8.1.5 ACCOUNTS FOR PAYMENT – CREDIT CARDS

Applicant:	Shire of Corrigin
Date:	9/02/2021
Reporting Officer:	Kylie Caley, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	FM.0036
Attachment Ref:	Attachment 8.1.5.1 – Accounts for Payment – Credit Cards December 2020 Attachment 8.1.5.2 – Accounts for Payment – Credit Cards January 2021

SUMMARY

This report provides Council with a list of all financial dealings relating to the use of credit card payments for the periods 29 October 2020 to 27 November 2020 and 28 November 2020 to 29 December 2020.

BACKGROUND

This information is provided to Council on a monthly basis in accordance with provisions of the *Local Government Act 1995 and Local Government (Financial Management) Regulations 1996*. A Local Government is to develop procedures for the authorisation of, and payment of, accounts to ensure that there is effective security for, which money or other benefits may be obtained.

Council is presented with the monthly accounts for payment at each Council meeting, providing information of payments made for the reporting period. This report includes the monthly payment of the credit card debit to the National Australia Bank.

COMMENT

Accountability in local government can be multifaceted, as councils seek to achieve diverse social, political and financial goals for the community benefit. The accountability principles of local government are based on strong financial probity, financial propriety, adherence to conflict of interest principles and expectations that local government is fully accountable for community resources.

This report provides Council with detailed information of purchases paid for using the Shire of Corrigin corporate credit cards.

A monthly review of credit card use is independently assessed by the Deputy Chief Executive Officer, to confirm that all expenditure has been incurred, is for the Shire of Corrigin and has been made in accordance with Council policy, procedures and the *Local Government Act 1995* and associated regulations. The review by the Deputy Chief Executive Officer also ensures that misuse of any corporate credit card can be readily detected.

This review has been conducted and no issues are evident and all areas of compliance have been met.

SUMMARY

This report provides Council with the monthly financial reports for the months ending 31 December 2020 and 31 January 2021.

BACKGROUND

Local Government (Financial Management) Regulations 1996, regulation 34 states that a local government must prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget.

Variances between budgeted and actual expenditure including the required material variances (10% with a minimum value of \$10,000) are included in the variance report.

COMMENT

December

Council maintained a solid cash position with \$3.8million in short term investment. There is still approximately \$1.6m of non-operating grant funding to be claimed as capital projects are completed.

Capital projects are still progressing and the cash impact will be seen over the next few months as projects begin to be completed. The grader purchase quotes will be obtained in the next few months and quotes requested for the remaining administration vehicles.

Approximately 86% of the outstanding rates have been collected to date this is a slight increase from 84.87% at the same time last year.

January

Council maintained a solid cash position with \$3.5million still in short term investment. There is still approximately \$1.3million in grant funding to claim.

Approximately 89% of the outstanding rates have been collected to date this is a slight increase from 86.27% at the same time last year.

Further information on the December and January financial position is in the variance report included in the monthly financial reports.

8.2 GOVERNANCE AND COMPLIANCE

8.2.1 PROPOSED LOCAL LAWS - DOGS

Applicant:	Shire of Corrigin
Date:	4/02/2021
Reporting Officer:	Heather Talbot, Governance Projects Officer
Disclosure of Interest:	NIL
File Ref:	LE.0002
Attachment Ref:	Attachment 8.2.1 – Shire of Corrigin Dogs Local Law 2021

SUMMARY

Council is asked to endorse a new Dog Local Law prior to undertaking community consultation.

BACKGROUND

The Shire is in the process of making a new set of local laws following the review of local laws conducted in 2017. Most issues relating to dogs are dealt with under the *Dog Act 1976* and the associated Regulations.

A draft new *Shire of Corrigin Dogs Local Law 2021* is attached. If Council agrees, the draft local law can be advertised for public comment; the results must then be returned to Council for consideration before the local law can be made.

The Shire of Corrigin does not currently have a local law relating to the control of dogs. The Local Law review that was conducted in September 2017 Council resolved to adopt a new local law relating to dogs.

As part of the review the main reason for adopting a local law was to limit the number of dogs to be kept on a premises. This is something that Shire rangers have requested over a numbers years as there is currently no way of limiting the number of dogs permitted up to a maximum of 6 as set out in Section 26 of the *Dog Act 1976* below:

26. **Limitation as to numbers**

- (1) *A local government may, by a local law under this Act —*
 - (a) *limit the number of dogs that have reached 3 months of age that can be kept in or at premises in the local government's district; or*
 - (b) *limit the number of dogs of a breed specified in the local law that can be kept in or at premises in the local government's district.*
- (2) *A local law mentioned in subsection (1) —*
 - (a) *may limit the number of dogs that can be kept in or at premises to 2, 3, 4, 5 or 6 only; and*
 - (b) *cannot prevent the keeping in or at premises of one or 2 dogs that have reached 3 months of age and any pup of either of those dogs under that age; and*
 - (c) *cannot apply to dogs kept at premises that are licensed under section 27 as an approved kennel establishment; and*
 - (d) *cannot apply to dangerous dogs (declared) or dangerous dogs (restricted breed).*

The matters that a local government may now make local laws about are listed in section 51 of the *Dog Act 1976*. For the effective control of dogs in the Shire of Corrigin (based on advice from the contract ranger) it is only necessary to make a local law that deals with dog confinement, limitation on the number of dogs and the requirement to pick up dog excreta.

There are no dog kennels in the Shire, and whilst it is unlikely that any will be established into the future, advice from the Shire Town Planner is that applications for kennel establishments can be controlled under the Local Planning Scheme.

Further advice has been sought from the West Australian Local Government Association (WALGA) and they have recommended that it would be prudent to include all matters contained in the WALGA model local law relating to the impounding of dogs and establishment of kennels. Whilst it is unlikely that there would be a need for a kennel establishment, and we have in place control measures under the Town Planning Scheme, if Council did get an application for a kennel or similar facility they would not have the power to approve it.

The section regarding impounding of dogs:

- Clarifies the power to impose fees and changes under section.6.16 of the *Local Government Act 1995*, as the *Dog Act 1976* does not include any comparable specific power.
- Establishes the CEO's power to determine pound opening times.
- Provides the process / evidence requirements for release of dogs.

Whilst not an area that can be controlled via a local law as part of the Local Law review conducted in 2017 it was also noted that the Shire currently has no areas where dogs are prohibited and where dogs may be exercised off a leash. These areas may be set by Council resolution (absolute majority) and by the giving of required local public notice under section 31(3A) of the *Dog Act 1976*.

COMMENT

As the Shire currently has no Dog Local Law it is suggested that a new local law be adopted. A draft *Shire of Corrigin Dogs Local Law 2021* is attached.

The proposed *Shire of Corrigin Dogs Local Law 2021* is based on the WALGA template Dogs Local Law.

As part of the local law making process the community will be provided opportunity to comment on the proposed local law. These comments must be considered by Council. Where alterations will make a local law significantly different to what was proposed the procedure for making the local law must be recommenced.

The process for adopting local laws is set out in section 3.12 of the *Local Government Act 1995*.

Amongst other things this requires a local government to give local public notice stating that it proposes to make a local law, the purpose and effect of which is stated in the notice for a period of at least six weeks. Copies of the local law are made available to anyone requesting a copy and a copy is also sent to the Minister for Local Government.

Section 3.12 *Local Government Act 1995* states that the person presiding is to give notice to the meeting of the purpose and effect of the proposed local law in the prescribed manner.

The purpose and effect of the proposed *Shire of Corrigin Dog Local Law* is:

Purpose:

To make provisions about the impounding of dogs, to control the number of dogs that can be kept on premises in the district and the manner of keeping those dogs, and to require the removal of dog excreta.

Effect:

To extend the control over dogs which exist under the *Dog Act 1976* and regulations. Once the community consultation phase is completed and feedback from the Minister is received these are to be considered by Council before it proceeds to make the local law.

As dog exercise or prohibited areas have never been made within the Shire of Corrigin now is also an appropriate time to make a formal decision on these areas. To complete this process, Council needs to make a decision by Absolute majority and local public notice is required. There is no requirement to receive feedback, just that notice must be given.

It is suggested that the following areas be declared a prohibited area under section 31(2)(b) of the *Dog Act 1976*:

- The main sports oval, which is the main playing field for cricket and football.
- The oval known as the hockey oval.

It is also suggested that the following areas be declared as a dog exercise area under section 31(3A) of the *Dog Act 1976*:

- The grassed area immediately east of the main sports oval at the recreation grounds (east of the lighting towers).
- The grassed area immediately east of the Shire Administration office known as Apex Park.

STATUTORY ENVIRONMENT

Section 51 of the *Dog Act 1976* provides that a local government may make local laws about dogs using the process set out in section 3.12 of the *Local Government Act 1995*.

51. Local law making powers

A local government may so make local laws —

(a) providing for the registration of dogs;

[(b) deleted]

(c) specifying areas within which it shall be an offence (unless the excreta are removed) for any person liable for the control of a dog to permit that dog to excrete on any street or public place or on any land without the consent of the occupier;

(d) requiring that in specified areas a portion of the premises where a dog is kept must be fenced in a manner capable of confining the dog;

(e) providing for the establishment and maintenance of dog management facilities and other services and facilities necessary or expedient for the purposes of this Act;

(f) providing for the detention, maintenance, care and release or disposal of dogs seized;

(g) as to the destruction of dogs pursuant to the powers hereinbefore conferred;

[(h) deleted]

- (i) *providing for the licensing, regulating, construction, use, and inspection of approved kennel establishments.*

POLICY IMPLICATIONS

New policy to manage Dog Exercise areas and prohibited dog areas.

FINANCIAL IMPLICATIONS

There are costs associated with the drafting, advertising and gazettal of the local law.

8.2.2 APPOINTMENT OF ACTING CEO

Applicant:	Shire of Corrigin
Date:	3/02/2021
Reporting Officer:	Natalie Manton, Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	PERSONNEL
Attachment Ref:	NIL

SUMMARY

Council is requested to appoint an Acting Chief Executive Officer while the CEO takes six days annual leave from 5 -12 March 2021.

BACKGROUND

The CEO plans to take six days of annual leave during March 2021 and an Acting CEO is required to oversee the operations of the Shire of Corrigin during that time.

COMMENT

Ms Kylie Caley, Deputy Chief Executive Officer, has been employed at the Shire of Corrigin for 18 months and is a senior designated officer. Her current knowledge of governance and compliance matters, along with her understanding of the day to day operations of the Shire of Corrigin, mean that she is suitably qualified for the Acting CEO position.

Ms Caley will provide support to the finance, administration and works staff.

Given the short duration of the leave and cost, it was decided that in-house expertise was the most suitable option for Acting CEO.

Recent changes to the Local Government Act require local governments to prepare and adopt a policy regarding the employment or appointment of a person acting in the position of CEO. The existing Shire of Corrigin policy in relation to the appointment of a staff member in the position of Acting CEO has been amended and updated to provide additional detail and guidance.

STATUTORY ENVIRONMENT

s 5.36 and 5.37

5.39C. Policy for temporary employment or appointment of CEO

(1) A local government must prepare and adopt a policy that sets out the process to be followed by the local government in relation to the following —*

(a) the employment of a person in the position of CEO for a term not exceeding 1 year;

(b) the appointment of an employee to act in the position of CEO for a term not exceeding 1 year.

** Absolute majority required.*

(2) A local government may amend the policy.*

** Absolute majority required.*

(3) When preparing the policy or an amendment to the policy, the local government must comply with any prescribed requirements relating to the form or content of a policy under this section.

(4) The CEO must publish an up-to-date version of the policy on the local government's official website.

POLICY IMPLICATIONS

5.23 Appointment of Acting CEO

FINANCIAL IMPLICATIONS

Additional salary cost for Acting CEO while CEO is on leave is included in the annual salaries and wages budget.

OFFICER’S RECOMMENDATION

That Council

1. *Appoint Ms Kylie Caley, Deputy CEO, to the position of Acting CEO for the period 5 to 12 March 2021 while the CEO takes annual leave.*

2. *Amend the policy relating to the appointment of Acting CEO to provide clear direction and guidelines for the appointment of an Acting CEO as detailed in Appendix 1 below.*

5.23 APPOINTMENT OF AN ACTING CHIEF EXECUTIVE OFFICER

Policy Owner:	Governance and Compliance
Person Responsible:	Chief Executive Officer
Date of Approval:	17 October 2017, 20 October 2020
Amended:	February 2021

Objective: To outline the process for the appointment of an Acting Chief Executive Officer to cover periods of leave up to 3 months in duration.

Policy: This policy applies for periods of planned leave such as long service leave, annual or personal leave as well as during periods of unforeseen extended absence of the Chief Executive Officer (CEO) for periods of leave up to 3 months.

1. The Local Government Act WA 1995 requires that a local government is to employ a person to be the CEO of the local government.
2. In accordance with the requirements of the *Local Government Act 1995*, section 5.36(2)(a), the Council has determined that the Deputy Chief Executive Officer (DCEO) is suitably qualified to perform the role of Acting CEO. In the event that the DCEO is unavailable to undertake the role of Acting CEO the Council has determined the most suitably qualified person will be the Governance Project Officer.
3. An application by the CEO for annual, personal or long service or other periods of extended absence is to be approved by the Shire President.
4. During periods of annual, personal and long service leave, or other periods of extended or unplanned absence, it is appropriate for an Acting CEO to perform the duties of the CEO in order to ensure the efficient operation of the shire administration.
5. The DCEO will be appointed to the role of Acting CEO at the discretion of the CEO, subject to officer performance and dependent on availability and operational requirements.
6. Appointment to the role of Acting CEO must be made in writing by the CEO.
7. Appointment to the role of Acting CEO may only be made by the CEO for periods of leave greater than one week and less than three months. A Council resolution is required for periods exceeding three months.

~~1.—Appointment of a person to a designated senior employee position on a temporary or acting basis will be in accordance with *Local Government Act 1995 s 5.39 (1a)*.~~

~~2.—In the event of an unforeseen absence of the CEO then the default Acting CEO will be the Deputy CEO, (and if the Deputy CEO is unavailable the Governance Project Officer) for a period not exceeding ten (10) working days.~~

8.2.3 NATIVE TITLE SETTLEMENT

SUMMARY

Council is requested to provide comment to the Department of Planning, Lands and Heritage regarding the land parcel within the Shire of Corrigin for potential transfer to the Noongar Boodja Trust as part of the South West Native Title Settlement.

BACKGROUND

The State of Western Australia has committed to allocating up to 320,000 hectares of Crown land to the Noongar People to create the Noongar Land Estate, in accordance with the six registered Indigenous Land Use Agreements (ILUA) for the South West Native Title Settlement (the Settlement). The ILUAs were registered at the National Native Title Tribunal on 17 October 2018 and all necessary legal processes have now been concluded. As a result, conclusive registration of the ILUAs and the commencement of the Settlement will occur in early 2021.

The Department of Planning, Lands and Heritage will continue work to meet key ILUA obligations in relation to the establishment of the Noongar Land Estate, in accordance with the Noongar Land Base Strategy (Annexure J to the ILUAs). The Noongar Land Base Strategy involves the identification and assessment of land parcels within the boundaries of the Settlement, for potential transfer to the future Noongar Boodja Trust. Part of the assessment process includes the referral of land parcels to relevant agencies for comment.

The Shire of Corrigin is invited to provide comments on the land parcel below in relation to the following:

- Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
- Does the Shire have any interest in the land?
- Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- Is the land parcel subject to any mandatory connection to services?
- Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

COMMENT

The only property identified in the Shire of Corrigin is Unallocated Crown Land at Lot 600 on Deposited Plan 418935 which is bounded by Walton, Adams, Lynch and Camm Streets in the north-western part of the Corrigin townsite.

The following key points are made in response to the land identified for potential transfer to the Noongar Booja Trust as part of the South West Native Title Settlement:

1. The southern portion of Lot 600 is classified Residential zone with a density coding of R20;
2. The northern portion of Lot 600 is classified Public Open Space, the purpose of which is to create a suitable buffer to the local cemetery located immediately east;
3. There is scope to subdivide the Residential zoned portion of Lot 600 however a suitable Structure Plan will need to be prepared and endorsed by Council and the WA Planning Commission (WAPC) prior to lodgement of any subdivision application. The Structure Plan is required to guide all future subdivision development of the land;
4. If the WAPC approves a subdivision application based on an approved Structure Plan, it will be conditional upon construction of new internal roads and associated stormwater drainage infrastructure and the provision of electricity, reticulated water and reticulated sewerage disposal infrastructure amongst other things as determined by the WAPC;
5. There are no proposals to amend the current Residential zoning or R20 density coding applicable to the land under the Shire’s current Local Planning Scheme No.2 in the short to medium-term futures;
6. The land has been designated by the Fire and Emergency Services Commissioner of WA as being bushfire prone which has significant implications in terms of any future residential subdivision and development thereafter. This issue will need to be considered and addressed during preparation of the required Structure Plan;

7. The existing native vegetation on the land is also highly problematic as any future development for residential purposes will invariably require a significant amount of vegetation clearing works. The Environmental Protection Authority (EPA) and Department of Water and Environmental Regulation (DWER) will therefore require fairly high level flora and fauna investigations and reports in support of any Structure Plan that may be prepared to assess the potential environmental impacts. There is no guarantee that the EPA / DWER will support any proposed clearing works so there is a significant risk associated with any future proposed residential subdivision of the property;
8. Due to the land's close proximity to the existing railway line immediately west, any proposed Structure Plan will also need to consider and account for the guidance and requirements of State Planning Policy 5.4 entitled Road and Rail Noise; and
9. The land does appear to be subject to any flooding or inundation during extreme storm events.

SUMMARY

Council is requested to respond to the Department of Local Government, Sport and Cultural Industries discussion paper on the appointment of local government Child Safety Officers.

BACKGROUND

The Department of Local Government, Sport and Cultural Industries (DLGSC) is implementing reforms from the recommendations of the Royal Commission into Institutional responses to Child Sexual Abuse (the Royal Commission).

The Royal Commission was established to investigate systemic failures by institutions in relation to allegations and incidents of child sexual abuse. The final report contained 409 recommendations aimed at developing effective government regulation, improving institutional governance and increasing community awareness of child sexual abuse in institutions.

In response to the Royal Commission, the State Government is:

- developing a system of independent oversight to improve child safety in organisations
- developing a State policy position on the Royal Commission's recommendation 6.12 specifying that local governments should designate child safety officers from within existing staff profiles.

The development of an independent oversight system comprises the following four areas:

- organisations to report certain types of misconduct by their employees (including contractors and volunteers) involving children (known as reportable conduct) to an independent oversight body.
- organisations engaged in child related work to comply with child safe standards (known as the National Principles for Child Safe Organisations) and their compliance be monitored by an independent oversight body.
- out-of-home care providers be accredited by an independent oversight body.
- youth detention environment to comply with the National Principles and their compliance be monitored by an independent oversight body.

Ombudsman WA has drafted the Parliamentary Commissioners Amendment (Reportable Conduct) Bill 2020. The Bill obliges heads of organisations, including local governments, to notify an independent body of misconduct involving children, known as reportable conduct, by their employees, volunteers and contractors.

The Royal Commission recommended 10 child safe standards to improve child safe cultures and practices across all sectors providing services to children and young people. The

standards have since been incorporated into the National Principles for Child Safe Organisations which were endorsed by the Council of Australian Governments in February 2019. The National Principles provides guidance to organisations to create child safe cultures and practices (Attachment 8.2.5.4). The Department of the Premier and Cabinet (DPC) is leading community consultation about how the legal compliance with the National Principles should be implemented. Organisations undertaking child-related work, such as local governments, are encouraged to provide comment by completing an online survey before 26 February 2021.

Royal Commission Recommendation 6.12 states that local governments should designate child safety officer positions from within existing staff profiles. The Department of Communities and DLGSC have drafted a discussion paper for the WA Local Government sector to better understand and respond to this recommendation (Attachment 8.2.5.1)

The State Government is seeking a formal response to the discussion paper, preferably through council, from local governments by 2 April 2021. Responses will inform the development of the State Government's policy position.

The State Government acknowledges that local governments will have differing levels of understanding of the Royal Commission and child safeguarding reforms.

Further information relating to the Independent Oversight System including how to provide a response is available on wa.gov.au

The following is extracted from the Royal Commission's findings:

Child safety officers are intended to promote child safety within the organisation and support smaller community-based organisations providing services to children to create child safe environments. The role would be expected to support local staff and volunteers to build existing capacity around child safety within their organisations by providing information and assistance.

The Royal Commission's view was that a child safety officer proximate to services and local industries would be especially important in regional and remote areas, given these communities are known to routinely miss out on resources and access to services that are available in urban centres. In regional and remote communities, child safety officers could be a conduit for information.

The Royal Commission's view was that child safety officers should work closely with the independent state oversight body responsible for monitoring and enforcing the National Principles, as they would be well placed to support smaller organisations to understand how they can be child safe.

The intent of the Royal Commission is for local governments to identify where they already have existing staff who could fulfil a role of promoting child safety within the organisation and supporting smaller local organisations to develop capacity in this area. Local governments could create new positions to facilitate implementation of this role where desired and resourcing allows.

Acknowledging the existing investment local governments make to promoting community safety, including child safety, the Royal Commission stated that local governments do not need to provide additional financial

investment into implementing a child safety officer role and suggest that existing community safety positions within local governments could be expanded to align existing responsibility to strengthen child safety.

The following portfolios may have existing roles that could be considered for alignment with child safety responsibilities and it is recognised that significant work is already occurring in these areas within some local governments to promote child safety, as recommended by the Royal Commission:

- *Community safety;*
- *Community and club development;*
- *Governance and risk;*
- *Communications; and*
- *Disability Access and Inclusion.*

It is also recognised that not all local governments have existing community safety positions or have limited capacity to expand the functions of these roles to include child safety. In fulfilling the functions of the child safety officer role, it is recognised that local government staff will need access to appropriate training. Where local governments have limited resources to create child safety officer positions the Royal Commission suggested that state and territory governments may be able to provide assistance.

Other local government resources may also assist in facilitating this function. Community Resource Centres and libraries provide physical access to computers and the internet, and library staff could provide support to access suitable online child safe resources. Community, Club Development and Community Safety Officers may signpost to online resources within newsletters.

It is expected that child safety officers would be supported by relevant agencies, such as Commissioner for Children and Young People (CCYP), the National Office of Child Safety, or in the case of child protection concerns, the Western Australia Police Force or Department of Communities in meeting this function.

While it is not the intention of the Royal Commission for local government child safety officers to be a direct point of contact for community members or staff seeking advice on child protection matters, it would be important for anyone in this role to have appropriate knowledge and understanding of child abuse and neglect, as well as local child safeguarding procedures, in order to provide appropriate information, guidance and signposting. It is important for the local government to consider what support mechanisms are in place, to ensure the wellbeing of child safety officers when dealing with these matters and what specific areas of training would be required to build upon existing skills and knowledge of staff.

Communities within local government areas differ based on social demographics. The needs of supporting children from diverse backgrounds will differ based on the local population.

To implement this function would include:

- *Identifying needs within the local community and key services providing support in meeting these needs.*

- *Working collaboratively with local government staff, responsible for supporting disability inclusion and access and promoting the needs of Aboriginal and culturally diverse children, to provide advice and support to local organisations on implementing child safe approaches that are accessible and inclusive for children with diverse needs.*
- *Linking local institutions with key services, including disability advocacy services, Aboriginal family support services or professional interpreters.*

The Royal Commission noted the fundamental role local governments play in assisting and resourcing communities across Australia, particularly in regional and remote areas, where access to resources and services is often more limited than for their urban counterparts.

The Royal Commission highlighted the important roles local governments play in communities that impact on the safety of children including:

- providing services to children, such as libraries, swimming pools and childcare;
- providing spaces for community activities such as halls, theatres and sports grounds;
- funding or contracting services;
- facilitating community education or outreach programs;
- regulating planning and development approvals, infrastructure and property services; and
- water and food inspection.

The active role local governments take in community development and community safety, particularly roles that impact on child safety, was recognised as an opportunity to integrate their direct responsibilities to children with their wider role within the community.

Recommendation 6.12 of the Royal Commission recommended that, with support from governments at the national, state and territory levels, local governments should designate child safety officer positions from existing staff profiles to carry out the following functions:

- a) developing child safe messages in local government venues, grounds and facilities;
- b) assisting local institutions to access online child safe resources;
- c) providing child safety information and support to local institutions on a need's basis; and
- d) supporting local institutions to work collaboratively with key services to ensure child safe approaches are culturally safe, disability aware and appropriate for children from diverse backgrounds.

COMMENT

The proposal includes new legislation that will mandate the role of employees in providing children's facilities or services to ensure that the potential misconduct and the relevant organisation is reported via its Principal Officer (or Chief Executive Officer) and has appropriate mechanisms in place to encourage and receive reporting.

The requirement for every local government in Australia to mandate a Child Safety Officer, either as a new position dedicated to the role, or an existing employee with designated responsibility, is a suggested approach (by the Royal Commission and State Government) to meet the principles outlined by the Royal Commission.

The recommendation of the Royal Commission whereby local governments do not need to provide additional financial investment into implementing a child safety officer role and suggestion that existing community safety positions within local governments could be expanded is unrealistic for small local governments.

Small rural local governments are under significant pressure to provide a range of services to the community on very limited income. The capacity of local governments to simply absorb the cost of expanding the role of existing staff, or engaging additional staff, to take on the role of Child Safety Officer along with the required training and support is unreasonable.

Where local governments have limited resources to create child safety officer positions the Royal Commission suggests that state and territory governments may be able to provide assistance. The State Government has an existing role in child protection via the Department of Child Protection and is well placed to deal with child safety issues through its network of metropolitan and regional offices located throughout the state.

It is recommended that the Shire of Corrigin respond to the consultation outlining the inability to absorb the costs associated with providing a Child Support Officer function from within existing staff or engaging additional staff.

It is recommended that the Shire of Corrigin respond to the consultation in support of the National Principles for Child Safe Organisations being:

1. Child safety and wellbeing is embedded in organisational leadership, governance and culture.
2. Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.
3. Families and communities are informed and involved in promoting child safety and wellbeing.
4. Equity is upheld and diverse needs respected in policy and practice.
5. People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
6. Processes to respond to complaints and concerns are child focused.
7. Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
8. Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
9. Implementation of the national child safe principles is regularly reviewed and improved.
10. Policies and procedures document how the organisation is safe for children and young people.

Responses to the DLGSC consultation are due to the Department of Communities by close of business on Friday 2 April 2021.

FINANCIAL IMPLICATIONS

The requirement to appoint a Child Safety Officer at every local government in Australia will come at a cost, either by reducing services in another area or adding cost to rates, without appropriate financial and administrative resources from the government agencies who already have this role.

The Department of Child Protection and Police Department are generally responsible for child safety in Western Australia. The recommendations of the Royal Commission effectively move the some elements of responsibility for child safety to local governments without offering any additional funding or resources.

SUMMARY

This item seeks Council endorsement of the proposed projects for the Local Roads and Community Infrastructure Program (LRCIP) Phase 2 grant.

BACKGROUND

In 2020 the Australian Government announced new funding for the Local Roads and Community Infrastructure Program (LRCI Program). The objective of the funding is to support local councils to deliver priority local road and community infrastructure projects, supporting jobs and the resilience of local economies to recover from the COVID-19 pandemic.

Eligible local road projects involve the construction or maintenance of roads managed by local governments. Community infrastructure projects eligible for the funding involve the construction, maintenance and/or improvements to council-owned assets that are generally accessible to the public.

In order to be eligible for consideration for the LRCIP funding projects are required to be in addition to existing work plans for 2020/21 or brought forward from future years. The purpose of the funding is to enable local governments to undertake additional infrastructure projects over and above what was planned to be undertaken using own funds, to stimulate local economy and create employment opportunities.

The previous allocation of funding under the LRCIP Phase 1 was allocated to the Bending Road Project.

COMMENT

Continuing to provide infrastructure to support social wellbeing of the community was identified as a key objective of the Strategic Community Plan 2017-2027.

It is recommended that the LRCIP Phase 2 funding be allocated to a community infrastructure or building project rather than a road project since the road construction team are heavily committed with existing funding, plus additional projects already planned for the 2021/22 and 2022/23 financial years. The capacity to deliver additional road projects and secure contractor services is limited and it is unlikely that a road project could be completed within the required timeframe.

Following previous consultation with Council, contractors and staff, the urgent conservation works on the Corrigin Town Hall and Old Roads Board Building has been selected as the highest priority project. The painting of the exterior of the Town Hall and urgent conservation work on Old Roads Board Building meet the eligibility requirements of the grant funding and are achievable by the December 2021 timeframe as outlined in the grant agreement:

The Shire of Corrigin 10 Year Building Plan includes provision for painting the exterior of the Corrigin Town Hall in the 2021/22 financial year and restumping of the Old Roads Board building in 2022/23 financial year. The funding allocation in the future building plan is likely to be insufficient to complete the urgent conservation works outlined in the 2018 Conservation Management Strategy for the Corrigin Town Hall and Old Road’s Board building.

Allocating the funding to these projects will to ensure the iconic heritage buildings are preserved for future generations.

FINANCIAL IMPLICATIONS

The LRCIP funding of \$344,511 would is in addition to the adopted budget and would require a budget amendment on signing of the grant agreement and confirmation of the timing of the grant payment.

There are no requirements for Council to co-fund the project.

SUMMARY

Council is asked to consider the request from Main Roads WA Heavy Vehicle Services for roads in the Shire of Corrigin to be upgraded to AMMS Level 3 Mass.

BACKGROUND

Main Roads WA Heavy Vehicle Services (HVS) has received a 32.44m Tri Drive A Double Performance Based Standard (PBS) Scheme Vehicle Access Approval application, requesting AMMS Level 3 Mass (23.5t for tri axle groups and 28.5t for quad axle groups). HVS are seeking support for the following roads to be added to the following networks / approved routes:

Road Name	Road Number	Start Point	Start SLK	End Point	End SLK	Access Currently Approved	Support Required
Boyd St	4040147	Rendell St	0.37	Fuel Access	0.50	Tandem Drive 7 & 4.2 Tri Drive 1 & 1.2	PBS 2B Tandem Drive 4.3 Tri Drive 3 & 3.3
Rendell / Surburban St	4040148	Boyd's St	0.00	Corrigin South Rd	0.36	Tandem Drive 7 & 4.2 Tri Drive 1 & 1.2	PBS 2B Tandem Drive 4.3 Tri Drive 3 & 3.3
Corrigin South Rd	4040014	Walton St & Kunjin St	0.00	Rendell/ Surburban St	0.36	Tandem Drive 7 & 7.3 Tri Drive 1 & 1.3	PBS 2B Tri Drive 3 & 3.3
Walton St	4040124	Brookton Hwy	0.00	BP Access	0.16	Tandem Drive 7 & 4.3 Tri Drive 1 & 1.3	PBS 2B Tri Drive 3 & 3.3

The following diagram is an indicative illustration of the proposed vehicle combination.

More information on the specific combinations is available on the Main Roads website below.

COMMENT

Council has a responsibility to ensure that the road network is as safe as possible within the limited resources available. To achieve this, Council has committed to implementing a systematic management regime across the road network that aims to balance optimal maintenance, minimising whole of life costs, user amenity and value for money as well as economic benefits for the shire.

Main Roads have indicated that the PBS scheme offers potential for heavy vehicle operators to achieve higher productivity and improved safety through innovative vehicle designs including:

- Braking capability and vehicle stability is improved with a mandatory requirement in WA for Electronic Braking Systems (EBS) and Rollover Stability Systems (RSS), which is not a requirement on conventional road trains.
- PBS vehicles are often height restricted, which is determined by the PBS assessment which further reduces the rollover risk and improves overall stability.
- PBS vehicles are subject to stringent axle spacing requirements, reducing the impact on the road infrastructure.
- PBS vehicles reduce the number of vehicle movements compared to conventional heavy vehicles which overall reduces congestion and the crash risk exposure.

It is recommended that Council inform Main Roads Heavy Vehicle Services that the application for PBS 2B, Tandem Drive 4.3, Tri Drive 3 and 3.3 access to Boyd Street, Rendell Street, Corrigin South Road and Walton Street is not supported for the following reasons:

- Anticipated damage to road surface from screwing of tyres when turning at corner of intersection roads.
- Poor condition on sections of existing bitumen surface will require significant investment to upgrade road, including stabilisation, to accommodate additional load of up to 116 tonnes.

SUMMARY

Council is requested to the request from Main Roads WA for roads in the Shire of Corrigin to be upgraded to Restricted Access Vehicle Network (RAV) 7 level.

BACKGROUND

Main Roads WA Heavy Vehicle Services (HVS) has notified the Shire of Corrigin that it proposes to upgrade the roads in the Shire of Corrigin that are currently approved for RAV Network 4 to RAV Network 7.

The Shire of Corrigin is requested to provide support as the road owner to upgrade the following sections of road to RAV 7 including any comments relating to road condition, planning conflicts or development issues that may be impacted.

Heavy Vehicle Services (HVS) has received an application to add the following section of roads onto the Restricted Access Vehicle (RAV) Network:

Road No.	Road Name	From Location (SLK)	To Location (SLK)	Current Network	Requested Network	Access Supported (Yes or No)	Traffic Count (AADT)	School Bus Route (Yes or No)

COMMENT

Council has a responsibility to ensure that the road network is as safe as possible within the limited resources available. To achieve this, Council has committed to implementing a systematic management regime across the road network that aims to balance optimal maintenance, minimising whole of life costs, user amenity and value for money.

The recently adopted Road Maintenance Policy provides a strategic approach to road management to assist Council to deliver the highest level of service within budget constraints. Regional roads as identified in Main Roads WA *Roads 2030 Regional Strategies for Significant Local Roads Wheatbelt South Region Routes* are funded through State Government grants, managed and maintained by Council, while the local road network is funded, managed and maintained by Council, with the assistance of Federal Government grants. Without State and Federal Government road grants, the capacity of the Council to maintain the roads within the Shire is significantly diminished.

In October 2019 Council adopted a road hierarchy and associated maintenance and renewal standard for roads in the shire. In the policy roads were defined as follows:

- **Major Roads** - Generally these will be regional and connector roads connecting town sites to other town sites in the region. Strategic freight routes and those identified as being regionally significant as in detailed MRWA’s *Roads 2030 Regional Strategies for Significant Local Roads Wheatbelt South Region Routes/Road*.
- **Limited Local Roads** - Generally unsealed and servicing farms with annual average daily traffic 50 vehicles or less. Considerations such as school bus routes, harvest destinations and other factors will be considered.
- **Feeder Roads and Streets** - Generally are sealed, have an Annual average daily traffic greater than 50 vehicles and acting as connector roads.

The regional and local connector roads are shown on the map below.

In April 2020 resolved not to support future applications for Limited Local Roads, as defined in the Road Hierarchy, Maintenance and Renewal Policy, due to the ongoing cost of upgrades and maintenance.

Details of the criteria used to assess Restricted Access vehicles can be found on the Main Roads [Standard Restricted Access Vehicle Assessment Guidelines](#)

8.3.4 BUDGET AMENDMENT – DISPOSAL OF GRADER

Applicant:	Shire of Corrigin
Date:	10/02/2021
Reporting Officer:	Kylie Caley, Deputy Chief Executive Officer

SUMMARY

Council is asked to consider an amendment to the plant replacement adopted in the 2020/21 Annual Budget to increase reliability of the Shire's fleet.

BACKGROUND

Approval was granted in 2020/21 budget for the Caterpillar 12M grader to be traded as per the 10 year plant replacement program.

COMMENT

Since the budget was adopted, Council has been granted significant additional road funding for the current year and to continue into the near future.

With the extra funding being granted to Council consequently it has increased the pressure on staff and the fleet to deliver more on the road program within tight deadlines. The importance of having reliable machinery over the next few years is imperative as the down time and delays due to breakdowns will heavily impact our ability to deliver on the key performance indicators of the funding.

The 2020/21 budget included a trade in of CR11 Caterpillar 12M grader, however after being advised of the extra road works staff have assessed the reliability of the current fleet against the items budgeted to be traded in this financial year. Consideration was given to using contractors to assist with the delivery of the extra work however as there are several Council's that have been granted the extra funds, Contractors are also under pressure and are stretched with time. The guarantee that they would be able to carry out the work within the deadlines is minimal.

In order to ensure that works will be able to continue with minimal disruption by the Shire's works and services staff it is requested that Council consider amending the budget to dispose of the Volvo G930 rather than retain it for maintenance grading and retain the Caterpillar 12M for flexibility in usage.

The Caterpillar 12M was purchased in 2012 and to date has done 8,128 hours and is in good condition. The 12M has 14ft blades which is consistent with the 2014 Caterpillar 12M Grader (CR26) and proves to have more efficient coverage of the road surface.

The Volvo G930 was purchased in 2009 and to date has done 6,668 hours and is in fair condition. The Volvo has 12ft blades which are not as efficient as the larger blade and are not consistent with the other machine/s.
