposed installation will operate safely and in compliance with all relevant technical, regulatory, and operational requirements. Please let us know if you require any further information or wish to review the formal Western Power Technical Schedule.

Assessor	VP		Date	13/03/2025		
ENQUIRY ASSESSMENT SUMMARY						
CUSTOMER CONNECTION INFORMATION	Project Number:	CS059880				
	Customer Address:	70 Corrigin South Road, Corrigin, 6375				
	Meter Number:	Customer to provide new permanent meter number	NMI:	Customer to provide new NMI		
	SPD Setting (Amps):	380 Amps / 273 kVA as per SP048405				
	Recorded MD (Amps):	New connection				
	Inverter Capacity (kVA):	Existing:	New:	110.00	Aggregate:	110.00
	Main Connection Point:	DX LV				
	Connection Type:	Sole Use Transformer (Contiguous)				
	Metering Arrangement:	☒ CT ☐ Direct ☐ Single master				
ASSESSMENT CONCLUSION	Constraints Identified? ☒ Yes ☐ No (see comment)					
	Assessor Comments - The current enquiry assessment is based on initial current available data, provided information and SP048405. Detailed assessment will take place at application stage. - Customer to use customer name and site address as per electricity bill in all future documents at application stage. Provide electricity bill or retailer welcome letter. - Customer to show complete connection point information with PV protection topology in SLD at application stage. Also, label SPD, CMS and GMS with set point details in SLD and on-site for clear identification and safe operation. Show WP meter in SLD with permanent NMI and meter number at application stage. - Customer to set SPD at 380 Amps to grade it with WP upstream 500 Amps LV HRC fuse as per SP048405. If physically it is not possible to set it at 380 Amps, please set it lower than 380 Amps or apply for supply upgrade. - Customer to make sure that SPD grade with both upstream and downstream protection devices as per WAER – 6.2.5. WP upstream protection is 500 Amps LV HRC fuse. <u>Also, include LV fuse in discrimination report.</u> - Customer design is non-compliant to the TR cl-3.6.7.2(a), please modify design/installation or seek general exemption at application stage if customer installation meets exemption requirements. - Customer to provide overall and close-up SMSB clear photos (with & without escutcheon) highlighting proposed/installed customer control/protection CTs and voltage reference location as it is upstream of the customer/installation main switch (CMS). It is required to verify compliance against WASIR – 11.6.1 & 11.13.7.1 (at application stage). Also, show necessary separation/partition wall (if any) on the SLD as per site, to confirm that customer CTs and voltage reference are downstream of and not co-located within WP CT metering panel/bus-bar pan. <u>FYI – consider this point only if customer CTs and/or VR are upstream of CMS.</u> - Customer to install non-exporting system due to HV network constraints. Please add reverse power protection and/or export control device in the SLD at application stage.					

Disclaimer:

This enquiry response is based on conditions at the time of the assessment. Please note that the above response is valid for the next 12 months due to the dynamic nature of the distribution network. A new enquiry application and assessment will be required if the formal 30-150kVA IES Access Application is not received within the valid period.

Technical Rules Compliance:

It is the responsibility of the applicant to understand the requirements of the Technical Rules and, where an installation is not compliant, request an exemption for that non-compliance. Requests for technical rules exemptions should be received with the customer IEG Access Application. If they are not submitted in a timely manner the assessment of any exemption(s) may delay your Approval to Operate, or it may not be possible for the installation to be granted an Approval to Operate.

TECHNICAL ENQUIRY ASSESSMENT

1. Distribution Network Information

Transformer Name:	70 CORRIGN SOUTH RD	PID:	N9542398	Rating (kVA):	315kVA/3 3kV
Dx Feeder Name:	KDN 603.0 CORRIGIN				
Upstream Protection:	☒ Fuse ☐ Feeder CB/Recloser		10A HV FUSE		

2. New Connection Assessment

CRITERIA	ASSESSOR COMMENTS	ACCEPTABLE?
CONNECTION	As per section 6.1 of the WAER, connection of generation and storage systems to an existing connection or metering arrangement shall be classified as an alteration, as such will be considered as a new connection requiring the connection to be brought up to current standards. Refer to the Assessment Conclusion section for more comments.	☒ Yes ☐ No
HOSTING CAPACITY	Refer to the Assessment Conclusion section for more comments.	☒ Yes ☐ No
LV VOLTAGE RISE	Refer to WI037 Refer to the Assessment Conclusion section for more comments.	☒ Yes ☐ No
DX NETWORK VOLTAGE AND THERMAL CAPACITY	Refer to WI032 Refer to the Assessment Conclusion section for more comments.	☒ Yes ☐ No

2. Feeder load and voltage

Assumptions

1. The external protection relay should comply with the relevant criteria as summarised in Table 3 of the User Guide for small generator connections. The User Guide is available from Western Power's website via the following link: <https://westernpower.com.au/media/2856/guidelines-for-connection-of-generators.pdf>
2. Your proposed connection application is not to be competing with other connection applications for access to the Western Power network.
3. Installed Inverters within the assessed IEG system comply with IEC 62116 and AS4777 standards.
4. The retailer for the generator's connection point must submit an Electricity Transfer Application Form (ETAF) to Western Power. The ETAF must be received before the generator can be approved to operate.
5. Installed revenue meters are bidirectional and adhere to the Metering Code. This meter configuration must be in effect before the generator can be approved to operate. Refer to WADCM 11.16 for guidance.
6. Generation system export limiting, and control functionality may be required for the generation connection to proceed. Export potential will be assessed with notification of a formal agreement with the customers energy retailer and approved by Western Power.
7. All inverters are required to have Volt-Watt and Volt Var capability as documented in the Network Integration Guidelines – Invertor Embedded Generation:

[Manuals, guides & standards - Western Power](#)

1. Background

This document is intended to assist Customers planning to connect small generators to the distribution system of the Western Power South-west Interconnected Network (SWIN) of Western Australia. It addresses planning, protection, operation, certification and approval for commissioning aspects of the proposed embedded generation system.

Schedules of detailed technical information for connection of small generator installations, as well as some explanatory notes are included. Western Power provides these schedules to Customers as part of processing their access application for connection.

Note: these schedules do not form a part of the initial connection application.

The latest Technical Rules document is available from the Economic Regulation Authority internet site: <https://www.erawa.com.au/electricity/electricity-access/western-power-network/technical-rules>

2. Introduction

This document provides the following schedules:

- | | |
|--------------------|--|
| Schedule A: | Specific technical requirements for embedded generators connected to the Western Power distribution system |
| Schedule B: | Operating procedures for embedded generators connected to the Western Power distribution system |
| Schedule C: | Certification and approval for commissioning of a facility with embedded generating units to be connected to the Western Power distribution system |

The completed access application form, completed Schedules A, B and C and required attachments are intended to form part of the connection agreement with Western Power for the embedded generator installation. The documentation provided is derived primarily from the requirements of Technical Rules sections 3.6, 4.0 and 5.0 and Attachments 10 and 12.

Schedules A and B are presented as templates and may require rewording in some aspects for each situation addressed. The forms would initially be completed (in part) by Western Power in response to information received in the application form for distribution connected generators found on the Western Power Internet site:

<https://www.westernpower.com.au/products-services/install-something-new/connect-my-solar-battery-or-electric-vehicle/>

Subsequently the Customer would be required to complete the Schedules A and B with required details. The information specified in **Attachment 10** of the Technical Rules, "Distribution system connected generators up to 10 MW (except inverter connected generators up to 30kVA)", is included in the Western Power application form for distribution connected generators and forms part of connection agreement for distribution connected power stations.

The requirements of **Attachment 12** "Testing and commissioning of small power stations connected to the distribution system" have been incorporated in Schedule C and form part of connection agreement.

3. Certification and Commissioning

3.1 General

The generator system may be energised for limited durations prior to commissioning for the purpose of conducting specific tests that necessitate energisation, provided that all requisite safety precautions and risk mitigation measures are observed.

Prior to connecting the embedded generator facility to the network for testing and commissioning purposes, the Customer shall confirm that the information appearing in Schedule A and that required by Attachment 10 of the Technical Rules (the information in the application form) is correct and up to date.

When all testing and commissioning activities are completed, the generator system shall be de-energised and isolated from the network and remain in this state until Western Power's Approval to Operate is granted.

3.2 Embedded generators larger than 200 kVA

In addition to 2.1.1, embedded generators with an aggregated inverter capacity larger than 200 kVA shall be:

- a) certified by a registered professional engineer, by completing Schedule C Part 1, that the facility complies with the Technical Rules, manufacturer's recommendations and good practice;
- b) ready for testing and commissioning in accordance with the requirements of Attachment 12 of the Technical Rules.

This requirement for certification applies to the initial establishment of the facility and all subsequent modifications.

Western Power approval for commissioning of systems >200kVA is required and is contingent upon the submission of this form to Western Power for approval.

4. Operation

Following commissioning and testing but prior to connecting the facility to the network for normal operation, the Customer shall arrange for a registered professional engineer to certify, by completing Schedule C Part 2, that the facility complies with the Technical Rules, manufacturer's recommendations and good practice and is ready for normal operation.

This requirement applies to the initial establishment of the facility and all subsequent modifications.

Western Power approval for network connection is affected by the signing of this form.

5. Other Approvals

The Customer shall be entirely responsible for obtaining all appropriate and necessary approvals for the facility from all interested authorities including the Independent Market Operator, the Economic Regulation Authority, environmental authorities, occupational health & safety authorities and local councils.

For shared connection services to the Western Power grid the strata company, management body or site owner is responsible for the management of the shared connection service and the electrical system connecting each user to the shared connection service. Before applying to connect embedded generation systems, tenants or owners with a shared connection service shall first seek permission from their strata company, management body or site owner to use a portion of the total shared connection service network capacity in determining the maximum embedded generation system size permitted on each unit, resident, or business.

6. Validity

This document including the network impact assessment of the connection request is only valid for 12 months from the date of assessment / original issue date of this document.

7. Glossary of terms

Term	Meaning
User, Customer and Generator	The meanings defined in the Technical Rules. However, most facilities covered by this document both consume and generate power, so for simplicity the term Customer has been used to cover the User, Customer and Generator roles unless otherwise indicated.
CB (Circuit Breaker)	A switching device capable of breaking load and fault current.
CMS (Customer Main Switch)	Circuit breaker that serves to connect the facility to the network.
CPS (Customer Paralleling Switch)	Circuit breaker between CMSs and GMSs used for synchronised switching.
GMS (Generator Main Switch)	Circuit breaker that connects a facility's generator to the Network via CMSs and CPSs.
NOCC (Network Operation Control Centre)	Control Centre for the Western Power's distribution system.
RTU (Remote Terminal Unit)	A communication unit located at the remote end of a communication channel.

Schedule A: Part 1 - Technical requirements		Requirements for generators connected to the Western Power distribution system				
#	Description/Heading	Units	Technical Rules clauses	Party to complete	Requirement	Comment
A1	General			WP		
A1.1	Name of Customer/Generator	text		WP	CO-OPERATIVE BULK HANDLING LIMITED	CS059880
A1.2	Facility Name	text		WP	Filled by customer	
A1.3	Facility Address	text		WP	70 Corrigin South Road, Corrigin WA 6375	
A1.4	Review period	years	A12.15	WP	3 years, maximum interval

		Volt-watt response	LV Reference	HV Reference		
			V1 = 205V, 100% V2 = 220V, 100% V3 = 250V, 100% V4 = 260V, 20%	V1 = 0.88 pu, 100% V2 = 0.92 pu, 100% V3 = 1.00 pu, 100% V4 = 1.03 pu, 20%		AS4777:2.2020 settings (Table 3.6, Region B) OR

						HV Reference values to be used if measurement taken from the HV point of connection.
		Volt-var response	LV Reference	HV Reference		
			V1 = 205V, 30% (var source) V2 = 220V, 0% V3 = 235V, 0% V4 = 255V, 40% (var sink)	V1 = 0.88 pu, 30% (var source) V2 = 0.92 pu, 0% V3 = 0.98 pu, 0% V4 = 1.03 pu, 40% (var sink)		AS4777:2.2020 settings (Table 3.7, Region B) OR HV Reference values to be used if measurement taken from the HV point of connection.
		Export Limit Control	Applicable for export limited systems. If <i>soft limit</i> is implemented based on the requirements of AS/NZS 4777.1 and AS/NZS 4777.2, the following applies: Trip setting: 105% of approved DSOC (A4.3.1) for 15 second		3.6.10.1(i)	Refer to note 12
		(Insert additional trip settings)	(filled by customer)			Refer note 3 & 5

A:2.7 Export Limit Control Operating Philosophy (inverter based)

Provide a detailed explanation of inverter based export control including

- Inverter is set in accordance with AS4777.1:2024 – 3.4.8 & AS4777.2:2020 – section 6 Yes/No
- Set Point – xxx kW
- all other relevant information regarding export control system
“N/A” if not applicable

A:2.8 Reverse Power Protection Operating Philosophy (if applicable)

Provide a detailed explanation of hard export limit control in this section and include protection relay injection testing results in the commissioning report.

The explanation should cover information such as:

- Fail Safe mechanism (in the event of loss of signal / communication, device malfunction) in accordance with AS4777.1:2024 3.4.5.3 - xxx kW, xxx seconds.
- all other relevant information regarding the reverse power protection system
“N/A” if not applicable or if only soft export limit control is implemented.

A:2.9 Energy Storage Operating Philosophy (if applicable)

Provide a detailed explanation of charging and discharging cycles including control methodology for the energy storage.

If Energy Storage will be operated in grid forming mode, provide the following information:

- How would the inverter ensure it will operate in the correct operating mode in each operating scenario e.g. grid-connected, transition to island, islanded, transition back to the grid?
- How would the inverter achieve the transition and what operating parameters/setpoint/etc... are implemented and used to initiate the transition for each operating mode?
“N/A” if not applicable

A:2.10 Inverter Generation Capacity Limiting Philosophy (if applicable)

Provide a detailed explanation of inverter generation capacity limiting philosophy

- *Include the rated and set values of the inverter capacities:[..... kVA (set value)/ kVA (rated value)].*
- *In the commissioning report, include the serial number of the inverters that are capacity limited.*
- *Include photos/screen shots demonstrating the set inverter capacity values.*
- *All other relevant information regarding generation limit control.*

"N/A" if not applicable

A:2.11 Generator Operating Philosophy (where multiple generators exist)

*The section should include control and operating philosophy of **all generators** in the facility (**proposed and existing**).*

- *Include other generation sources in the facility, explaining if there is any interaction between the other generation sources and the proposed inverter-based system and how the other generation sources will be operated in the facility, including any interlock as applicable.*
- *Ensure applicable wiring information is shown on the SLD and protection wiring diagram.*

"N/A" if not applicable

NOTES:

1. Ensure discrimination is achieved between customer equipment and Western Power upstream equipment protection settings as per WASIR 11.6.4.1 and Technical Rules:
 - For HV connections, CMS (HV Main Switch) to grade with upstream protection
 - For LV connections, SPD to grade with upstream protection
2. Definition of TMS = (Required time to trip) / (Time to trip with TMS = 1.0)
3. List any other protection that trips the circuit breaker in question, e.g.: Transformer Overpressure, Over-temperature, etc.
4. Other events preventing closing may include interlocking, e.g.: CMS Open prevent CPS closing.
5. Insert all items that cause tripping, e.g.: this may include other items not specifically under CMS/CPS/GMS heading such as FSU (Fuse Switch Units)
6. The single line diagram to define where the LV Standby Earth Fault protection is being implemented (where applicable)
7. Protection single line diagram to be submitted with the schedule to assist in review.
8. Included for information only to protection coordination Protection device to be of a type in accordance with Technical Rules clause 3.6.7.2.
9. Where General exemption from Clause 3.6.10.1 and Clause 3.6.10.3 for LV connections up $\leq 200\text{kVA}$ does not apply, the following are available:
 - a. General exemption from Technical Rules subclause 3.6.10.1(g) (NVD protection) for LV connected inverter embedded generation systems $< 1\text{MVA}$. Earth fault protection required for internal faults only. Refer to Technical Rules Conditional Exemption Notification: Protection Requirements (westernpower.com.au). HV connections may apply via Technical Rules Exemption Request (TER).
 - b. General exemption from Technical Rules subclause 3.6.10.1(d) (fail safe) for LV connected inverter embedded generation systems $< 1\text{MVA}$. Refer to Technical Rules Conditional Exemption Notification: Protection Requirements (westernpower.com.au). HV connections may apply via Technical Rules Exemption Request (TER).
10. Setting is not a Western Power minimum protection requirement.
11. Sensitive Earth Fault not applicable to LV connected customers with inverter embedded generation systems.
12. Reverse power protection or export limit control (inverter based) is required for export limited systems. Customer may use either protection relay based or inverter based export control, no duplication or back up is required. Export-limited trip setting: 105% of approved DSOC for 15 seconds.

Schedule B: Part 1 - Operating procedures		Operating procedures for generators connected to the Western Power distribution system
	Description	Technical Rules clause
B1	General details	
B1.1	Name of Customer/Generator: (filled by customer)	
B1.2	Facility Name: (filled by customer) Email: (filled by customer) Telephone (s): (filled by customer) Facility Address: (filled by customer)	5.10.2 3.6.9(d)
B2	Contact Personnel	
B2.1	The Customer shall ensure that a responsible person can be contacted by Western Power at all times for the purpose of performing switching operations and adjusting generator performance. The Customer's contact is: Name: (filled by customer) Title: (filled by customer) 24/7 Contact Number/s: - Business hours: (filled by customer) - After hours: (filled by customer)	5.3.3 5.10.2 5.10.3
B2.2	Western Power's contact: General enquiries: 13 10 87 Emergency & Outages: 13 13 51	5.3.2 5.10.3 5.10.4
B3	Customer Operations:	
B3.1	Title of Customer operating procedure document: (filled by customer)	5.9.1 A12.5
B3.2	Customer protection apparatus: Western Power's protection requirements for this facility are specified in the Technical Rules and Schedule A. Upon request the Customer shall demonstrate the accuracy and operation of the facility's protection apparatus.	3.6.10 5.5.2
B3.3	Operating requirements: The Customer shall operate the facility including the generators and protective apparatus in accordance with good electricity industry practice. The following conditions shall be observed for any equipment associated with the facility's electrical system:	5.9

B3.3.1	Maintenance in good order: The Customer shall ensure that all equipment in the facility is maintained in good order and that all protective apparatus and control equipment is at all times capable of performing its required function	4.1.4, 5.3.3 5.7.1 5.8
B3.3.2	Competent Personnel: The Customer shall ensure that all operating personnel are competent in that they have adequate knowledge and sufficient judgment to take correct action when facing an emergency. All testing and maintenance work is to be carried out by suitably trained and qualified personnel.	5.3.3
B3.3.3	Approval and Notice for Modifications: The Customer shall provide Western Power with full details of any intended modifications to the electrical arrangements shown on the simplified Single Line Diagram stated in Schedule A. Modifications shall not be implemented without Western Power approval. Unless otherwise agreed, the notice period for the implementation of modifications shall be as specified in the Technical Rules (currently 65 business days)	4.2.4
B3.3.4	Service Intervals: The Customer regularly shall service and test for equipment including protective apparatus (as specified in Schedule A) associated with the electrical path between the facility's generators and the Western Power distribution system. The maximum interval shall be 3 years.	4.1.4 A12.15
B3.3.5	Testing of Customer equipment requiring changes to agreed operation: The Customer shall provide Western Power with notice in writing (currently 15 business days) of commissioning, calibration and trip tests on any existing or direct replacement equipment associated with the electrical path between the facility's generators and the network. The Customer shall permit Western Power representatives to witness any such tests that Western Power deems to be relevant to safe and reliable operation of the distribution system.	4.1.5
B3.3.6	Records: The Customer shall maintain logbooks detailing: inspection and operating activities, equipment settings and results of commissioning and periodical tests	5.3.3, 5.8, 5.10.4, 5.11
B3.3.7	Western Power access: The Customer shall at all times permit and enable representatives of Western Power to access Western Power equipment installed within the facility, subject to adequate prior notice. The Customer shall also grant access to Western Power to inspect or test Customer facilities in accordance with the Technical Rules. In the case of an emergency condition, prior notice may not be given.	4.1.1, 4.1.2, 4.1.3, A12.16
B3.4	Power Quality (PQ) performance requirements: The customer shall ensure that the installation complies with the requirement of SA/SNZ TR IEC 61000.3.14 and Technical Rules clause 3.2.1 (b) and (c) regarding flicker and harmonics. If, at any point in time, the network exceeds any limits related to the performance of Western Power obligations, Western Power will investigate at Western Power's cost; if the investigation shows that the issue was due to the embedded generation system at your site, then you must rectify at your cost.	3.2.1(b), 3.2.1(c)

	Western Power will notify you if remedial activity is required and the time by which the remediation is to be completed. (e.g., includes but not limited to harmonics, flicker, voltage and volt-var limits.)	
B3.5	Procedure for restoration on loss of Western Power supply: In the event of loss of supply, the following steps shall be taken: 1. Check whether the loss of supply has been caused by a trip on one of the facility's protection devices or if supply from Western Power has been lost. This may be determined by checking if any of the facility's circuit breakers have tripped and then by checking with NOCC if any Western Power protective devices connecting the facility have tripped. 2. If supply from Western Power has been lost, then check that the <i>CPS / contractor(s) controlled by the central protection relay</i> has opened and isolated the facility's generating equipment from the network.	5.3.2, 5.3.3
B4	Western Power Operations	5.3.1
B4.1	Feeder connections: Normal Supply Feeder: KDN 603.0 CORRIGIN & 33kV Distribution transformer: 70 CORRIGN SOUTH RD & N9542398 <i>"Generators can remain connected and operating in accordance with their respective connection agreement while supplied from a feeder other than its normal supply feeder".</i>	2.5.5.1(b)
B4.2	Feeder protection: All feeder circuit breakers and field reclosers are normally fitted with overcurrent and earth fault protection. Western Power protection devices are not normally fitted with protection to prevent unsynchronised automatic or manual switching.	

Schedule B: Part 2 - Remote control, monitoring and communications

B5	No SCADA system is required for the connection of the facility: (Name of facility, filled by customer)	
B6	Customer responsibilities None	
B7	Western Power responsibilities None	
B8	Metering signals None	

Schedule B: Part 3 – Acceptance of operating procedures

B9	Acceptance	
	The undersigned accept the above operating procedures and conditions including the remote control, monitoring and communications requirements for the facility as stated in Schedule B part 1 and part 2.	
	Print name: _____	
	Signature: _____ Customer's Authorised Representative (use wet or digitally encrypted signature)	_____ Date:
	Signature: _____ Western Power Network Operations Engineer	_____ Date:

Schedule C: Part 1 - Request to Commission

NOTE: *Approval to Commission* is only applicable for generator connections with a total installed generating capacity greater than 200kVA.

Certification & Approval for Commissioning of a Facility with Embedded Generating Units to be connected to the Western Power Distribution System

Name of Customer or Generator: (filled by customer)

Authorised Representative: (filled by customer)

Facility Name: (filled by customer)

Facility Address: (filled by customer)

CERTIFICATION

I, _____, NER Reg. Number (_____)

(name of chartered professional engineer with NER standing)

certify that the facility complies with the Technical Rules, the relevant connection agreement, good engineering practice and relevant standards and are ready for operation. In particular that the following have been verified:

1. The single line diagram approved by the Network Service Provider has been checked and accurately reflects the installed electrical system;
2. All required switches present and operate correctly as per the single line diagram;
3. The specified generation facility is the only source of power that can be operated in parallel with the distribution network;
4. The earthing systems complies with Australian Standards AS3000 and AS2067 and do not rely upon the Network Service Provider's earthing system;
5. Electrical equipment is adequately rated to withstand specified network fault levels;
6. All protection apparatus (that serves a network protection function, including backup function) complies with IEC 60255 and has been correctly installed and tested.
7. Interlocking systems specified in the connection agreement have been correctly installed and tested;
8. The islanding protection operates correctly and disconnects the power station from the network within 2 seconds;
9. Synchronising and auto-changeover equipment has been correctly installed and tested;
10. The delay in reconnection following restoration of normal supply is greater than 1 minute;

11. The protection settings specified in the connection agreement have been approved by the Network Service Provider and are such that satisfactory coordination is achieved with the Network Service Provider's protection systems;
12. Provision has been made to minimise the risk of injury to personnel or damage to equipment that may be caused by an out-of-synchronism fault;
13. Control systems have been implemented to maintain voltage, active power flow and reactive power flow requirements for the connection point as specified in the connection agreement;
14. The facility complies with the quality of supply requirements specified in the Technical Rules
15. Systems or procedures are in place such that the testing, commissioning, and operation requirements specified in the Technical Rules and the connection agreement are adhered to; and
16. Operational settings are as specified.
17. Permanent Signs and Labels are adequately installed on site as required by AS4777.1 and AS3000, and for the safe operation in the emergency events & during maintenance. Also, customer Export Control CTs and Voltage Reference (VR) equipment & cables are labelled clearly and correct.

Subject: CBH Development Application - Community Objection - WP feedback

Hi Jarrad,

Happy Monday, hope you had a lovely weekend.

I'm happy to advise that our Grid Transformation team and subject matter experts in this area have provided the below statement to share with you to re-assure you of the suitability of connecting renewables to the network.

“Modern smart inverters now include functions such as Volt-Var, Volt-Watt, and ride-through capabilities, which help regulate and maintain voltage levels. Western Power has many similar solar PV systems connected, and to date, power quality has not been a concern.”

Hope this assists but do let me know if there are any further queries from your Town Planner.

Have a wonderful week ahead.

Lidia

Item No: FA 1
Subject: Central Agcare Loan
Proponent: N/A
Location: Kirkwood Street
Reporting Officer: Scott McKenzie DCEO
Enabling Legislation: N/A
Council Policy: N/A
File Number: N/A

BACKGROUND

Around 10 years ago the Central Agcare organisation took out two self supporting loans through the Shire to enable the purchase of the office. One was an interest free loan through the Grain Pool of WA for \$20,000 (which has been fully paid) and the other was for \$40,000 from the NAB. This one has not been paid out as yet. We still owe \$8,814.08 and Central Agcare still owe us \$13,410.

They have since written and requested Council to consider allowing them to raise another self supporting loan of \$13,500 to purchase the Catholic School and land. They wish the term to be over a minimum of 15 years, preferably 20 years.

They intend to utilise the premises as an office and consulting rooms for the Rural Financial Counselling Services, Family Counselling Services and the Domestic Violence Action Group. They have also extended an invitation to Councillors to inspect the premises prior to the next shire meeting.

COMMENT

I believe one of the conditions placed on the previous loan was that the land be placed in Councils name until the total loan (or majority) was paid. As Central Agcare is almost totally reliant on Government Grants for survival, it would appear to be very prudent to enforce this condition again.

As Councillors would be aware, Central Agcare have had trouble repaying the current loan, however once we had agreed to extend this repayment to the next 10 years, they have paid their portion.

If Council decides to raise a self supporting loan in the current financial year, we will need to advertise our intention with one months local public notice and the resolution must be by absolute majority as per Section 6.20(2) of the Local Government Act.

OFFICERS RECOMMENDATION

That Council advertises its intention to raise a \$13,500 loan over 15 years on behalf of Central Agcare on the condition that the Catholic School and land be vested in Council until Central Agcare pays the loan in full.

COUNCIL RESOLUTION

(4432) Moved – Crs Price and Doyle

That the recommendation as above be adopted.

CORRIGIN WA 6375

Dear Lorraine

RE: Housing Loan

Thank you for your loan repayment in July of this year, which included the normal repayment for 2005/06 and a catch up payment of \$792.46. I thought now would be an appropriate time to itemise the further payments required from Central Agcare to repay the remainder of the loan.

2006/07	Further catch up payment	\$792.45
	Normal repayment for current year	\$1,563.93
2007/08	Normal repayment for 2007/08	\$1,563.93
2008/09	Normal repayment for 2008/09	\$1,563.93
2009/10	Normal repayment for 2009/10	\$1,563.93

If you have any queries regarding the above please contact the undersigned on 08 9063 2203.

Yours faithfully

Heather Blacklock
Deputy Chief Executive Officer

**DAIP Implementation Plan Progress Report
2025-2026**

Strategy	Task	Timeline	Responsibility	Update/Comment
Outcome 1: People with disability have the same opportunities as other people to access the services of and events organised by the Shire of Corrigin				
Ensure that people with a disability are consulted on their need for services and the accessibility of current services	Develop a feedback mechanism for all future reviews of services and review consultation guidelines in the Shire Community Engagement Policy	Review annually	CEO	This hasn't been fully progressed during the year. Some community consultation has been undertaken through normal activities, however a formal feedback mechanism and review of the Community Engagement Policy has not been completed. This will be carried forward and progressed in 2026–2027.
Monitor Shire services to ensure equitable access and inclusion	1. Conduct systematic reviews of the accessibility of services 2. Rectify identified barriers	Review annually	MOWS, EHO	Improvements have been made to accessibility at the Waste Transfer Station, including upgrades to the waste offloading area with the installation of metal barriers across dumping points and bin tippers at three locations. These upgrades improve safety and accessibility for people of all abilities. Ongoing opportunities to improve access will continue to be considered.
Ensure that events, whether provided or funded, are inclusive and accessible	Ensure all events are planned using the Accessible Events Checklist	Review annually and after events	CRCC	The Accessible Events Checklist is used to guide event planning and is reviewed after events to identify areas for improvement.

Outcome 2: People with a disability have the same opportunities as other people to access buildings and other facilities of the Shire of Corrigin				
Ensure that all buildings and facilities meet the Australian standards for access	1. Identify access barriers to buildings and facilities 2. Prioritise and make submissions to Council to commence work on rectifying identified barriers (rails to all public toilets)	Ongoing	EHO, MOWS, BMO	Public buildings are inspected for compliance with Public Building regulations, and any access issues identified are followed up for compliance. Informal feedback is also gathered from people with disability when they access facilities to understand any barriers. Ongoing improvements will continue to be considered.
Ensure that all new or redevelopment works provide access to people with a disability, where practicable	1. Ensure that the legal requirements for access are met in all plans for new or redeveloped buildings and facilities. 2. Ensure that no development application is signed off without a declaration that it meets the legal requirements for accessibility	Ongoing	EHO, MOWS, BMO	All new public buildings or upgrades requiring development approval, building permits or occupancy approval are required to meet accessibility requirements under the Building Code to ensure access for people with disability.
Ensure that ACROD parking meets the needs of people with a disability in terms of quantity and location	1. Audit existing Shire accessible parking bays and upgrade as necessary 2. Identify and install additional bays if needed	Ongoing	MOWS	Accessible parking bays are inspected, maintained and upgraded as required to ensure they meet community needs.
Encourage local businesses, venues and community organisations the requirements for, and benefits that can flow from provision of accessible venues	1. Provide readily available information on the legal requirements and needs of people with a disability 2. Promote the benefits of providing access to people with a disability	Ongoing	EHO, CEO, CRCC	Information on accessibility requirements and the needs of people with disability is shared with community groups, sporting clubs and businesses as it becomes available. Advice is also provided where required during inspections of facilities, business premises and public buildings.
Ensure disabled facilities and services are clearly indicated and accessible	1. Audit existing signage to accessible facilities and services, including toilets and parking and upgrade as necessary 2. Ongoing upgrade of dual pathways and ramp access leading to accessible services and facilities	Ongoing	EHO, MOWS, BMO	During inspection of facilities, signage to accessible services and facilities is reviewed and upgraded where required to improve visibility and ensure compliance.

**DAIP Implementation Plan Progress Report
2025-2026**

Outcome 3: People with a disability receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it				
Ensure that the community is aware that Shire information is available in alternative formats upon request	1. Ensure that all public documents carry a notation that the document is available in alternative formats 2. Publicise the availability of other formats in the local newsletter and other media	Ongoing	CEO, DCEO, ESO, CRCC	This has not yet been implemented. A standard notation advising that documents are available in alternative formats is not currently included on public documents. This will be considered for implementation in 2026-2027, with promotion to follow once in place.
Improve staff and elected members awareness of accessible information needs and how to provide information in other formats	Train staff and elected members in providing accessible information to the community	Ongoing	CEO, DCEO	This action has not been undertaken during the reporting period. While staff are supported on an ad hoc basis to consider accessible information needs, this has not been formalised. This action has been identified as a priority for 2026-2027 and will be progressed through staff guidance and awareness activities.
Ensure that the Shire of Corrigin website meets contemporary good practice	1. Continually update and improve the Shire website to ensure it provides information regarding the availability of information in alternative formats and instructions on how 2. Ensure documents on the website are easily converted to other formats once accessed	Ongoing	CRCC	The Shire website has been audited for accessibility by an external provider. An initial report has been received, with an improvement roadmap pending. Identified improvements will be implemented once the roadmap is received. Information about alternative formats will also be incorporated as part of this process.

Outcome 4: People with a disability receive the same level and quality of service from the staff of the Shire of Corrigin as other people receive				
Ensure that elected members and Shire employees are aware of access requirements and can provide appropriate resources	Provide disability awareness training to both staff and elected members. Seek assistance from the Disability Division with appropriate training to meet the needs of the organisation.	Ongoing	CEO, DCEO	This has not yet been delivered during the reporting period. Enquiries have been made with training providers, and training is planned to be delivered in 2026-2027.

Outcome 5: People with a disability have the same opportunities as other people to make complaints to the Shire of Corrigin				
Ensure that grievance mechanisms are accessible for people with a disability and are acted upon accordingly	1. Review current grievance mechanisms and implement any improvements 2. Promote accessible complaints mechanisms to the community, such as the web-based forms and smartphone apps	Ongoing	CEO, DCEO, CSO, CRCC	Grievance mechanisms were reviewed during 2025-2026. Promotion of accessible complaint options, including web-based forms, will occur following completion of the website upgrade scheduled for July 2026 to improve access for the community.

Outcome 6: People with a disability have the same opportunities as other people to participate in any public consultation by the Shire of Corrigin				
Ensure that people with a disability are actively consulted about the DAIP and any other community consultation being conducted by the Shire	Consult people with a disability in a range of different consultation mediums, for example interviews, surveys, community organisation meetings	Ongoing	CEO, Councillors, CRCC	Consultation for the Council Plan 2025-2035, DAIP 2025-2030, and Bilbarin Hall site works was undertaken using a range of methods, with consideration given to inclusion and accessibility to support participation from people with disability.
Ensure that people with a disability are aware of and can access other established consultative processes	Continue to ensure all documents that require community consultation are available in alternative formats on request and published on the Shire website	Ongoing	ESO, CRCC	Documents requiring community consultation, including public notices, were published on the Shire website and made available in alternative formats on request to support accessibility.

**DAIP Implementation Plan Progress Report
2025-2026**

Outcome 7: People with a disability have the same opportunities as other people to obtain and maintain employment with the Shire of Corrigin				
Use inclusive recruitment practices	1. Make sure job advertisements are available in accessible formats 2. Include Equal Employment Opportunity statement in the job advert 3. Make sure job interviews are held in an accessible venue	Ongoing	CEO, DCEO, HR	The Shire uses inclusive recruitment practices to support equitable access to employment opportunities. Job advertisements are published electronically and can be provided in alternative formats on request. All advertisements include an Equal Employment Opportunity statement, and interviews are held at an accessible venue, with reasonable adjustments considered where required. Applicants are able to discuss any accessibility requirements as part of the recruitment process.
Improve methods of attracting, recruiting and retaining people with a disability	1. Examine current methods of recruitment 2. Assess current percentage of employees with a disability 3. Ensure that the needs of all members of staff with a disability whether permanent or short term are catered for, eg. Return to work program after illness, age, or physical and mental health needs change 4. Update Human Resource Management processes, for example induction processes to include information for carer/support person	Ongoing	CEO, DCEO, MOWS, HR	The Shire continues to review its recruitment and employment practices to ensure they are inclusive and accessible. Applicants are able to request reasonable adjustments during recruitment. Employees are supported through return to work programs, flexible work arrangements and workplace adjustments where required. Induction includes information on workplace policies and support mechanisms. A voluntary diversity questionnaire is also provided to employees, noting that disclosure is optional and reported data may not reflect the actual number of employees with disability within the workforce.
Remove barriers to employ people with a disability	1. Include disability friendly considerations in all workplaces 2. Where feasible undertake projects to remove identified barriers to employing people with a disability	Ongoing	CEO, DCEO	This hasn't been formally progressed during the year. General workplace practices consider accessibility, but no specific actions have been undertaken to identify or remove barriers to employment. This will be carried forward and progressed in 2026-2027.

Outcome 1: People with a disability have the same opportunities as other people to access the services of and events organised by the Shire of Corrigin.			
Strategy	Task	Timeline	Responsibility
Ensure that people with a disability are consulted on their need for services and the accessibility of current services.	- Develop and implement a simple feedback mechanism for service reviews. - Review consultation guidelines in the Community Engagement Policy to improve accessibility. - Collect and record feedback from people with disability during service delivery and community engagement activities.	Review annually As arises	Chief Executive Officer (CEO)
Monitor Shire services to ensure equitable access and inclusion.	- Undertake annual reviews of the accessibility of key Shire services. - Identify and address any barriers where practical.	Review annually As arises	CEO, Manager of Works and Services (MOWS), Environmental Health Officer (EHO)

Confidentiality Statement:

This report consolidates the outcomes of the CEO Performance and Remuneration Review process and includes performance information previously provided to the Chief Executive Officer.

The report contains confidential information and is provided for the purposes of Council noting the completion of the review process and agreeing outcomes. Individual feedback, comments and scores are not disclosed.

1 Purpose of the Report

This report has been prepared to confirm and formally record the outcomes of the Chief Executive Officer (CEO) Annual Performance and Remuneration Review process.

The report is presented to Council following completion of the review discussions and decisions at a Council workshop and is intended to support Council in formally confirming and giving effect to the outcomes of the review.

2 Legislative and Governance Context

Under section 5.38 of the *Local Government Act 1995*, Council is required to review the performance of the CEO at least once each year, and the review for the relevant period has been completed.

The review was undertaken in accordance with:

- the statutory CEO performance review requirements set out in the *Local Government (Administration) Regulations 1996*, as amended;
- the CEO's employment contract;
- Council's agreed CEO Performance Review process; and
- the current Salaries and Allowances Tribunal (SAT) determination.

3 Overview of the Review Process

The CEO Performance and Remuneration Review was facilitated independently and was informed by confidential, de-identified feedback from Councillors, the CEO's self-assessment, and consideration of relevant organisational evidence.

Feedback was collated to support Council discussion and the development of a consensus view of performance outcomes. Individual feedback, comments and scores were not disclosed.

4 Review Outcomes

This section summarises the outcomes of the CEO Performance and Remuneration Review for the 2025-2026 review period, as considered and agreed by Councillors.

a. Annual Performance Review

A total of 7 of 7 Councillors participated in the review process, representing a response rate of 100%.

The tables and graphs provide a high-level overview of performance. The comments of individual participants are not provided.

Summary of Feedback Ratings	Median	St. Dev	Range
Functions of the CEO	8	0.61	7–9
Strategic Priorities from the Strategic Community Plan	8	1.41	1–9
Overall results	8	1.11	1–9

Overall, the CEO was assessed as having **met the requirements of the role** for the 2025-2026 review period.

Annual Remuneration Review

Having regard to the outcomes of the performance review, the current Salaries and Allowances Tribunal determination, and relevant Western Australian economic indicators, Council confirmed an increase of 5% to Ms Manton's cash component, effective on anniversary date of contract, maintaining the Total Remuneration Package within the SAT-approved range for a CEO in this Council Band.

b. CEO Performance Criteria for the next review period

The CEO Performance Criteria for the 2026-2027 review period are proposed as per **Attachment 1**.

5 Finalisation of Review Outcomes

Councillors considered the CEO Performance and Remuneration Review during a meeting held on 9 June 2026, at which indicative agreement was reached on the outcomes of the review.

This report is presented to Council to formally confirm and give effect to the outcomes of the CEO Performance and Remuneration Review for the 2025 - 2026 review period, as set out below:

- that the review of Ms Manton's performance as CEO has been completed for the 2025 - 2026 review period.
- that the performance outcomes, as summarised in this report, are confirmed.
- that the remuneration outcome for the Chief Executive Officer is confirmed, as outlined in Section 4(b) of this report;
- that the CEO Performance Criteria for the 2026 - 2027 review period are approved, as set out in **Attachment 1**.

1. Key Result Areas from the Position Description		
Key Result Area	Target	Measure/s
